Call Type:	Two-Step, Closed Call
Call Number:	FA8612-21-S-C001, Call 002
Call Release Date:	Friday, 6 January 2023 at 5:00 PM EDT
Proposals Due:	Monday, 6 February 2023 at 5:00 PM EDT

Addendum to AF SD-WAN Test Event

In addition to Section 2.0—Category/Area of Interest (AoI): Connectivity / SD-WAN Products, offerors will address the following question in their White Paper response, described in Section 3.0—Call Timeline and General Information of the original solicitation, dated 6 January 2023.

The Government understands that the SD-WAN market primarily leverages proprietary methodologies and protocols to establish and manage a SD-WAN solution. If requested by the Government, is your company willing to consider publishing proprietary protocols and methodologies to the Internet Engineering Task Force (IETF) to eventually become an Request for Comments (RFC) compliant solution for wider adoption and increased interoperability? If so, please stipulate the conditions for supporting this request.

Contact Information

The Points of Contact for this effort are the Contracting Officer, Mr. Nic Correa, and the Contract Specialist, Mr. Wes Livesay. The Offeror shall not contact any other Government personnel or offices regarding this Call.
