TO: All Potential Offerors

SUBJECT: DRAFT Request for Proposal (DRFP), Solicitation No. NNG17611358R, Range Operations Contract (ROC) II

You are invited to review and comment on the National Aeronautics and Space Administration (NASA) Goddard Space Flight Center (GSFC)/Wallops Flight Facility's (WFF) Range Operations Contract (ROC) II draft solicitation. The principal purpose of this requirement is to provide the NASA Research Range Services (RRS) Program with tracking, telemetry, meteorological, optical, and command and control services for flight vehicles. The flight vehicles include: orbital and suborbital rockets, aircraft, satellites, balloons, and Unmanned Aerial Vehicles (UAVs). The contract will provide real-time display and capture of mission-specific flight, payload, and science data. The Statement of Work, Attachment A, describes the scope of the requirement.

Potential offerors are encouraged to comment on all aspects of the draft solicitation, including the requirements, schedules, proposal instructions, and evaluation approaches. Potential offerors should identify unnecessary or inefficient requirements. Potential offerors are encouraged to comment on any perceived safety, occupational health, security (including information technology security), environmental, export control, and/or other programmatic risk issues associated with performance of the work. Potential offerors are also encouraged to comment on the clarity of the Representative Task Order (RTO) requirements and their ability to effectively price each RTO.

This acquisition will be conducted as a full and open competition. The North American Industry Classification System (NAICS) code for this acquisition is 517919 and the small business size standard is $30M. The NASA point of contact for Small Business concerns related to this procurement is Gilberto Delvalle on (301) 286-8136.

This competitive procurement will result in an Indefinite Delivery Indefinite Quantity (IDIQ) contract with the ability to issue Cost-Plus-Fixed Fee (CPFF) and Firm-Fixed Price (FFP) task orders. The contract will have an effective ordering period of 5 years from the contract effective date. Phase-In will be conducted, under a separate contract or purchase order, during the 60-day period prior to the effective date of the contract.

The contract will be performed onsite at GSFC/WFF and other downrange tracking sites (example: Australia, Alaska, Bermuda, Kwajalein, French Guiana, Norway). The Government

will make available existing Installation-Accountable Government Property (IAGP) for onsite contract performance and Government Furnished Property (GFP) for offsite use at the Contractor's facility.

Please note, a Top Secret facilities clearance is required for this procurement in accordance with the DD Form 254, Contract Security Classification Specification.

The current planned release date for the Final Request for Proposal (RFP) is on or about August 15, 2017 with proposals being due approximately 30 calendar days later.

All documents related to this procurement, including this letter, the solicitation, attachments, exhibits, and any amendments will be attainable electronically from the World Wide Web through the Federal Business Opportunities (FBO) website at https://www.fbo.gov.

Additional information can also be found on the ROC II online Reference Library at: https://elibrary.gsfc.nasa.gov/.

Potential Offerors are requested to periodically monitor the website for updates.

NASA FAR Supplement (NFS) clause 1852.215-84, OMBUDSMAN, is applicable. The Center Ombudsman for this acquisition can be found at http://prod.nais.nasa.gov/pub/pub_library/Omb.html.

This DRFP is not a solicitation and NASA GSFC/WFF is not requesting proposals. This request does not commit GSFC/WFF to pay any proposal preparation costs, nor does it obligate GSFC/WFF to procure or contract for this requirement. This request shall not be construed as authorization to proceed with, or be paid for charges incurred by performing any of the work called for in this DRFP.

All comments or questions regarding the DRFP should be submitted in writing by mail or electronically to the Contracting Officer identified below within 30 calendar days after the release of this DRFP for consideration.
