PERFORMANCE AND PAYMENT BONDS-CONSTRUCTION (APR 2020) (DEVIATION 2020-O0016)

(a) Definitions. As used in this clause-

Original contract price means the award price of the contract; or, for requirements contracts, the price payable for the estimated total quantity; or, for indefinite-quantity contracts, the price payable for the specified minimum quantity. Original contract price does not include the price of any options, except those options exercised at the time of contract award.

(2) Payment bonds (Standard Form 25A, except that no seal is required). The penal amount of payment bonds at the time of contract award shall be 100 percent of the original contract price.

(3) Additional bond protection.

(i) The Government may require additional performance and payment bond protection if the contract price is increased. The increase in protection generally will equal 100 percent of the increase in contract price.

(ii) The Government may secure the additional protection by directing the Contractor to increase the penal amount of the existing bond or to obtain an additional bond.

(c) Furnishing executed bonds. The Contractor shall furnish all executed bonds, including any necessary reinsurance agreements, to the Contracting Officer, within the time period specified in the Bid Guarantee provision of the solicitation, or otherwise specified by the Contracting Officer, but in any event, before starting work.

(d) Surety or other security for bonds. The bonds shall be in the form of firm commitment, supported by corporate sureties whose names appear on the list contained in Treasury

Department Circular 570, individual sureties, or by other acceptable security such as postal money order, certified check, cashier's check, irrevocable letter of credit, or, in accordance with Treasury Department regulations, certain bonds or notes of the United States. Note: Executive Order (EO) 13706, Establishing Paid Sick Leave

for Federal Contractors applies to all contracts subject to the

Davis-Bacon Act for which the contract is awarded (and any

solicitation was issued) on or after January 1, 2017. If this

contract is covered by the EO, the contractor must provide

employees with 1 hour of paid sick leave for every 30 hours

they work, up to 56 hours of paid sick leave each year.

Employees must be permitted to use paid sick leave for their

own illness, injury or other health-related needs, including

preventive care; to assist a family member (or person who is

like family to the employee) who is ill, injured, or has other

health-related needs, including preventive care; or for reasons

resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at https://www.dol.gov/agencies/whd/government-contracts.

Note: Executive Order 13658 generally applies to contracts subject to the Davis-Bacon Act that were awarded on or between January 1, 2015 and January 29, 2022, and that have not been renewed or extended on or after January 30, 2022. Executive Order 13658 does not apply to contracts subject only to the Davis-Bacon Related Acts regardless of when they were awarded. If a contract is subject to Executive Order 13658, the contractor must pay all covered workers at least $13.65 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract from May 11, 2026, through December 31, 2026. The applicable Executive Order minimum wage rate will be adjusted annually. Additional information on contractor requirements and worker protections under Executive Order 13658 is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (iii)).

The body of each wage determination lists the classifications and wage rates that have been found to be prevailing for the type(s) of construction and geographic area covered by the wage determination. The classifications are listed in alphabetical order under rate identifiers indicating whether the particular rate is a union rate (current union negotiated rate), a survey rate, a weighted union average rate, a state adopted rate, or a supplemental classification rate.

Union Rate Identifiers

A four-letter identifier beginning with characters other than SU , UAVG , SA , or SC denotes that a union rate was prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2024. PLUM is an identifier of the union whose collectively bargained rate prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. The date, 07/01/2024 in the example, is the effective date of the most current negotiated rate.

Union prevailing wage rates are updated to reflect all changes over time that are reported to WHD in the rates

in the collective bargaining agreement (CBA) governing the classification.

Union Average Rate Identifiers

The UAVG identifier indicates that no single rate prevailed for those classifications, but that 100% of the data reported for the classifications reflected union rates. EXAMPLE: UAVG-OH-0010 01/01/2024. UAVG indicates that the rate is a weighted union average rate. OH indicates the State of Ohio. The next number, 0010 in the example, is an internal number used in producing the wage determination. The date, 01/01/2024 in the example, indicates the date the wage determination was updated to reflect the most current union average rate.

A UAVG rate will be updated once a year, usually in January, to reflect a weighted average of the current rates in the collective bargaining agreements on which the rate is based.

Survey Rate Identifiers

The SU identifier indicates that either a single non-union rate prevailed (as defined in 29 CFR 1.2) for this classification in the survey or that the rate was derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As a weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SUFL2022-007

6/27/2024. SU indicates the rate is a single non-union prevailing rate or a weighted average of survey data for that classification. FL indicates the State of Florida. 2022 is the year of the survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. The date, 6/27/2024 in the example, indicates the survey completion date for the classifications and rates under that identifier.

SU wage rates typically remain in effect until a new survey is conducted. However, the Wage and Hour Division (WHD) has the discretion to update such rates under 29 CFR 1.6(c)(1).

State Adopted Rate Identifiers

The SA identifier indicates that the classifications and prevailing wage rates set by a state (or local) government were adopted under 29 C.F.R 1.3(g)-(h). Example: SAME2023-007 01/03/2024. SA reflects that the rates are state adopted. ME refers to the State of Maine. 2023 is the year during which the state completed the survey on which the listed classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination.

The date, 01/03/2024 in the example, reflects the date on which the classifications and rates under the SA identifier took effect under state law in the state from which the rates were adopted.

WAGE DETERMINATION APPEALS PROCESS

1) Has there been an initial decision in the matter? This can

be:

a) a survey underlying a wage determination

b) an existing published wage determination

c) an initial WHD letter setting forth a position on

a wage determination matter

d) an initial conformance (additional classification

and rate) determination

On survey related matters, initial contact, including requests

for summaries of surveys, should be directed to the WHD Branch

of Wage Surveys. Requests can be submitted via email to

davisbaconinfo@dol.gov or by mail to:

Branch of Wage Surveys

Wage and Hour Division

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

Regarding any other wage determination matter such as

conformance decisions, requests for initial decisions should be

directed to the WHD Branch of Construction Wage Determinations.

Requests can be submitted via email to BCWD-Office@dol.gov or

by mail to:

Branch of Construction Wage Determinations

Wage and Hour Division

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

2) If an initial decision has been issued, then any interested party (those affected by the action) that disagrees with the decision can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Requests for review and reconsideration can be submitted via email to dba.reconsideration@dol.gov or by mail to:

Wage and Hour Administrator

U.S. Department of Labor

200 Constitution Avenue, N.W.

Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board

Instructions to Offerors - Commercial Products and Services

(a) Instructions:

(1) Quote Submission and Documentation Requirements

- **Submission Deadline:** Submit all quotes to the office specified in this solicitation at or before the exact date and time specified in Block 13 of the Standard Form (SF) 1442.

- **Standard Form 1442:** Submissions must include a completed SF 1442. Offerors must complete Blocks 14, 15, 17, 18, and 20a-c, as well as Block 16 if applicable. If the solicitation is amended after its original posting, offerors must acknowledge all amendments by either completing Block 19 on the SF 1442 or completing Blocks 15A-C on each Standard Form 30 (SF 30).

- **Pricing and Contract Line Item Numbers (CLINs):** Offerors shall submit a Firm-Fixed-Price (FFP) proposal structured by the individual CLINs identified in the solicitation's schedule. Each CLIN must be priced independently, and pricing must not be contingent upon the award of any other CLINs. The Government reserves the right to award any combination of CLINs (including a single CLIN or no CLINs at all) and is under no obligation to award all CLINs listed. Each independent CLIN price must comprehensively include all labor, materials, equipment, and services necessary to perform the work specified in the Statement of Work (SOW) and any corresponding attachments.

- **Provisions and Clauses:** Offerors must complete and return all applicable fill-in provisions and clauses contained within the solicitation.

- **Resource Estimate:** Offerors must submit a comprehensive list of the equipment, materials, and labor disciplines required to accomplish the scope of work outlined in the SOW. While an RSMeans output is an example of a specialized program that can generate this information, its use is not mandatory. Offerors may instead submit a simple list, such as a Microsoft Word document, provided it contains sufficient detail to demonstrate an adequate understanding of the specific means and methods necessary to successfully complete all solicitation requirements.

- **Project Schedule:** Offerors must submit a realistic project schedule demonstrating how the project will be successfully completed. If Block 11 of the SF 1442 indicates that the schedule

is negotiable, the submitted schedule must clearly indicate the offeror's proposed timeline as their official position. This schedule must detail the planned sequence of activities, identify key milestones, and clearly align with the performance objectives in the SOW to ensure completion within the established (or proposed) Period of Performance (PoP).

(2) Submission Method: Quotes must be submitted electronically via email to 136.AW.MSC@us.af.mil. Submissions must be received by the Government at or before the exact date and time specified in the solicitation. The email subject line must strictly read: **Solicitation Number - Quote - Company Name**.

(3) Bid Guarantee: If a bid bond is required (SF 1442, Block 13B), a scanned copy of the completed Standard Form 24 (SF 24) must be submitted electronically with the quote. The Government reserves the right to request the original paper bid bond during evaluations or prior to award.

(4) Requests for Information (RFIs): RFIs must be submitted in writing via email to 136.AW.MSC@us.af.mil. The email subject line must strictly read: **Insert Solicitation Number - RFI - Company Name**. **RFIs will not be accepted after the date and time stated on the solicitation (SAM.gov) notice,** unless a response is deemed to be in the best interests of the Government.

(5) Insurance Requirements: In accordance with Clause 52.228-5, the awardee/contractor shall provide and maintain, during the entire performance of this contract, at least the kinds and minimum amounts of insurance identified below:

Insurance Type	**Minimum Limit**
Workmen's Compensation	$100,000*
Comprehensive General Liability	$500,000 per occurrence (Bodily Injury)
Comprehensive Automobile Liability	$200,000 per person / 20,000 per accident (Property Damage)

**Except in states with exclusive or monopolistic funds that do not permit worker's compensation to be written by private carriers.*

Number	Title	Effective Date	Alternate Deviation	Variation Effective Date
52.212-2	Evaluation-Commercial Products and Commercial Services. (Deviation 2026-O0038)	2026-02		

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose quote is found to be the most advantageous to the Government, price and other factors considered. The following factors and process will be used to evaluate quotes:

(i) Submitted quotes that conform to the solicitation (e.g., stated terms, conditions, representations, certifications, timeliness, and response to all other required information) will be reviewed by the Contracting Officer to ensure the Offeror is not debarred, suspended, or proposed for debarment. Offerors found to be debarred, suspended, or proposed for debarment shall be excluded from receiving a contract award and will be removed from the competition.

(ii) Quotes meeting the requirements of paragraph (i) will be evaluated in pursuit of the best value for the Government, considering price and all other factors of the solicitation. In accordance with RFO FAR 12.203(c)(2), a comparative evaluation of the quotes, without objective standards, will be conducted.

(iii) Past Performance: Information for past performance reviews may come from either an information system or personal knowledge of an Offeror. Information may be sourced from systems such as, but not limited to, the Contractor Performance Assessment Reporting System (CPARS), the Supplier Performance Risk System (SPRS), or the Contracting Officer's personal knowledge of work performed on any previous federal contract. If unfavorable information is discovered or known regarding an Offeror, the Offeror may be removed from the competition and further evaluation.

(iv) Technical Review (other factor(s)): The Government will review the 1) list of equipment /materials/labor disciplines, and 2) project schedule--items described in the Instructions--to determine if the Offeror understands the scope of work and demonstrates a thorough knowledge and understanding of the requirement.

a. Subfactor 1: The list of equipment, materials, and labor disciplines shall list those items necessary to accomplish the scope of work identified in the Statement of Work. This list will be used to evaluate the Offeror's understanding of the technical requirement through an analysis of the major work elements proposed.

b. Subfactor 2: The project schedule will be evaluated relative to the overall coordination of the construction phase. This includes assessing the Offeror's ability to identify all necessary work elements of the specific project, schedule the activities in a logical sequence, and ensure the contract performance time required in this solicitation (or appropriately proposed by the Offeror) is met.

(v) The Government intends to award a contract, without negotiating, to the quote that represents the best value to the Government; however, the Government reserves the right to negotiate if deemed in its best interest. Examples as to why the Government may deem negotiations to be in its best interest include, but are not limited to: prices/costs are unreasonably low/high, or costs are found to be unbalanced. If the need to negotiate arises, the Government intends to only negotiate with the Offeror being considered for award that represents the anticipated best value to the Government. The Government reserves the right to consider a quote which offers more than the minimum and select that quote if it provides a benefit to the Government. The Government has the discretion to accept other than the lowest-priced quote if determined to be the best value to the Government.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of provision)
