SALIENT CHARACTERISTICS

(Radios)

1. Description: The 20th CBRNE Command, CBRNE Analytical and Remediation Activity - Remediation Response East (CARA-RRE), has a requirement to procure new commercial Land Mobile Radio (LMR) communications equipment and accessories for operational use at Aberdeen Proving Ground (APG), Maryland. The radios shall operate within the APG-authorized 700/800 MHz communications network and shall meet or exceed all technical and operational requirements established by the APG Land Mobile Radio Program.
2. The required equipment shall support daily mission operations, emergency response activities, explosives safety operations, and coordination within restricted and remote areas where commercial cellular communications are unavailable or unreliable.

Required delivery date: 03 August 2026.

General Requirement

a. The contractor shall provide new, commercially available equipment. Refurbished or used equipment are not acceptable.

b. All equipment furnished shall be fully compatible with the Aberdeen Proving Ground Land Mobile Radio (LMR) system and shall meet all applicable Project 25 (P25) standards and encryption requirements.

c. Equipment shall be delivered complete and ready for programming and operational use.

d. The radios and accessories should be identical to or fully compatible with the equipment approved by the APG Land Mobile Radio Program Manager.

e. All components provided shall be covered by the manufacturer's standard warranty.

Contractor Support Requirements

The contractor shall provide the following support services:

a. Technical Support- Unlimited telephone technical support during normal business hours (0600-2000 Eastern Standard Time, Monday through Friday). After-hours callback support for urgent operational issues.

b. Warranty Support- Manufacturer warranty repair services. Replacement of defective components during the warranty period. Access to firmware and software updates, as applicable.

Approved Equipment and Vendor - The specified radio configuration, consisting of the L3Harris XL-95P portable radio system, and the recommended vendor, SCI Spectrum Communications, Inc., were provided by Mr. Manuel M. Kaputsos, Aberdeen Proving Ground Land Mobile Radio (LMR) Program Manager. Mr. Kaputsos is the designated government official responsible for evaluating, approving, and managing communications equipment authorized for use on Aberdeen Proving Ground. The recommended radio system and vendor have been vetted to ensure compatibility with existing APG communications infrastructure and operational requirements.

Brand Name Justification

Substitution with alternate manufacturers or models may result in interoperability issues, additional programming costs, degradation of operational capability, and possible noncompliance with APG communication system requirements.

Period of Performance

The contractor shall deliver all required equipment and accessories no later than 03 August 2026.

Place of Delivery

20 CBRNE Command

8452 Brigade Street, Building E4220 Gunpowder, MD 21010

52.212-2	Evaluation-Commercial Products and Commercial Services. (Deviation 2026-O0038)	2026-02		

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) Evaluation factors. The Government will award a contract resulting from this solicitation to the responsible Offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors will be used to evaluate offers:

Award will be made on a lowest-priced technically acceptable basis (Considering the following two factors: technical, and price.) All offerors shall be considered in terms of price, lowest to highest, and then the apparent lowest-priced offeror will be evaluated for acceptability under the technical and price factors. If the lowest-price offeror is evaluated as unacceptable, the acceptability of the next lowest-price offeror will be evaluated, continuing this process as necessary.

(b) *Options (if applicable)*. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award*. A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
