Ques. #	Reference (Sect/Para/Page or PWS Sect)	Question	Government Response
37	Section A.3	The NAICS code for the prime contractor is identified as 561210 with a size standard of $38.5M. In accordance with the Small Business Act, section 8(d) and 13 CFR 121.410, the prime contractor is responsible for selecting a NAICS code for its subcontractors. Does the government intend to evaluate the offeror's Small Business subcontractors based only on the NAICS code included in the solicitation or on the appropriate NAICS code identified by the offeror specific to the work to be performed by the subcontractor?	~~The government intends to evaluate the offeror's small business subcontractors based on NAICS code 561210.~~ The Government Response is being revised as follows (originally issued via Notice No. 3): The offeror shall assign each subcontract the NAICS code and corresponding size standard that best describes the principal purpose of the subcontract.
