Commercial Solution Opportunity – Defense Commissary Agency (DECA)

In accordance with the Commercial Opportunity Solution – Defense Commissary Agency (DeCA), dated 01.21.2026, paragraph 5.0, the following specific requirement in support of AoI 5.5 Modernize Business is attached.

The Defense Commissary Agency (DeCA) is seeking innovative, Commercial warehouse racking solutions to maximize storage density and efficiency by matching specific inventory types with tailored structures, such as selective racks for accessibility, high-density push-back, or automated pallet shuttles. Key opportunities include vertical space optimization, improved FIFO inventory rotation, and enhanced picking speed to improve overall throughput within the European area. This is a one-time purchase for warehouse racking. The goal is to leverage industry best practices, modern technologies, and creative service models to improve reliability, accountability, and overall service quality for commercial Warehouse racking. All warehouse racking must be Conformité Européenne (CE) certified.

Our objective is to establish a one-time purchase award for commercial warehouse racking in two of our chill rooms at our cold storage warehouse in Kaiserslautern. The new warehouse racking will replace existing commercial warehouse racking.

Interested vendors with proven expertise in Warehouse racking solutions should submit their Phase I commercial solution proposal (CSP) prepared in accordance with section 3.2 Solution Brief as documented in the SCO Letter.

The closing date for this opportunity is 22 June 2026 at 12:00 PM Central European Time (CET).

All communications to include questions pertaining to this opportunity shall be sent via email to the following Points of Contact:
