INSTRUCTION AND EVALUATION CRITIERA

52.212-1 Instructions to Offerors - Commercial Products and Commercial Services (Nov 2025)

FAR 52.212-1 is amended as follows:

Period for acceptance of quotes.
The Quoter agrees to hold the prices in its quote firm for ***60 calendar days*** from the date specified for receipt of quotes.

All submissions shall be emailed as noted below (i.e. no hand carry/USPS/FedEx):

Subject Line: **1240BH26Q0024** Durkee & Town Gulch Range/Wildlife Fence Repair & Construction
Email: susie.felton@usda.gov

Submit the following documents with your response, no hard-copy originals are required.

1. Signed Standard Form 1442, Solicitation/Offer/Award (Construction, Alteration, Repair), with blocks 14 – 20c completed by the quoter.
2. Attachment 2 – Schedule of Items.
3. Technical Response
4. Acknowledgement of solicitation amendments (if any) via signed SF-30(s) with your quote.

Each of the parts should be separate and complete so that evaluation of one may be accomplished independently from evaluation of the other. All documents shall be Microsoft Word or Adobe PDF.
All Quotes should be submitted in the following format:

- 1 Copy of the completed Technical Response.
- 1 Copy of the completed Schedule of Items.

Questions

Questions shall be submitted via email to Susie.felton@usda.gov and are due no later than 16 July 2026 by COB (1630) Pacific Time. This will ensure enough time to respond before the solicitation period ends. Please include the solicitation name and number as the subject line of the email.

EVALUATION CRITERIA

The provision at Federal Acquisition Regulation (FAR) 52.212-2 Evaluation of Commercial Items is not applicable to this solicitation. In lieu of this provision, quotes will be evaluated in accordance with FAR 12.203 based on the criteria listed below. Award will be given to the offeror representing the best value to the Government.

TECHNICAL ACCEPTABILITY:
Technical Acceptability will be evaluated to receive an overall rating of "acceptable" or "unacceptable." This will be based on the offeror's ability to provide a sound and compliant approach that meets all requirements and shows a thorough understanding of them. It is the contractor's responsibility to ensure their quotation clearly demonstrates their capability to meet these requirements.

All offerors must provide the following minimum information and documentation with their quotations to be considered complete and have their offers evaluated. Submissions not received by the specified closing date and time, or submitted with incomplete documentation, will be deemed unacceptable.

Durkee & Town Gulch Range/Wildlife Fence Repair & Construction
1240BH26Q0024

(1) Similar Project Experience:

The narrative shall address the following:

- Provide list of relevant experience for projects similar in scope and complexity.
- Describe experience with range fence installation in rural or remote areas (similar terrain, site conditions, and environmental factors).
- Identify whether work was performed as a prime or subcontractor.

(2) Technical Approach:

The narrative shall address the following:

- Anticipated work schedule, sequence and risks/workarounds
- Approach to Performing the Work
- List of equipment to be used
- Identify subcontractors and the roles they will perform

PAST PERFORMANCE:

Submit a list of relevant prior work the contractor has performed within the past six (6) years along with *contact information* so the government may contact prior customers to evaluate past performance. If you will be utilizing subcontractor(s), provide the same information as noted above. Information should include *the project name, location, description of the work, dollar value and name/phone/email of project owner representative*. Attachment 14 to this solicitation is a Past Performance Form that is optional for use.

The Government may utilize any references provided by the Contractor, along with information available from past contracts/orders with the USDA and any information found using sources such as Federal Government sources or the Contractor Performance Assessment Reporting System (CPARS) to determine if the Contractor has acceptable or neutral Past Performance. Past Performance will be evaluated using the following rating system:

Acceptable: The contractor shows a demonstrated ability to meet contract requirements in prior or current contracts, including quality of work, timeliness, cost control, business relations, and adherence to contract terms.

Neutral: Quoter does not have a past performance record.

Unacceptable: The contractor has a documented history of failing to meet contract requirements, including poor quality, missed deadlines, cost overruns, lack of responsiveness, or unethical behavior.

PRICE

Submit a completed Attachment 2 – Schedule of Items with all items priced. Please double check math to make sure the total for each line item is calculated correctly and the sum of all line items is equal to the total price. The offeror's quotation will be evaluated in accordance with FAR 12.204, to determine if it is fair and reasonable.

EVALUATION METHOD:

The Government will evaluate quotations based on the lowest price technically acceptable criteria. Only the lowest priced offer will be evaluated for Technical Acceptability. Should the lowest priced offer not receive an acceptable technical or past performance rating, the process will continue in order of lowest priced offer until the lowest price, technically acceptable offer with acceptable or neutral past performance is identified.
