## 2. Description of the Action Being Approved

**Description** Negotiation and award of a contract through other than full and open competition.

## 3. Description of Supplies/Servies

**This J&A covers the acquisition of the following**

- [x] Spares
- [ ] Repair/Overhaul
- [ ] Modification
- [ ] Management
- [ ] Piece Parts
- [ ] Data Report

**Nomenclature** VALVE,GLOBE

**Quantity** 17

**NSN** 4810 011479987

**Cage Code**

**P/N** 62724

**Unit Price** [redacted]

**Option** N

**Option %**

**Days**

**Estimated Value** [redacted]

**Ship To**

**Period of Performance: Expected Final Delivery Date** 08/03/2026

**Line of Accounting** 97 00 XX XX 4930 NC1A 000 81004 0 050120 7R 000000 8PMH00000000

## 4. Statutory Authority Permitting Other Than Full & Open Competition

**This J&A is based upon the authority of 10 USC 3204(A) (1), only one or a limited number of responsible sources will satisfy agency requirements.**

## 5. Rationale Justifying Use of Cited Authority

**A/RMC** 3

**Acquire, for the second or subsequent time, directly from the actual manufacturer.**

**A/RMSC** R

**The Government does not own the data or the rights to the data needed to purchase / contract repair of this part from additional sources. It has been determined to be uneconomical to buy the data or rights to the data. It is uneconomical to reverse engineer the part. This code is used when the Government did not initially purchase the data and/or rights. If only one source has the rights or data to manufacture/repair this item, A/RMCs 3, 4, or 5 are valid. If two or more sources have the rights or data to manufacture/repair this item, A/RMCs 1 or 2 are valid.**

**This acquisition will be solicited to**

GRISWOLD INDUSTRIES (CAGE 86184). Based on the market research performed by the technical advocate, it is concluded that the only source of repair is GRISWOLD INDUSTRIES (CAGE 86184) because they are currently the only source capable of satisfying this requirement. GRISWOLD INDUSTRIES (CAGE 86184) is the only known source that has/owns the data, and it has been deemed uneconomical to pursue the acquisition of the data because the data and its content are not available. There are no authorized substitutes of this item as this is the only item known to meet performance and compatibility requirements within the higher assembly. Furthermore, there is no data to support an open and full competition. The item has to be tested within the upper assembly and qualify within approved testing specifications procedures, embedded coding procedures, design protocols, and internal QA requirements. NAVSUP-WSS must repair the item from GRISWOLD INDUSTRIES (CAGE 86184).

## 6. Description of Efforts Made To Solicit Offers From as Many Offerors as Practicable

A Request for Information / Sources Sought Notice was entered on the government-wide point of entry on

**A Request for Information / Sources Sought Notice was entered on the government-wide point of entry on**

**and as a result** A Sources Sought was not posted as requirement was not expected to exceed $1,000,000.00 and was solicited utilizing Simplified Procedures under EAF authorization, however the quote received was for a total price of $1,386,696.63 .

**The proposed contract action was synopsized on the government-wide point of entry on**

**and as a result** A Synopsis was not posted as requirement was not expected to exceed $1,000,000.00 and was solicited utilizing Simplified Procedures under EAF authorization, however the quote received was for a total price of $1,386,696.63

**Market research was conducted in accordance with far part 10. The results of the market research conducted (or the reason(s) market research was not conducted) are as follows**

A technical review, which consisted of searching several Government databases including ITIMP, FLIS and ERP, has been completed on this item. Search criteria included Part Number, Design Control Activity, Cage Code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding, recorded approved sourced of supply, historical sources of supply and past contracts. Based on this market research the contracting officer has determined that the only known repair source is GRISWOLD INDUSTRIES (CAGE 86184). If a company other than the one listed believes they have a compatible product, they can submit the item to the Engineering Program Office, to include research and development, drawings and test specifications. The program office may test and evaluate the item at the company's expense, when appropriate. Upon qualification, the approved company will be able to participate in current or future solicitations. ITIMP- Reviewed award history and other potential sources of supply, AMC/AMSC code, part number, CAGE code. ERP- Search criteria included part number, design control activity, Cage code, NSN, Nomenclature, AMC/AMSC, AAC, Criticality Coding which all matched with ITIMP. A review of the databases, in the market research, did not reveal nor identify any known distributors.

**Source Validation Review**

## 7. Determination of Fair And Reasonable Cost

**A price analysis will be conducted using historical pricing, the Producer Price Index (PPI), and learning curve analysis. The offeror(s) may be requested to submit information other than cost or pricing data for determining price reasonableness. Based on the above techniques, the Contracting Officer anticipates the costs to the Government will be fair and reasonable. The buyer will review the purchase history for the NSN and if needed a comparison with similar items. The NSN will not be awarded unless a fair and reasonable determination can be made on pricing.**

## 8. Actions to Remove Barriers to Future Competition

To promote competition, NAVSUP WSS will continue to encourage vendors with the expertise to manufacture/repair the subject item to submit a complete technical data package for review and source approval by the appropriate engineering source approval authority per the (WSS) guidelines. Also, future requirements will be advertised on the government-wide point of entry. For reasons set forth in Paragraph (5 & 6), NAVSUP WSS has no plans at this time to compete future contracts for the subject item covered by this document. If another potential manufacturing source emerges, NAVSUP WSS will assess whether competition for future requirements is feasible. Also, future requirements will be advertised on the government-wide point of entry.

**Previous J&A** No Previous J&A - Previously awarded under the SAT

## 9. Any Other Facts Supporting Other Than Full & Open Competition

N/A

## History
