Project Title: **Bobcat Creek Boundary Fencing Project**

Location: The project site is located at the
Charles M. Russell National Wildlife Refuge (NWR)
Fort Peck Field Station
270 MT Highway 117
Fort Peck, MT 59223

Contract Type: FIRM FIXED PRICE

Set Aside: Total Small Business

Magnitude of Construction Price Range: Between $100,000 and $250,000.

NOTE: In accordance with FAR 36.204, for construction contracts, we are obligated to state the magnitude of a project using specific price ranges, both in terms of its physical characteristics and estimated price range. However, it's crucial to understand that these price ranges are broad categories and selecting one does not imply that our budget is at the higher end of that range. The intent is to give a general sense of the project's scale without revealing the Government's precise estimate. For instance, categorizing a project as being "Between $100,000 and $250,000," doesn't mean our budget is close to $250,000. It simply means the estimated cost falls within that bracket. The actual value could be anywhere within that range.

(a) *Definitions.* "Commercially available off-the-shelf (COTS) item," "construction material," "domestic construction material," and "foreign construction material," as used in this provision, are defined in the clause of this solicitation entitled "Buy American--Construction Materials" (Federal Acquisition Regulation (FAR) clause 52.225-9).

(b) *Requests for determinations of inapplicability.* An offeror requesting a determination regarding the inapplicability of the Buy American statute should submit the request to the Contracting Officer in time to allow a determination before submission of offers. The offeror shall include the information and applicable supporting data required by paragraphs (c) and (d) of the clause at FAR 52.225-9 in the request. If an offeror has not requested a determination regarding the inapplicability of the Buy American statute before submitting its offer, or has not received a response to a previous request, the offeror shall include the information and supporting data in the offer.

(c) *Evaluation of offers.*

(1) The Government will evaluate an offer requesting exception to the requirements of the Buy American statute, based on claimed unreasonable cost of domestic construction material, by adding to the offered price the appropriate percentage of the cost of such foreign construction material, as specified in paragraph (b)(3)(i) of the clause at FAR 52.225-9.

(2) If evaluation results in a tie between an offeror that requested the substitution of foreign construction material based on unreasonable cost and an offeror that did not request an exception, the Contracting Officer will award to the offeror that did not request an exception based on unreasonable cost.

(d) *Alternate offers.*

(1) When an offer includes foreign construction material not listed by the Government in this solicitation in paragraph (b)(2) of the clause at FAR 52.225-9, the offeror also may submit an alternate offer based on use of equivalent domestic construction material.

(3) If the Government determines that a particular exception requested in accordance with paragraph (c) of the clause at FAR 52.225-9 does not apply, the Government will evaluate only those offers based on use of the equivalent domestic construction material, and the offeror shall be required to furnish such domestic construction material. An offer based on use of the foreign construction material for which an exception was requested—

(i) Will be rejected as nonresponsive if this acquisition is conducted by sealed bidding; or

(ii) May be accepted if revised during negotiations.

52.236-27 – SITE VISIT (CONSTRUCTION) (FEB 1995)

(a) The clauses at 52.236-2, Differing Site Conditions, and 52.236-3, Site Investigations and Conditions Affecting the Work, will be included in any contract awarded as a result of this solicitation. Accordingly, offerors or quoters are urged and expected to inspect the site where the work will be performed.

(b) Site visits may be arranged during normal duty hours by contacting:

(c) During the site visit, prospective offerors are requested to refrain from asking technical or project-specific questions of Government representatives, including the Contracting Officer or potential Contracting Officer's Representatives or Site Points of Contact, unless the questions pertain directly to site visit logistics or associated protocols. This restriction ensures that no offeror receives an unfair advantage from information shared solely during the visit and preserves the integrity of the procurement process.

1452.215-71 Use and Disclosure of Proposal Information - Department of the Interior. Use and Disclosure of Proposal Information - Department of the Interior (APR 1984)

(a) Definitions. For the purposes of this provision and the Freedom of Information Act (5 U.S.C. 552), the following terms shall have the meaning set forth below:

(1) "Trade Secret" means an unpatented, secret, commercially valuable plan, appliance, formula, or process, which is used for making, preparing, compounding, treating or processing articles or materials which are trade commodities.

(2) "Confidential commercial or financial information" means any business information (other than trade secrets) which is exempt from the mandatory disclosure requirement of the Freedom of Information Act, 5 U.S.C. 552. Exemptions from mandatory disclosure which may be applicable to business information contained in proposals include exemption (4), which covers "commercial and financial information obtained from a person and privileged or confidential," and exemption (9), which covers "geological and geophysical information, including maps, concerning wells."

(b) If the offeror, or its subcontractor(s), believes that the proposal contains trade secrets or confidential commercial or financial information exempt from disclosure under the Freedom of Information Act, (5 U.S.C. 552), the cover page of each copy of the proposal shall be marked with the following legend:

"The information specifically identified on pages _____ of this proposal constitutes trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act. The offeror requests that this information not be disclosed to the public, except as may be required by law. The offeror also requests that this information not be used in whole or part by the government for any purpose other than to evaluate the proposal, except that if a contract is awarded to the offeror as a result of or in connection with the submission of the proposal, the Government shall have the right to use the information to the extent provided in the contract."

(c) The offeror shall also specifically identify trade secret information and confidential commercial and financial information on the pages of the proposal on which it appears and shall mark each such page with the following legend:

"This page contains trade secrets or confidential commercial and financial information which the offeror believes to be exempt from disclosure under the Freedom of Information Act and which is subject to the legend contained on the cover page of this proposal."

(d) Information in a proposal identified by an offeror as trade secret information or confidential commercial and financial information shall be used by the Government only for the purpose of evaluating the proposal, except that (i) if a contract is awarded to the offeror as a result of or in connection with submission of the proposal, the Government shall have the right to use the information as provided in the contract, and (ii) if the same information is obtained from another source without restriction it may be used without restriction.

(e) If a request under the Freedom of Information Act seeks access to information in a proposal identified as trade secret information or confidential commercial and financial information, full consideration will be given to the offeror's view that the information constitutes trade secrets or confidential commercial or financial information. The offeror will also be promptly notified of the request and given an opportunity to provide additional evidence and argument in support of its position, unless administratively unfeasible to do so. If it is determined that information claimed by the offeror to be trade secret information or confidential commercial or financial information is not exempt from disclosure under the Freedom of Information Act, the offeror will be notified of this determination prior to disclosure of the information.

(f) The Government assumes no liability for the disclosure or use of information contained in a proposal if not marked in accordance with paragraphs (b) and (c) of this provision. If a request under the Freedom of Information Act is made for information in a proposal not marked in accordance with paragraphs (b) and (c) of this provision, the offeror concerned shall be promptly notified of the request and given an opportunity to provide its position to the Government. However, failure of an offeror to mark information contained in a proposal as trade secret information or confidential commercial or financial information will be treated by the Government as evidence that the information is not exempt from disclosure under the Freedom of Information Act, absent a showing that the failure to mark was due to unusual or extenuating circumstances, such as a showing that the offeror had intended to mark, but that markings were omitted from the offeror's proposal due to clerical error.

(End of Section L)

SECTION M – EVALUATION FACTORS FOR AWARD

M.1.0 BASIS OF AWARD.

The Government intends to make a single award to the responsible offeror whose quotation represents the best value to the Government, considering price and non-price factors identified in this Section.

M.2.0 EVALUATION FACTORS.

1. **Technical Approach**
   The Government will compare offerors' understanding of the requirements and the feasibility, clarity, and soundness of their proposed methods to perform the work.

   Schedule
   The Government will compare the realism and credibility of each offeror's proposed schedule.

2. **Relevant Experience**
   The Government will compare the extent to which offerors demonstrate successful performance of similar work in scope, size, and complexity.

3. **Price**
   Price will be evaluated for reasonableness. The Government may consider price differences in relation to the comparative advantages offered by non-price factors.

4. **Past Performance**
   Past performance will be assessed and rated as satisfactory, unsatisfactory, or neutral. In the absence of available CPARS records, the vendor's past performance will be considered neutral.

The Government is not required to assign weights, scores, formal ratings, or adjectival grades to any factor, consistent with comparative evaluation guidance.

M.3.0 EVALUATION METHOD.

Consistent with FAR 13 procedures, the Government will use a comparative evaluation to determine which quotation is most advantageous. Under this method, the Government compares quotations directly to one another, assessing the relative strengths, weaknesses, and benefits of each, rather than evaluating each quotation against a fixed set of standards or using a formal rating system.

The Government may select a quotation that is not the lowest priced if it provides superior technical value or reduced performance risk. Conversely, the Government may select a lower-priced quotation if its technical value is determined to be equal or close in merit to higher-priced alternatives.
