(vi) An explanation of any factors relevant to determining if the product or service should be permitted by an applicable exception, exemption, or waiver (if the contractor would like the Government to consider a waiver, and asks for such a waiver);

(vii) Whether alternative products or services are available that would comply with the prohibition;

The inquiry will look at any information in the entity's possession but does not need to include an internal or third-party audit.

(3) The Contractor shall submit a report to the contracting office identified in paragraph (h)(2) of this clause if the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a source was provided to the Government or used during contract performance and is subject to a FASCSA order(s). The following provisions are incorporated into 52.212-1 as an addendum to this solicitation:

E.1 INSTRUCTIONS TO OFFERORS

Note that FAR 12 Acquisition of Commercial Products and Commercial Services simplified procures will be used for evaluation and award.

Quoters shall include a complete electronic copy of their quote with their submission in PDF form; no Word documents will be accepted. The subject line must have the solicitation number that the Quoter is responding to. Quotes must be received at or before the exact time specified in this solicitation. No phone calls of any nature regarding this solicitation will be accepted. There will be no automated email notification of receipt of quotes. Include responses to provisions that require Quoter completion of information, representations, and certifications (other than those collected via the System for Award Management (SAM)). Quotes received without requested documentation will not be considered. Failure to comply with ALL criteria and requested documentation as set forth by the solicitation will result in your quote being rejected and therefore not evaluated.

(b) Assemble the Quote as follows:

(1) Section I SF 1449. The quote shall include a signed copy of the SF 1449 and an acknowledgment or signed copy of all amendments posted to the solicitation.

(2) Section II Price. Quoters shall complete and submit Attachment B located in Section D of the solicitation. All highlighted columns shall be completed. Quoters must also provide pricing for each unit price and extended prices in Section B of the solicitation. No other formats will be accepted.

(3) Section III Technical. Submit a technical description of the items offered in sufficient detail to evaluate compliance with the requirements in the solicitation and the factors contained in the Basis of Award. This may include product literature, or other documents, as necessary. For distributors, an authorized distributor letter must accompany the quote submission.

(4) Section IV Past Performance. Quoters shall provide a narrative describing their specific experience providing standard and custom surgical packs similar to the work required by

this Solicitation. Quoters shall provide up to three (3) contracts performed within the last five years that demonstrate experience in standard and custom surgical packs of similar type, size and complexity, and scope to this requirement and the company's ability to manage, control, and deliver the service. For each referenced contract the Quoter's narrative must clearly state the following information:

a. The legal name of entity with whom the Quoter held the contract;
b. contract number;
c. contract total value;
d. whether the contract was for standard and/or custom surgical packs;
e. a description providing details of the specific tasks the Quoter performed under that contract;
f. the dates during which the Quoter performed the contract;
g. whether the provided reference contract is for supplies provided by the Quoter or provided by a proposed subcontractor of the Quoter's; The quoter should state whether the supplies that were procured under the contract were provided by themselves or by a subcontractor.

j. NOTE: The information requested above is required for the Government to evaluate quotes for the past performance evaluation factor. General statements claiming experience providing contracted standard and custom surgical packs that do not include specific references to prior contract work, or that do not include the information required above may result in a determination that the offeror has no relevant past performance history.

(c) The Quoter agrees to hold prices in its quote firm for a period of one-hundred-fifty (150) calendar days from the date specified for the receipt of quotes.

(d) The System for Award Management (SAM) at https://www.sam.gov is the primary method used to collect information from entities interested in obtaining Federal Government contracts. Quoters are required to have an active Federal Government contracts registration in SAM when they submit an offer or quotation, and at the time of award.

(e) Questions pertaining to this solicitation shall be emailed to Aleshia Hernandez at Aleshia.Hernandez@va.gov by 6/17/26 at 5pm EST. Questions will be answered via an amendment to the solicitation. No telephone inquiries will be considered.

E.2 Evaluation - Commercial Products and Commercial Services

(a) Basis of Award. The Government will award a contract resulting from this solicitation to the responsible quoter whose quotation conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

(1) Factor 1. Technical
(2) Factor 2. Past Performance
(3) Factor 3. Price

(b) Evaluation Approach. The Government will evaluate quotations to determine which meet the requirements of the solicitation and provide the best value to the Government.

(1) Factor 1. Technical. The quotation will be evaluated based on how well the proposed product meets and/or exceeds the Government's requirements. The Government reserves the right to select a quotation that provides benefit to the Government that exceeds the minimum requirements of the solicitation but is not required to do so. Each response must meet the minimum requirements of the solicitation.

Quoters shall detail how the packaging will be designed and packaged in the technical offering of their quotation.

Customization: Vendors shall specify their ability to tailor pack contents to meet the requirements and adapt to changes, i.e., explain how this process will work initially and in future years as changes are needed.

(2) Factor 2. Past Performance. This factor will be utilized to assess the relative risks associated with a quoter's likelihood of success in fulfilling the solicitation's requirements as indicated by the quoter's record of past performance. The government will evaluate the recency and relevancy of each quoter's past performance history. The past performance evaluation may be based on the contracting officer's knowledge of and previous experience with the supplies being acquired, customer surveys, past performance questionnaire replies, the Contractor Performance Assessment Reporting System (CPARS) at http://www.cpars.gov/, or any other reasonable basis. Quoters with no relevant past performance history will not be evaluated favorably or unfavorably under this factor. Recency is past performance

within the last (5) five years; and relevancy is the similarity of previous work to the current requirement in terms of scope, complexity, and magnitude.

(3) Factor 3. Price. This factor will be used to assess price reasonableness. The Government will evaluate the price by adding the total of all line-item prices. The Total Evaluated Price will be that sum.

Options. The Government will evaluate quotes for award purposes by adding the total price for all options to the total price of the base requirement. The Government may determine that a quote is unacceptable if the option prices are significantly unbalanced or if the quoted price for the base requirement or any option exceeds the amount of funding available. Evaluation of options shall not obligate the Government to exercise the option(s).

E.3 52.252-1 SOLICITATION PROVISIONS INCORPORATED BY REFERENCE (FEB 1998)

In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer.
