NAVFAC Southwest

Naval Postgraduate School Modernization Overview and Prime Contractor Contact List

30 Dec 2024

The Government does not warrant the accuracy of any site-related information provided. Site-related information furnished by the Government and/or its representatives in support of this solicitation shall be considered as informational only. Such information may include technical reports and studies, building conditions reports, or other technical information intended to support the proposers' development applications. Proposers are expected to verify (and not simply rely upon) all site-related information provided by the Government to avoid unforeseen costs.

NAVFAC Naval Facilities Engineering Systems Command

Naval Postgraduate School Modernization
Purpose of This Package:

NPS Modernization

This package is in support of the Naval Postgraduate School Modernization (NPS-M) projects at Naval Support Activity Monterey, California. Its purpose is as a networking tool, providing an overview of the NPS-M projects and contact information of each prime contractor on the C&I MACC Group 0117. This package is being released to industry to allow other firms and subcontractors to contact the prime contractors and facilitate a "matchmaking" opportunity. The contractor contact information is listed in alphabetical order.

This is not a solicitation announcement. This is a networking tool to be used for industry "matchmaking" purposes. The information contained herein is issued by Naval Facilities Engineering Systems Command (NAVFAC) Southwest (SW) to industry. This is not to be construed as a commitment by the Government for any purpose other than information sharing and is not restricted to a particular acquisition approach. The information about prime contractors contained in this package does not constitute endorsement or recommendation by the Government and NAVFAC SW.

The Government does not warrant the accuracy of any site-related information provided. Site-related information furnished by the Government and/or its representatives in support of this solicitation shall be considered as informational only. Such information may include technical reports and studies, building conditions reports, or other technical information intended to support the proposers' development applications. Proposers are expected to verify (and not simply rely upon) all site-related information provided by the Government to avoid unforeseen costs.

Naval Postgraduate School Modernization
Overview:

NPS Modernization

The Naval Postgraduate School Modernization (NPS-M) consists of 5 buildings ranging from 2 to 8 stories, constructed from 1950s -'70s. NPS's vision is to create modern, energy efficient buildings that are adaptable, safe and transparent. Renovations will provide modern labs, flexible classrooms and collaborative spaces.

Primary objectives are to:

- Harvest under-utilized space
- Modernize instruction and research spaces
- Correct building system deficiencies
- Correct configuration and structural deficiencies

NPS Modernization Buildings:

- B234 Halligan Hall (with Temporary Swing Space, NSAM Substation & Transformers)
- B232 Spanagel Hall
- B235 Root Hall
- B330 Ingersol Hall
- B339 Dudley Knox Library
