2. Facility Requirements:

From

2.1.1 Contractor must always have a valid insurance policy, with coverage level according to the Israeli National Police policy and procedures for security academies. The insurance policy will be forwarded to the Mission for review and approval.

2.2 The distance between the contractor facility and Jerusalem/Tel Aviv will not exceed 60 km.

2.3 Both the Contractor facility and the training academy must be authorized and approved by the INP.

2.4 The Contractor facility shall be pre-approved by the U.S. Embassy Regional Security Officer or his proxy, to verify adherence to DS standards.

2.5 All instructors must be authorized and approved by the MPS (Ministry of Public Security) and the INP, as well as qualified as first aid providers.

2.6 The Contractor facility must have an on-site, MPS authorized and licensed gunsmith. All firearms must be inspected by the on-site gunsmith prior to training.

2.7 The Contractor facility must be fenced and secured, and with controlled access (no public allowed on premises without pre coordination).

2.8 The Contractor facility shall include at least Three standardized INP and Ministry of Public Security (MPS) authorized ranges, paved and roofed.

2.9 The Contractor facility shall include at least two roofed sheds for dry fire and tactical scenarios.

2.10 The Contractor facility must include at least two unarmed-combat training rooms, air-conditioned, mattress-lined, and in accordance with INP regulations.

2.11 The Contractor facility must include Israeli Government approved Safe rooms or bomb shelters in its facility that can hold the maximum amount of people allowed in the facility at any given time.

2.12 A full days rental of the Facility shall be from 08:00 – 16:00

Section 1, Page 9 & 10

From

5. Logistics: living requirements, insurance, transportation, and meals:

5.1 Living arrangements: Must be at a fenced and secure location. No more than two trainees per room. Males and Females will have separate rooms, bathrooms & showers. The facilities must include the following:

a. Beds
b. Sheets, pillows, blankets (for summer and winter, according to the season)
c. Air Conditioning
d. Bathrooms
e. Shower
f. Refrigerator
g. Television with basic channels
h. Hot water pot with tea / coffee
i. Cleaning services
j. 24/7 Maintenance services

5.2 Meals: The Contractor facility shall provide three full meals per day, one of which must be a hot meal, including a protein dish with carbohydrate side dish, with no limitations on quantity of protein dish. In addition, the facility must provide two additional small meals or snacks at 1000 and 1600 hrs. The total calories intake for these meals should be in a range of 2400-3000 calories per day.

5.3 The Contractor must supply trainees with adequate amount of water. The temperature of the water must be comfortably cool – cold to prevent heat injuries and hot water for coffee and tea.

5.4 The Contractor facility will provide transportation services for trainees, to and from the U.S. Embassy in Jerusalem – Agron and EBO in Tel Aviv, during the first and last days of training in each week and from the weekend vacation back to school for all trainees, for each training cycle. This service must include the necessary insurance, and the driver must be legally eligible to drive the vehicle, with the respective number of passengers in the vehicle. Each vehicle must include air conditioning and seat belts for all passengers.

MINUTES FROM PRE-PROPOSAL CONFERENCE OF MAY 28, 2026
SOLICITATION 19IS7026R0001 Tactical Weapons Training Facility services

Introduction

Mr. Joseph Windham, the Contracting Officer, relayed a message that he would not be able to attend due to an unforeseen emergency and that he has delegated the contract specialist to lead the conference. Mr. Chanan Stern, the Contracting Specialist welcomed all attendees, and the following Government Attendees were introduced:

1. Mr. Chanan Stern – Contract Specialist.
2. Ms. Karyn Grey - Assistant Regional Security Officer.
3. Mr. Ronen Ben Eli – Procurement Agent.
4. Mr. Avihu Sasson – Training Coordinator and COR.

All attendees introduced themselves. The Contracting Specialist thanked all attendees for coming and expressed his hope to have a fruitful and mutually beneficial working relationship.

Discussion of the Solicitation Package

The following sections of the solicitation were highlighted:

1. It was explained to all attendees that due to recent changes in the SOW and requirements, the solicitation document needs to be amended accordingly and approved. Therefore, new Proposal due date, time will be set. All participants will be notified.
2. It was emphasized that all proposals may be delivered electronically.
3. Confirmation that offers that do not meet the deadline and submission requirements will not be considered.
4. SF1449 – The completion and signing of the SF1449 was discussed
5. Section 1 Pricing – Contract line items were discussed. Each line item needs to be priced as stated on the solicitation with a total based on the estimated quantities. Minimum and Maximum was discussed.
6. Section 1 Scope of Work was discussed. All the required services were mentioned, as was the performance schedule.
7. Section 1, Quality Assurance and Surveillance Plan (QASP) was discussed.
8. Section 2 Contract Clauses were discussed and the Clause 52.222-50, Combating Trafficking in Persons (Nov 2021) was emphasized.

9. Clause 52.229-12 was discussed as was the requirement for the contractor submitting proposal need to submit a signed W-14 form if they are a foreign (non-American) contractor.
10. Reviewed Section 3 – Summarized all the documents that need to be submitted as part of the price proposal and the technical proposal.
11. Reviewed Section 4 – Evaluation Factors. It was noted that the U.S. Government will award the contract to the lowest priced and technically responsible offeror.
12. Reviewed Section 5 – Representations and Certifications – This section was explained in detail, and it was emphasized to all that the certifications need to be signed and certified as part of the technical proposal. The offerors need to provide their TIN (for American firms) and CAGE code. NDAA certification and requirement was discussed.
13. It was emphasized that all questions that might arise prior to submission of the proposal may be submitted in written form and that all answers to questions will be posted in SAM.GOV and the US Embassy Web site

Questions

The attached questions were asked and answered during the conference. See Attachment C.

Conclusion

The conference concluded and attendees were thanked for their presence and expression of interest in serving the U.S. Government. The meeting was adjourned.

ATTACHMENT C

ANSWERS TO QUESTIONS ASKED AT THE PRE-PROPOSAL CONFERENCE

19IS7026R0001 0001

Question #1: Once Section 1 is revised taking out the requirement of CPU training and adding the requirement of the rental of an outdoor firing range facility, what is the definition in hours of the daily rental of the facility?

Answer #1: Amendment 0001 of the solicitation added the definition of the daily rental of the facility as being from 08:00- 16:00.

Question #2: Is there a minimum of Government personnel that will be sent for training each time?

Answer #2: There is no minimum of Government personnel that can be sent for training.

Question #3: Is there a requirement for the contractor to supply training instructors in addition to the instructors already supplied for the Israel National Police (INP) base and refresher courses?

Answer #3: Yes, there may be a need for the use of additional shooting instructors above the needs of the base and refresher course. Amendment 0001 of the solicitation revised both the pricing and Scope in section 1 to accommodate for this requirement.

Question #4: Section 5, 52.240-90&91 What is meant by covered telecommunication equipment?

Answer #4: Covered telecommunications equipment or services refer to telecommunications and video surveillance equipment or services produced by specific Chinese entities, including Huawei Technologies Company, ZTE Corporation, Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company, as well as their subsidiaries or affiliates.
