Block 10, 11, 12, 13: The initial plan that is required within 60 days of ARO will have a date in Block 12 that coincides with first delivery order. In the event an actual surge is requested, an updated plan will be requested via PCO. Upon receipt of executed modification evoking surge from the PCO, the Production Surge Plan shall be prepared IAW DI-MGMT-80969. This Plan shall include a delivery schedule showing the maximum sustainable rate of delivery for items in this contract. This delivery schedule shall provide acceleration by month up, to the maximum sustainable rate of delivery achievable within the Contractor's existing facilities, equipment, and subcontracting structure. With mutual agreement as outlined in this Plan, the contract quantity of supplies or services may be increased, and the delivery schedule may be accelerated. Pricing for these changes will be determined after contract award or through negotiation.
