Section A - Solicitation/Contract Form

CONVERTER,DATA ACQU_FMS REPAIR

A. Electronic submission of any quotes, representations, and any necessary certifications shall be accomplished via an email directed to sherry.l.kaylor.civ@us.navy.mil.
B. General Requirements: MIL-STD Packaging, Government Source Inspection, FOB Source, CAV Reporting.
C. This RFQ is for REPAIR. The resultant award of this solicitation will be issued bilaterally, requiring the contractor's written acceptance prior to execution. Verify nomenclature, part number, and NSN prior to responding.
D. Only a firm-fixed (FFP), not-to-exceed (NTE), or estimated (EST) price for the REPAIR of the subject item (s) will be accepted. Quotes limited to test and evaluation (T&E) will NOT be accepted. The quoted price MUST be for the REPAIR of the item(s).
E. Must adhere to IUID requirements of DFARS 252.211-7003
F. The ultimate awardee of the proposed contract action must be an authorized repair source. Award of the proposed contract action will not be delayed while an unauthorized source seeks to obtain authorization.
G. The Government is requesting a Repair Turnaround Time (RTAT) of: # _____ days after receipt of asset.
Repair Turnaround Time (RTAT) definition: The resultant contractual delivery requirement is measured from asset Return to the date of asset acceptance under the terms of the contract. For purposes of this section, Return is defined as physical receipt of the F-condition asset at the contractor's facility as reflected in the Action Date entry in the Commercial Asset Visibility (CAV) system. In accordance with the CAV Statement of Work, the contractor is required to accurately report all transactions by the end of the fifth regular business day after receipt and the Action Date entered in CAV must be dated to reflect the actual date of physical receipt. The Contractor must obtain final inspection and acceptance by the Government for all assets within the RTATs established in this contract.
Please note freight is handled by Navy CAV or Proxy CAV as stated in NAVSUPWSSFA24 or NAVSUPWSSFA25.
Throughput Constraint: Contractor must provide a throughput Constraint for each NSN(s). Total assets to be repaired monthly after initial delivery commences: _____/month (contractor is to fill in #). A throughput of "0" (zero) per month reflects no throughput constraint.
Induction Expiration Date: 365 days after contract award date. Any asset received after this date in days is not authorized for repair without bi-lateral agreement between the Contractor and NAVSUP WSS Contracting Officer.
H. IMPORTANT NOTE:
Reconciliation Price Reduction:
Any asset(s) for which the contractor does not meet the required RTAT will incur a price reduction per unit/per month the contractor is late. However, any delay determined to be excusable (e.g. Government Delay) will not result in a price reduction. If the contractor does not meet the required RTAT due to inexcusable contractor delay, the Contracting Officer will implement the aforementioned price reduction via a "Reconciliation Modification" at the end of the contract performance. Price reductions made pursuant to this section shall not limit other remedies available to the Government for failure to meet required RTATs, including but not limited to the Government's right to terminate for default.
In reference to the above important note, the contractor provides the following price reduction amount per unit /per month the contractor does not meet the RTAT: $_____, up to a maximum of: $_____. (vendor is to fill in amount)
I. Your quote MUST include the following information for justification purposes:
- Repair unit price _____

(a) *Inspection/Acceptance*. The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. If repair/replacement or reperformance will not correct the defects or is not possible, the Government may seek an equitable price reduction or adequate consideration for acceptance of nonconforming supplies or services. The Government must exercise its post acceptance rights-

(1) Within a reasonable period of time after the defect was discovered or should have been discovered; and

(2) Before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

(b) *Excusable delays*. The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence. Examples of occurrences include acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. When an excusable delay occurs, the Contractor shall-

(c) *Termination for the Government's convenience*. The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination, plus reasonable charges the Contractor can demonstrate to the satisfaction of the

Government using its standard record keeping system, have resulted from the termination. The Contractor shall not be required to comply with the cost accounting standards or contract cost principles for this purpose. This paragraph does not give the Government any right to audit the Contractor's records. The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(d) *Termination for cause*. The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. The Government will send a cure notice to the Contractor, unless the reason for the termination is late delivery. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

In determining whether affiliation exists, consideration is given to all appropriate factors including common ownership, common management, and contractual relationships. SBA determines affiliation based on the factors set forth at 13 CFR 121.103.
