This amendment is issued to incorporate the following:

1. Extend Proposal Due Date

2. Provide updated Evaluation Factors for Award; Factor 2 - Experience

3. Incorporate applicable DFARS Provision and DFARS Clause

4. Provide responses to Pre-proposal Inquiries (attached separately)

5. Provide Updated Attachment C - Experience Project Data Sheet (attached separately)

6. Provide Attachment H - JFCN IMF DB RFP (attached separately)

***Please note: Attachment H - JFCN Design-Build Request for Proposal (RFP) is being provided in Phase I in order to provide clarity of the scope and magnitude of the project. PPIs pertaining to the content of the DB RFP will not be received until the initiation of Phase II of the RFP.**

---

1. Extend Proposal Due Date

The proposal due date has been extended from 05 February 2026 **TO** 11 February 2026.

***Please note: No additional PPIs for Phase I will be accepted.**

---

2. Provide Updated Evaluation Factors for Award

Factor 2 - Experience:

(i) Solicitation Submittal Requirements: This Factor contains 3 Subfactors for which the Offeror must provide information; General Construction Experience, Permanent Modular Construction (PMC) Experience, and Design Experience.

Subfactor 2a: General Construction Experience:

Offerors shall submit a minimum of two (2) up to a maximum of five (5) relevant construction projects for this subfactor that best demonstrate

their experience on relevant projects similar in size, scope, and complexity to this RFP.

With the exception of 13 CFR 125.2(g), experience of proposed subcontractors will not be considered. Furthermore, the Offeror's experience as a subcontractor will not be considered.

For purposes of this evaluation, a relevant project is further defined as:

Size: A final construction cost of $50,000,000 or greater.

Scope: New construction of a two-story or greater commercial, industrial, or institutional building.

Complexity: Relevant projects shall **cumulatively** demonstrate construction experience **with all** requirements as shown below:

- Deep Foundations piles
- Structural support slabs
- Structures with excessive soil settlement (weak and compressible soils)

Note: While each project must also meet Size and Scope as defined above, the Offeror's proposal shall, cumulatively, demonstrate experience with **all** of the elements listed under "Complexity". All elements do not have to be included under one project; experience may be demonstrated collectively through all projects submitted meeting size and scope.

For all submitted projects, ensure that the project description clearly provides the final construction cost and addresses how the project meets the scope/complexity requirements.

Projects submitted for the Offeror shall have been at least 90% completed within the **past ten (10) years** from the date of issuance of this RFP. Projects which are not at least 90% completed as of the date of issuance of this RFP will be considered "Not Relevant". Additionally, projects completed prior to ten (10) years from the date of issuance of this RFP will be considered "Not Relevant."

Note: In the Construction & Design Experience Project Data Sheet (Updated Attachment C), if the final date is not achieved, provide % complete under construction completion date in Block 4.

A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery /indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather, offerors shall submit the work performed under a task order as a project. The submission of a multiple award and/or indefinite delivery/indefinite quantity type contract as a whole will be considered Not Relevant.

The attached Construction & Design Experience Project Data Sheet (Attachment C) is MANDATORY and SHALL be used to submit project information. Except as specifically requested, the Government will not consider information submitted in addition to this form nor will the Government consider submissions via any other medium. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed two (2) pages. Information beyond this page limit will not be considered.

Subfactor 2b: Permanent Modular Construction (PMC) Experience:

Offerors shall submit a minimum of two (2) up to a maximum of five (5) relevant construction projects for this subfactor that best demonstrate their experience on relevant projects similar in size, scope, and complexity to this RFP.

Experience of a teaming partner specializing in modular construction may be utilized to demonstrate experience in this subfactor for PMC. With the exception of 13 CFR 125.2(g), other subcontractor experience of proposed subcontractors will not be considered in this subfactor. Furthermore, the Offeror's experience as a subcontractor will not be considered.

For purposes of this evaluation, a relevant project is further defined as:

Size: A final construction cost of $25,000,000 or greater.

Scope/Complexity: New construction of a two-story or greater commercial, industrial, or institutional Permanent Modular Construction (PMC) building.

For all submitted projects, ensure that the project description clearly provides the final construction cost and addresses how the project meets the scope/complexity requirements.

Projects submitted for the Offeror shall have been completed within the **past ten (10) years** from the date of issuance of this RFP. Projects which are not complete as of the date of issuance of this RFP will be considered "Not Relevant". Additionally, projects completed prior to ten (10) years from the date of issuance of this RFP will be considered "Not Relevant."

A project is defined as a construction project performed under a single task order or contract. For multiple award and indefinite delivery /indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather, offerors shall submit the work performed under a task order as a project. The submission of a multiple award and/or indefinite delivery/indefinite quantity type contract as a whole will be considered Not Relevant.

The attached Construction & Design Experience Project Data Sheet (Attachment C) is MANDATORY and SHALL be used to submit project information. Except as specifically requested, the Government will not consider information submitted in addition to this form nor will

the Government consider submissions via any other medium. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed two (2) pages. Information beyond this page limit will not be considered.

Subfactor 2c: Design Experience:

Offerors shall clearly state the Architect-Engineer firm that is proposed to be utilized as the Designer of Record (DOR) for this contract. Provide the full name of the firm, address, UEI number, and CAGE code. The Offeror shall submit a letter of commitment signed by the Architect-Engineer firm that is proposed to be utilized as the Designed of Record (DOR). Failure to provide a DOR letter of commitment will render the proposal **UNACCEPTABLE**.

The Offeror may utilize experience of the identified design subcontractor as the Designer of Record in order to demonstrate design experience under this evaluation factor. The Offer must provide a letter of commitment and an explanation of the meaningful involvement for the design subcontractor.

Offerors shall submit a minimum of two (2) up to a maximum of five (5) relevant design projects performed by the proposed **Design Team** for this subfactor that best demonstrate their experience on relevant projects similar in size, scope, and complexity to this RFP. The proposed Design Team must have functioned as the DOR on all submitted projects.

For purposes of this evaluation, a relevant project is further defined as:

Size: A final construction cost of $50,000,000 or greater.

Scope: New construction of a two-story or greater commercial, industrial, or institutional building.

Complexity: Relevant projects shall **cumulatively** demonstrate design experience **with all** requirements as shown below:

- Deep Foundations piles
- Structural support slabs
- Multi-level Permanent Modular Construction (PMC)
- Structures with excessive soil settlement (weak and compressible soils)

Note: While each project must also meet Size and Scope as defined above, the Offeror's proposal shall, cumulatively, demonstrate experience with **all** of the of the elements listed under "Complexity". All elements do not have to be included under one project; experience may be demonstrated collectively through all projects submitted meeting size and scope.

For all submitted projects, ensure that the project description clearly provides the final construction cost and addresses how the project meets the scope/complexity requirements.

Projects submitted as the Designer of Record is defined as having been at least 90% completed within the past **ten (10) years** from the date of issuance of this RFP. For design-build projects, the design portion of the contract shall have been at least 90% completed within the past ten (10) years of the date of issuance of this RFP. The design completion date shall be clearly stated on the Construction & Design Experience Project Data Sheet (Attachment C). The project will be considered Not Relevant if the design completion date is not clearly provided.

Note: In the Construction & Design Experience Project Data Sheet (Updated Attachment C), if the final date is not achieved, provide % complete under design completion date in Block 4.

A project is defined as a complete design effort performed under a single task order or contract. For multiple award and indefinite delivery /indefinite quantity type contracts, the contract as a whole shall not be submitted as a project; rather, offerors shall submit the work performed under a task order as a project. The submission of a multiple award and/or indefinite delivery/indefinite quantity type contract as a whole will be considered Not Relevant.

The attached Construction & Design Experience Project Data Sheet (Attachment C) is MANDATORY and SHALL be used to submit project information. Except as specifically requested, the Government will not consider information submitted in addition to this form nor will the Government consider submissions via any other medium. Individual blocks on this form may be expanded; however, total length for each project data sheet shall not exceed two (2) pages. Information beyond this page limit will not be considered.

Note for Factor 2:

If the Offeror is a Joint Venture (JV), relevant project experience should be submitted for projects completed by the Joint Venture entity. If the Joint Venture does not have shared experience, projects may be submitted for the Joint Venture members. Offerors are still limited to a total of five (5) projects combined for each element of the factor. Offerors may submit experience where a member of the JV performed as a JV with another entity, but must clearly demonstrate how its work on that project met size, scope, and complexity as defined above. Likewise, Offerors that are not submitting as a JV may submit a project where it performed as a JV with another entity, but must clearly demonstrate how its work on that project met size, scope, and complexity as defined above. Offerors are still limited to a total of five (5) projects combined for each element of the factor.

For a JV, the offeror shall submit the signed JV agreement. For an 8(a) Mentor-Protege Joint Venture, the offeror shall submit the signed U.S. Small Business Administration (SBA) Mentor-Protege approval letter and signed JV agreement.

If an Offeror is utilizing experience information of affiliates/subsidiaries/parent/LLC/LTD member companies (name is not exactly as stated on the SF1442), the proposal shall clearly demonstrate that the affiliate/subsidiary/parent firm will have meaningful involvement and clearly describe

the role that firm will have in the performance of the contract. If meaningful involvement is not demonstrated, experience of the affiliate /subsidiary/parent firm will not be considered.

In accordance with 13 CFR 125.2(g), small business Offerors may utilize the experience of a small business first-tier subcontractor(s) to demonstrate experience under this capability evaluation if the Offeror cannot independently satisfy the experience requirement as defined above. In order to utilize the experience of a small business first-tier subcontractor(s), the offeror must specifically identify the proposed small business first-tier contractor(s) in its capability package in accordance with this notice. The Offeror or, if a small business Offeror, its small business first-tier subcontractor, shall have been the prime contractor on all submitted projects. The Government notes that 13 CFR 125.2(g) is specific to only small business Offerors and named small business first-tier subcontractors. As such, the small business Offeror is not permitted to use the experience of a large business subcontractor or large business corporate affiliate in place of its own if the small business Offeror cannot independently satisfy the experience requirement as defined above.

(ii) Basis of Evaluation:

The basis of evaluation will include the offeror's demonstrated experience and depth of experience in performing relevant general construction, permanent modular construction, and design projects as defined in the solicitation submittal requirements. The assessment of the offeror's relevant experience will be used as a means of evaluating the capability of the offeror to successfully meet the requirements of the RFP. The Government will only review the first five (5) projects for general construction, the first five (5) projects for permanent modular construction and the first five (5) projects for design. Any projects submitted in excess of five (5) for general construction experience, five (5) permanent modular construction experience, and five (5) for design experience will not be considered. An offeror that does not submit a minimum of two (2) relevant projects for each subfactor as defined above will receive a rating of "Unacceptable" and will not be eligible for award.

Relevant projects where the Offeror and the proposed design firm(s) and/or modular constructors have previously worked together may be considered more favorably than those that have not worked together.

Relevant projects that demonstrate design-build experience may be considered more favorably than those that do not have design-build experience.

252.204-7021 Contractor Compliance with the Cybersecurity Maturity Model Certification Level Requirements. (Nov 2025)

CONTRACTOR COMPLIANCE WITH THE CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions*. As used in this clause-

"Controlled unclassified information" means information the Government creates or possesses, or information an entity creates or possesses for or on behalf of the Government, that a law, regulation, or Governmentwide policy requires or permits an agency to handle using safeguarding or dissemination controls (32 CFR 2002.4(h)).

"Current" means-

(1) With regard to Conditional Cybersecurity Maturity Model Certification (CMMC) Status-

(i) Not older than 180 days for Conditional Level 2 (Self) assessments and Conditional Level 2 (certified third-party assessment organization (C3PAO)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Conditional CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance by an affirming official;

(2) With regard to Final CMMC Status-

(i) Not older than 1 year for Final Level 1 (Self), with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.15); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official;

(ii) Not older than 3 years for Final Level 2 (Self) assessments and Final Level 2 (C3PAO) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.16 and 170.17); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(iii) Not older than 3 years for Final Level 3 (DIBCAC) assessments, with-

(A) No changes in compliance with the requirements at 32 CFR part 170 since the Final CMMC Status date (see 32 CFR 170.18); and

(B) A corresponding affirmation of continuous compliance, not older than 1 year, by an affirming official; and

(3) With regard to affirmation of continuous compliance (32 CFR 170.22), not older than 1 year with no changes in compliance with the requirements at 32 CFR part 170.

"Cybersecurity Maturity Model Certification (CMMC) status" means the result of meeting or exceeding the minimum required score for the corresponding assessment. The potential statuses are as follows:

(1) Final Level 1 (Self).

(2) Conditional Level 2 (Self).

(3) Final Level 2 (Self).

(4) Conditional Level 2 (C3PAO).

(5) Final Level 2 (C3PAO).

(6) Conditional Level 3 (DIBCAC).

(7) Final Level 3 (DIBCAC).

"Cybersecurity Maturity Model Certification unique identifier (CMMC UID)" means 10 alpha-numeric characters assigned to each CMMC assessment and reflected in the Supplier Performance Risk System (SPRS) for each contractor information system.

"Federal contract information (FCI)" means information, not intended for public release, that is provided by or generated for the Government under a contract to develop or deliver a product or service to the Government. It does not include information provided by the Government to the public, such as on public websites, or simple transactional information, such as information necessary to process payments.

"Plan of action and milestones" means a document that identifies tasks to be accomplished. It details resources required to accomplish the elements of the plan, any milestones in meeting the tasks, and scheduled completion dates for the milestones, as defined in National Institute of Standards and Technology Special Publication 800-115 (32 CFR 170.21).

(b) *Framework*. The Cybersecurity Maturity Model Certification (CMMC) is a framework for assessing a contractor's compliance with applicable information security protections (see 32 CFR part 170).

(c) *Duplication*. The CMMC assessments will not duplicate efforts from any other comparable DoD assessment, except for rare circumstances when a reassessment may be necessary, for example, when there are indications of issues with cybersecurity and/or compliance with CMMC requirements.

(d) *Requirements*. The Contractor shall-

(1)(i) Have and maintain for the duration of the contract a current CMMC status at the following CMMC level, or higher: ____ *Contracting Officer insert: CMMC Level 1 (Self); CMMC Level 2 (Self); CMMC Level 2 (C3PAO); or CMMC Level 3 (DIBCAC)* for all information systems used in performance of the contract, task order, or delivery order that process, store, or transmit FCI or CUI; and

(ii) Consult 32 CFR 170.23 related to the flowdown of the CMMC requirements, and flow down the correct CMMC level to subcontracts and other contractual instruments;

(2) Only process, store, or transmit FCI or CUI on contractor information systems that have a CMMC status at the CMMC level required in paragraph (d)(1) of this clause, or higher;

(3) Complete on an annual basis, and maintain as current, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required in paragraph (d)(1) of this clause in the Supplier Performance Risk System (SPRS) (*https://piee.eb.mil*) for each CMMC UID applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract;

(4) Ensure all subcontractors and suppliers complete prior to subcontract award, and maintain on an annual basis, an affirmation, by the affirming official (see 32 CFR 170.4), of continuous compliance with the requirements associated with the CMMC level required for the subcontract or other contractual instrument for each of the subcontractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the subcontract; and

(5) If the Contractor has a CMMC Status of Conditional, successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(e) *Reporting*. The Contractor shall-

(1) Submit to the Contracting Officer-

(i) The CMMC UID(s) issued by SPRS for contractor information systems that will process, store, or transmit FCI or CUI during performance of the contract; and

(ii) Any changes in the CMMC UIDs generated in SPRS throughout the life of the contract, task order, or delivery order, if applicable;

(2) Enter into SPRS the results of a current self-assessment for each CMMC UID, not covered by a C3PAO assessment or DIBCAC assessment, applicable to each of the contractor information systems that process, store, or transmit FCI or CUI and that are used in performance of the contract; and

(3) Complete in SPRS on an annual basis and maintain as current an affirmation of continuous compliance by the affirming official (see 32 CFR 170.4) for each self-assessment, C3PAO assessment, or DIBCAC assessment required under the contract in SPRS.

(f) *Subcontracts*. The Contractor shall-

(1) Insert the substance of this clause, including this paragraph (f) and excluding paragraph (e)(1), in subcontracts and other contractual instruments, including those for the acquisition of commercial products or commercial services, excluding commercially available off-the-shelf items, if the subcontract or other contractual instrument will contain a requirement to process, store, or transmit FCI or CUI; and

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

(End of clause)

252.204-7025 Notice of Cybersecurity Maturity Model Certification Level Requirements. (Nov 2025)

NOTICE OF CYBERSECURITY MATURITY MODEL CERTIFICATION LEVEL REQUIREMENTS (NOV 2025)

(a) *Definitions*. As used in this provision, "controlled unclassified information (CUI)," "current," "Cybersecurity Maturity Model Certification (CMMC) status," "Cybersecurity Maturity Model Certification unique identifier (CMMC UID)," "Federal contract information (FCI)", and "plan of action and milestones" have the meaning given in the Defense Federal Acquisition Regulation Supplement 252.204-7021, Contractor Compliance With the Cybersecurity Maturity Model Certification Level Requirements, clause of this solicitation.

(b)(1) *Cybersecurity Maturity Model Certification (CMMC) level*. The CMMC level required by this solicitation is: ***CMMC Level 1 (Self).*** This CMMC level, or higher (see 32 CFR part 170), is required prior to award for each contractor information system that will process, store, or transmit Federal contract information (FCI) or controlled unclassified information (CUI) during performance of the contract.

(2) The Offeror will not be eligible for award of a contract, task order, or delivery order resulting from this solicitation if the Offeror does not have, for each of the contractor information systems that will process, store, or transmit FCI or CUI and that will be used in performance of a contract resulting from this solicitation-

(i) The current CMMC status entered in the Supplier Performance Risk System (SPRS) (*https://piee.eb.mil*) at the CMMC level required by paragraph (b)(1) of this provision; and

(ii) A current affirmation of continuous compliance with the security requirements identified at 32 CFR part 170 in SPRS.

(c) *Plan of action and milestones*. If the Offeror has a CMMC Status of Conditional, the Offeror shall successfully close out a valid plan of action and milestones (32 CFR 170.21) to achieve a CMMC Status of Final.

(d) *CMMC unique identifiers*. The Offeror shall provide, in the proposal, the CMMC unique identifier(s) (CMMC UIDs) issued by SPRS for each contractor information system that will process, store, or transmit FCI or CUI during performance of a contract, task order, or delivery order resulting from this solicitation. The Offeror also shall update the list when new CMMC UIDs are generated in SPRS. The CMMC UIDs are provided in SPRS after the Offeror enters the results of self-assessment(s) for each such information system.
