16. REMARKS *(Continuation)*

F.2.2 .JPG image format (alternative) or,

F.2.3 .TIF image format (alternative)

F.2.4 Each whole piece of tech data is to be saved in its entirety under one multi-page file

F.2.5 All tech data files will be named in the following format: PLISN Part Number (e.g. using A936 as PLISN and 10B520 as Part Number: A936 10B520.PDF). Be sure to have a single space between PLISN and Part Number as this is the established standardized "naming" convention requirement for DLA LIS' internal server data storage and retrieval system-process.

G. Blocks 10, 12, & 13: Date(s) to be reflected on the AFMC Form 718 (Attch. 1 to the Initial Provisioning Performance Specification (IPPS). If complete sets are not provided, identify missing technical data and provide it 30 days prior to the Spares Provisioning Conference or as directed by the PPA. This applies to all non stock-listed items regardless of the type Logistics Product Data and SMR Code (source, maintenance, and recoverability). Technical data is required for each support item appearing on all types of Logistics Product Data, first appearance only on each Logistics Product Data submission, unless directed otherwise by the PPA.

H. The prime contractor and all sub-vendors shall provide required data, translated to the English language, for the express purpose of identifying and cataloging items with a full description regardless of limited rights claims. Letters of refusal must clearly state reason(s) technical data is not being furnished to satisfy the data requirements levied and recommend alternate methods of furnishing required technical data to the PPA.

I. For DCNs, LLTILs, and CBILs, both sets of technical data will be provided to the PPA.

J. The contractor shall not assess developmental costs to the Government to furnish this technical data as EDFP, only cost necessary for reproduction and assemblage.

K. Preferred delivery method is Department of Defense (DoD) Secure Access File Exchange (SAFE)(https://safe.apps.mil/) or equivalent. In the event PTD submittal deliveries are to be made to a secured program specific electronic site (Contractor or Government), a transmittal notification will be concurrently forwarded to the PPA via e-mail at 406SCMS.Provisioning@us.af.mil.
