H.15 Contractor Performance Assessment Reporting System (Dec 2015)

1) FAR 42.1502 directs all federal agencies to collect past performance information on contracts. The Department of the Interior has implemented the Contractor Performance Assessment Reporting System (CPARS) to follow this regulation. One or more past performance evaluations will be conducted to record your contract performance as FAR 42.15 requires.

2) The past performance evaluation process is a totally paperless process using CPARS. CPARS is a web-based system that allows for electronic processing of the performance evaluation report.

3) We request that you give the Contracting Officer (CO) with the name, position title, phone number, and email address for each person designated to have access to your firm's past performance evaluation(s) for the contract no later than 30 calendar days after award. Each person granted access will have the ability to provide comments in the Contractor portion of the report and state whether the Contractor agrees with the evaluation, before returning the report to the Assessing Official. The report information must be protected as source selection sensitive information not releasable to the public.

4) When your Contractor Representative(s) (Past Performance Points of Contact) are registered in CPARS, they will receive an automatically-generated email with detailed login instructions. Further details, systems requirements, and training information for CPARS is available at http://www.cpars.csd.disa.mil/. The CPARS User Manual, registration for Online Training for Contractor Representatives, and a practice application may be found at this site.

5) Within 60 days after a performance period ends, the CO will complete an interim or final past performance evaluation, and the report will be accessible at http://www.cpars.csd.disa.mil/.

   a) Contractor Representatives may then provide comments in response to the evaluation or return the evaluation without comment.

   b) Comments are limited to the space provided in Block 22. Your comments should focus on objective facts in the Assessing Official's narrative and should provide your views on the causes and ramifications of the assessed performance.

   c) In addition to the ratings and supporting narratives, blocks 1 – 17 should be reviewed for accuracy, as these include key fields that will be used by the Government to identify your firm in future source selection actions.

   d) If you elect not to provide comments, please acknowledge receipt of the evaluation by indicating "No comment" in Block 22, and then signing and dating Block 23 of the form. Without a statement in Block 22, you will be unable to sign and submit the evaluation back to the Government.

e) If you do not sign and submit the CPARS in 30 days, it will automatically be returned to the Government and will be annotated: “The report was received by the contractor on (date). The contractor neither signed nor offered comment in response to this assessment.”

f) Your response is due within 30 calendar days after receiving the CPARS.

6) The following guidelines apply concerning your use of the past performance evaluation:

a) Protect the evaluation as “source selection information.” After review, transmit the evaluation by completing and submitting the form through CPARS. If for some reason you are unable to view and submit the form through CPARS, contact the Contracting Officer for instructions.

b) Strictly control access to the evaluation within your organization. Ensure the evaluation is never released to persons or entities outside of your control.

c) Prohibit the use of or reference to evaluation data for advertising, promotional material, pre-award surveys, responsibility determinations, production readiness reviews, or other similar purposes.

7) If you wish to discuss a past performance evaluation, you should request a meeting in writing to the Contracting Officer no later than 7 calendar days following your receipt of the evaluation. The meeting will be held in person or via telephone or other means during your 30- day review period.

8) A copy of the completed past performance evaluation will be available in CPARS for your viewing and for Government use supporting source selection actions after it has been finalized.

K.5 52.209-5 Certification Regarding Responsibility Matters (Aug 2020)

(a) (1) The Offeror certifies, to the best of its knowledge and belief, that—
(i) The Offeror and/or any of its Principals–
(A) Are □ are not □ presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;
(B) Have □ have not □, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) contract or subcontract; violation of Federal or State antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property (if offeror checks "have", the offeror shall also see 52.209-7, if included in this solicitation);
(C) Are □ are not □ presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in paragraph (a)(1)(i)(B) of this provision;
(D) Have □, have not □, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.
(1) Federal taxes are considered delinquent if both of the following criteria apply:
(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.
(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.
(2) Examples.
(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. § 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. § 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior

opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.
(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. § 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.
(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
(ii) The Offeror has □ has not □, within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.
(2) "Principal," for the purposes of this certification, means an officer, director, owner, partner, or a person having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a division or business segment; and similar positions).
This Certification Concerns a Matter Within the Jurisdiction of an Agency of the United States and the Making of a False, Fictitious, or Fraudulent Certification May Render the Maker Subject to Prosecution Under Section 1001, Title 18, United States Code.
(b) The Offeror shall provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this solicitation. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror non-responsible.
(d) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this solicitation for default.

(End of provision)

K.6 52.209-11 Representation by Corporations Regarding Delinquent Tax Liability or a Felony Conviction under any Federal Law (Feb 2016)

(a) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113- 235), and similar provisions, if contained in subsequent appropriations acts, the Government will not enter into a contract with any corporation that–
(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless an agency has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or
(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24

months, where the awarding agency is aware of the conviction, unless an agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interests of the Government.
(b) The Offeror represents that–

__ (1) The Offeror certifies that–

(i) It does not engage and has not engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the

United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; and

(ii) No entity owned or controlled by the Offeror has engaged in any activity that contributed to or was a significant factor in the President's or Secretary of State's determination that a foreign country is in violation of its obligations undertaken in any arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. The determinations are described in the most recent unclassified annual report provided to Congress pursuant to section 403 of the Arms Control and Disarmament Act (22 U.S.C. 2593a). The report is available at https://www.state.gov/bureaus-offices/under-secretary-for-arms-control-and-international-security-affairs/bureau-of-arms-control-verification-and-compliance/; or

__ (2) The Offeror is providing separate information with its offer in accordance with paragraph (d)(2) of this provision.

(c) Procedures for reviewing the annual unclassified report (see paragraph (b)(1) of this provision). For clarity, references to the report in this section refer to the entirety of the annual unclassified report, including any separate reports that are incorporated by reference into the annual unclassified report.

(1) Check the table of contents of the annual unclassified report and the country section headings of the reports incorporated by reference to identify the foreign countries listed there. Determine whether the Offeror or any person owned or controlled by the Offeror may have engaged in any activity related to one or more of such foreign countries.

(2) If there may have been such activity, review all findings in the report associated with those foreign countries to determine whether or not each such foreign country was determined to be in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or to be not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. For clarity, in the annual report an explicit certification of non-compliance is equivalent to a determination of violation. However, the following statements in the annual report are not equivalent to a determination of violation:

(i) An inability to certify compliance.

(ii) An inability to conclude compliance.

(iii) A statement about compliance concerns.

(3) If so, determine whether the Offeror or any person owned or controlled by the Offeror has engaged in any activity that contributed to or is a significant factor in the determination in the report that one or more of these foreign countries is in violation of its obligations undertaken in an arms control, nonproliferation, or disarmament agreement to which the United States is a party, or is not adhering to its arms control, nonproliferation, or disarmament commitments in which the United States is a participating state. Review the narrative for any such findings reflecting a determination of violation or non-adherence related to those foreign countries in the report, including the finding itself, and to the extent necessary, the conduct giving rise to the compliance or adherence concerns, the analysis of compliance or adherence concerns, and efforts to resolve compliance or adherence concerns.

(4) The Offeror may submit any questions with regard to this report by email to NDAA1290Cert@state.gov. To the extent feasible, the Department of State will respond to such email inquiries within 3 business days.

(d) Do not submit an offer unless—

(1) A certification is provided in paragraph (b)(1) of this provision and submitted with the offer; or

(2) In accordance with paragraph (b)(2) of this provision, the Offeror provides with its offer information that the President of the United States has

(i) Waived application under 22 U.S.C. 2593e(d) or (e); or

(ii) Determined under 22 U.S.C. 2593e(g)(2) that the entity has ceased all activities for which measures were imposed under 22 U.S.C. 2593e(b).

(e) Remedies. The certification in paragraph (b)(1) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly submitted a false certification, in addition to other remedies available to the Government, such as suspension or debarment, the Contracting Officer may terminate any contract resulting from the false certification.

Section M - Evaluation factors for award

M.1 Evaluation Factors for Award

A. General Considerations. For the evaluation, the proposals will be evaluated under the following areas of consideration: price, technical ability/approach, relevant past performance. The Government intends to evaluate proposals and award on initial proposals. Therefore, the offeror's initial proposal shall contain the offeror's best price. If multiple line items are priced, each line item will be evaluated to ensure that balanced pricing exists. If the line items are determined to be unbalanced for the offeror that presents the lowest priced technically acceptable proposal, the Government will allow that offeror the opportunity to balance the line items before award. If the offeror cannot, or chooses not to, balance the line items, the Government shall deem the offeror's proposal as unacceptable. In addition to the evaluation of the proposal for award determination, the Government may consider your past performance from data obtained from other sources.

B. Basis for Award. Award will be made to the selected contractor on the basis of the "best value" Lowest Price Technically Acceptable proposal that the Government determines can best satisfy the objectives and requirements of this Request for Proposal, in a manner most advantageous to the Government. The documents that each offeror submitted in response to the instructions for preparing the proposal will receive a thorough evaluation. Offeror's must convey to the Government that they are capable to accomplish the work in a coordinated and timely fashion, such that all the needs of the requirement will be accomplished.

Respondents are required to address the acceptable/unacceptable Technical Factor as follows: Lowest Price Technically Acceptable Evaluation Process.

The Government will evaluate all technical proposals on an acceptable/unacceptable basis to determine all offers that meet the minimum technically acceptable requirements. Failure to meet a requirement may result in an offer being determined technically unacceptable. An unacceptable rating for any one factor makes the entire proposal unacceptable. Any costs incurred by offerors in preparing or submitting offers are the offerors' sole responsibility; the United States Government will not reimburse any offeror for any proposal preparation costs.

The award will be based on the best overall proposal determined to be the most beneficial to the Government based on the evaluation factors. Contract will be awarded to the offeror who is deemed responsible in accordance with the FAR, as supplemented, whose proposal conforms to the solicitation's requirements (to include all stated terms, conditions, representations, certifications, and all other information required by the solicitation).
Award will be made on the basis of the lowest evaluated price of proposals meeting or exceeding the acceptability standards for non-cost factors.

(1) Evaluation criteria consist of factors. The proposals will be evaluated under three (3) evaluation factors: Factor 1 - Technical Ability/Approach; Factor 2 - Past Performance; Factor 3 - Price

Factor 1 - Technical Ability/Approach:

The offeror's proposal provides detailed specific information. Information provided for Technical capability/approach and past performance should be relevant to this requirement as outlined in the Specifications, Drawings, and all other supporting documents. The offeror's proposal shall include a

safety/protection plan, and construction sequence to be able to complete this project. Failure to provide sufficient information so that the evaluation team cannot discern if the offeror has a thorough understanding of the work in question may lead to the offeror receiving an unacceptable rating.

Sub-factor: Management Approach: The contractor's management approach clearly specifies how the contractor will accomplish all of work within the contracting requirements. The contractor's approach clearly defines the contractor's ability to satisfy the Government's minimum requirements, for the demolition, renovation and refinishing the visitor center building structure, as indicated on the specification construction documents.

Sub-factor: Quality Control Plan: The Quality Control Plan clearly demonstrates that the contractor will be able monitor and control environmental pollution and contamination as required by regulations and laws and be able to detect and correct unacceptable work performance within the timeframe specified by the Government.

Factor 2 – Past Performance

Evaluation: This factor evaluates the past performance of the Offeror to determine the offeror's relevant and recent performance on the same or similar requirements.

To be recent, the effort must be ongoing or must have been performed during the past three (3) years from the date of issuance of this solicitation. Past performance information that fails to meet this condition will not be evaluated. To be relevant, the effort must be similar in nature of work, size, and scope. The Government will conduct an in-depth evaluation of all recent performance information obtained to determine if it is the same or similar in nature of work, size, and scope to the services/products being procured under this solicitation.

In the case of an offeror without a record of relevant past performance or for whom information on past performance is not available, the offeror may not be evaluated favorably or unfavorably on past performance as described under FAR 15.305 (a)(2)(iv).

Factor 3 – Price

Proposed pricing will be evaluated for fair and reasonableness. Reasonableness will be determined considering comparison of proposed prices received in response to the solicitation and Comparison of proposed prices with the independent Government estimates (IGE). Proposed pricing that differs significantly from the competition or IGE may be reviewed to assess potential performance risk and the offeror's understanding of contract requirements. If multiple contract line items are included in the price schedule, prices will be evaluated to determine whether any line items are unbalanced. Offerors are cautioned to distribute costs appropriately.

TECHNICAL RATINGS:

Technical Acceptable/Unacceptable Ratings	
Rating	**Description**
Acceptable	Proposal clearly meets or exceeds the minimum requirements of the solicitation.

Unacceptable	Proposal does not clearly meet the minimum requirements of the solicitation.

PAST PERFORMANCE RATING:

Past Performance Acceptable/Unacceptable Ratings	
Adjectival Rating	**Description**
Acceptable	Based on the offeror's performance record, the Government has a reasonable expectation that the offeror will successfully perform the required effort.
Unacceptable	Based on the offeror's performance record, the Government does not have a reasonable expectation that the offeror will be able to successfully perform the required effort.

All of the above Evaluation Criteria will be evaluated on an "Acceptable/Unacceptable" basis.
In order to receive an Acceptable for Factor 1 (Technical), the sub-factors must receive an Acceptable.
In order to receive an Acceptable for Factor 2 (Past Performance), the factor must receive a rating of Acceptable.

SPECIAL PROVISION 1: EVALUATION OF OPTIONS Except when it is determined not to be in the Government's best interests, the Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. Evaluation of options will not obligate the Government to exercise the option(s).

(End of provision)

The Government reserves the right to reject any or all proposals if such action is deemed in the best interest of the Government.
