Addendum to FAR Clause 52.212-2, Evaluation - Commercial Product and Commercial Services

EVALUATION--COMMERCIAL SERVICE (1 Feb 2026)

A. Basis for Contract Award. This is the best value source selection conducted in accordance with Federal Acquisition Regulation (FAR) Contracting by Negotiation, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS), and the Army Federal Acquisition Regulation Supplement (AFARS). Award will be made to a single offeror who is deemed responsible in accordance with the Federal Acquisition Regulation (FAR), whose proposal is conforms to the solicitation requirements, is found responsible, and whose proposal, judged by an overall assessment of the evaluation criteria and other considerations specified in this solicitation, represents the best value and service to the Government. The process does not permit tradeoffs among price and non- price factors (see FAR 15.101-2).

B. Evaluation Criteria. Evaluation criteria consist of factors. The proposals will be evaluated under three (3) evaluation factors: Mission Capability, Past Performance, and Price.

Factor 1 - Price. Will not be scored or rated. Evaluation of price will be performed on quotations that have been evaluated and determined to be Acceptable. Price will not be evaluated on those responses found to be Unacceptable in Factor 2. The Government will determine whether prices are reasonable, complete and balanced. However, unreasonably high, unbalanced, inaccurate or incomplete price proposals may be the grounds for eliminating a proposal from competition.

Factor 2 - Mission Capability Factor. The Mission Capability Factor will receive one of the ratings defined below.

- Rating Description

- Acceptable Proposal meets the requirements of the solicitation.

- Unacceptable Proposal does not meet the requirements of the solicitation.

In order to receive an acceptable rating, the mission capability factor submissions must demonstrate the experience of same or similar magnitude and complexity outlined in the requirement to adequately support the requirement.

Factor 3 - Past Performance. The Past Performance Factor will receive one of the ratings defined below.

- Rating Description

- Acceptable Based on the offerors performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror performance record is unknown.
- Unacceptable Based on the offerors performance record, the Government has no reasonable expectation that the offeror will be able to successfully perform the required effort.

Offerors without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, may not be evaluated favorably or unfavorably on past performance. Therefore, the Offeror shall be determined to have unknown (or "neutral") past performance. In the context of acceptability/unacceptability, a neutral rating shall be considered "acceptable".

Past Performance must be both recent and relevant. To be recent, the effort must be ongoing or must have been performed during the past three (3) years from the date of issuance of this solicitation. To be relevant, the effort must be similar in nature of work, size, and complexity. Offerors must submit Relevant Experience and Past Performance in writing.

(a) Contract line item(s) ____[Contracting Officer insert after negotiations] is/are incrementally funded. For this/these item(s), the sum of $ ____[Contracting Officer insert after negotiations] of the total price is presently available for payment and allotted to this contract. An allotment schedule is set forth in paragraph (j) of this clause.

(b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).

(c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.

(e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling

prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."

(f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.

(g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.

(h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

(i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.

(j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

On execution of contract	$ ____

52.212-2	Evaluation-Commercial Products and Commercial Services. (Deviation)	2026-02		

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

EVALUATION--COMMERCIAL SERVICE (1 Feb 2026)

A. Basis for Contract Award. This is the best value source selection conducted in accordance with Federal Acquisition Regulation (FAR) Contracting by Negotiation, as supplemented by the Defense Federal Acquisition Regulation Supplement (DFARS), and the Army Federal Acquisition Regulation Supplement (AFARS). Award will be made to a single offeror who is deemed responsible in accordance with the Federal Acquisition Regulation (FAR), whose proposal is conforms to the solicitation requirements, is found responsible, and whose proposal, judged by an overall assessment of the evaluation criteria and other considerations specified in this solicitation, represents the best value and service to the Government. The process does not permit tradeoffs among price and non- price factors (see FAR 15.101-2).

B. Evaluation Criteria. Evaluation criteria consist of factors. The proposals will be evaluated under three (3) evaluation factors: Mission Capability, Past Performance, and Price.

Factor 1 - Price. Will not be scored or rated. Evaluation of price will be performed on quotations that have been evaluated and determined to be Acceptable. Price will not be evaluated on those responses found to be Unacceptable in Factor 2. The Government will determine whether prices are reasonable, complete and balanced. However, unreasonably high, unbalanced, inaccurate or incomplete price proposals may be the grounds for eliminating a proposal from competition.

Factor 2 - Mission Capability Factor. The Mission Capability Factor will receive one of the ratings defined below.

- Rating Description

  - o Acceptable Proposal meets the requirements of the solicitation.

  - o Unacceptable Proposal does not meet the requirements of the solicitation.

    - In order to receive an acceptable rating, the mission capability factor submissions must demonstrate the experience in same or similar magnitude and complexity outlined in the requirement to adequately support the requirement.

Factor 3 - Past Performance. The Past Performance Factor will receive one of the ratings defined below.

- Rating Description

  o Acceptable Based on the offerors performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort, or the offeror performance record is unknown.

  o Unacceptable Based on the offerors performance record, the Government has no reasonable expectation that the offeror will be able to successfully perform the required effort.

Offerors without a record of relevant past performance or for whom information on past performance is not available or so sparse that no meaningful past performance rating can be reasonably assigned, may not be evaluated favorably or unfavorably on past performance. Therefore, the Offeror shall be determined to have unknown (or "neutral") past performance. In the context of acceptability/unacceptability, a neutral rating shall be considered "acceptable". Past Performance must be both recent and relevant. To be recent, the effort must be ongoing or must have been performed during the past three (3) years from the date of issuance of this solicitation. To be relevant, the effort must be similar in nature of work, size, and complexity. Offerors must submit Relevant. Experience and Past Performance on the attached sheets (See instructions for submittal).

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding

contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
