PACKAGING SPECIFICATION DATA SHEET

Report version: 0.0

ITEM IDENTIFICATION DATA

Basic Item Identification Data

National Stock Number(NSN)	:	1560015871028
Item Name	:	NITRIGEN INTERTING U
Quantity Unit Pack (QUP)	:	1
Intermediate Container Quantity (ICQ)	:	000

Unpackaged Item Data

Unpackaged Item Weight	:	6 LB
Unpackaged Item Length	:	25 IN
Unpackaged Item Width	:	8.7 IN
Unpackaged Item Depth	:	8 IN

Packaging Category Code Details

Packaging Category Code	:	ZZZ0
Physical and Chemical Characteristics Category Code	:	ZZ -- None of above. Contact preservative NOT prohibited. No critical surfaces or application.
Weight size and Fragility Category Code	:	Z -- Item has at least one dimension greater than 24 inches, weighs more than 10 pounds, and/or has a fragility less than 85 G's.
Contact Preservative Category Code	:	0(00) -- No requirement

PACKAGING DATA

Preservation-Packing Data

Method of Preservation	:	54 -- Rigid container (other than metal), sealed, with desiccant
Cleaning and Drying Procedure	:	1 -- Any suitable process that is not injurious to the item
Preservative Material	:	00 -- No requirement
Wrapping Material	:	00 -- No requirement
Cushioning and Dunnage	:	NA -- PPP-C-795, cellular plastic film cushioning; or A-A-3129, open cell plastic cushioning; or PPP-C-1797, polypropylene foam cushioning
Cushioning Thickness	:	Z -- Special requirements - See specific instructions or drawings provided
Unit Container Code	:	NZ -- NAVICP Drawing No. 13414, modular reusable container for packaging major repairables
Intermediate Container Code	:	00 -- No requirement
Unit Container Level	:	A -- Unit container provides level A packing protection
Special Marking Code	:	19 -- Method 50 reusable container
Level A Packing Code	:	F -- Packing is not required: the unit container shall also serve as the shipping container. Closure, sealing and reinforcement shall be in accordance with applicable specification for shipping container.

PACKAGING SPECIFICATION DATA SHEET

Level B Packing Code	:	0 -- Packing not authorized, see next higher level of packing for requirement
Minimal Packing Code	:	0 -- Packing not authorized, see next higher level of packing for requirement
Optional Procedure Indicator	:	M -- All packaging data is mandatory for compliance and no substitutions are permitted. Fast packs should be included in this category.
Unit Pack Weight	:	50.8 LB
Unit Pack Length	:	37 IN
Unit Pack Width	:	21 IN
Unit Pack Depth	:	17 IN
Unit Pack Cube	:	7.644 CF

Supplemental Instructions

Supplemental Instructions	:	Z=A/R SNUG FIT; NZ=8145-00-536-4925,P/N 13414-101.
Packaging Reference	:	MILSTD2073
