PHOTOGRAPHY ON WSMR/UXO BRIEFING ACKNOWLEDGEMENT

PERSONAL PHOTOGRAPHY ON WSMR IS PROHIBITED, except on the main cantonment area of WSMR. Photography is allowed in family housing, the school area, the youth center area, golf course, swimming pool, athletics courts, skate park, bowling alley and other areas open to the general public.

Personal photography is prohibited in all posted RESTRICTED AREAS, this includes all areas north of Hwy 70, (known as the UPRANGE AREA). It also includes areas east of the Cox Range Control Center on both sides of Nike Boulevard to the east reservation boundary, south reservation boundary and US Highway 70.

Personal photography of any missile (while stationary, being transported, or being fired) is STRICTLY PROHIBITED, except for the missile display park located near the Las Cruces gate, adjacent to the WSMR Museum.

Documentary-type photography for projects and programs will be accomplished by the Visual Information Office, Range Operations, Test Center Security and DPTMS.

Persons observed taking pictures in any areas other than those mentioned above are subject to confiscation of the photographic recording media and camera. Prosecution of persons apprehended for illegal photography is possible under the provisions of United States Code, Title 18, Section 795.

I hereby acknowledge that I have been briefed and understand the photography restrictions on White Sands Missile Range.

AND

I have reviewed and understand the Unexploded Ordnance (UXO) video and Policy Letter #23 - Work Force Briefing and Training on the Hazards of Unexploded Ordnance (UXO).

Briefed by: (Not required if training completed on-line)
