Statement of Requirements

Consolidated Mail Outpatient Pharmacy (CMOP)

Tucson CMOP Shipping Box/Coolers

Scope:

a) Vendor shall provide operational supplies to the CMOP as stated in the Statement of Requirements. The supplies will be used to prepare and mail Veteran patient prescriptions in durable, secure, quality products.
b) Products will need to function properly. Exchanges and/or refunds will be required for any product that does not function as needed. Defective products must be picked up within one (1) business day due to limited storage space within the CMOP. Credit for returned goods shall be made within 5 business days.
c) Deliveries will need to be made daily (Monday – Friday). The vendor must be able to make deliveries on time and be able to adjust these deliveries to meet the changing production requirements.
d) Emergency orders shall be delivered within 2 business days after receipt of an order. Fluctuations in workload can occur and the CMOP's usage of these products may sometimes double in a short period of time.

Salient Characteristics:

1. Dimensions: Product must meet maximum Outside Dimension (OD) and minimum Inside Dimension (ID). No deviation of measurements is allowed. Any product that does not meet specified dimensions is not acceptable.
2. Box Certificate. Shipping boxes must meet minimum certification standard: psi burst limit, edge crush test, size limit, gross weight limit. Any product that fails to provide certification of the required standard will not be considered acceptable.
3. Special characteristics. Characteristics include anti-static, glue, perorated, matte surface, non-toxic, triple layers, interlocking seals, etc. Items that have special characteristics must match the requirement or the product is not acceptable.
4. The box must be able to keep temperature within box at MKT (Mean Kinetic Temperature) at or below 45 Degrees Fahrenheit/ 8 degrees Celsius for a minimum of 48 hrs.
