52.229-11 Tax on Certain Foreign Procurements-Notice and Representation. (Jun 2020)

Tax on Certain Foreign Procurements-Notice and Representation (Jun 2020)

(a) Definitions. As used in this provision-

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area of the United States.

United States person as defined in 26 U.S.C. 7701(a)(30) means

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror may claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service (IRS) Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that

(1) It [ ] is [ ] is not a foreign person; and

Evaluation-Commercial Products and Commercial Services (Feb 2026) (Deviation 2026-O0038)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose proposal conforming to the solicitation will be most advantageous to the Government, price and other factors considered. Contract award will be made to the contractor found technically acceptable with a Green or better Supplier Performance Risk System (SPRS) rating with the lowest price. Technical rating will not be an evaluation factor but rather it will first be determined whether or not the contractor meets technical acceptability and then the proposal will be evaluated based on the evaluation factors; past performance and price. The government will conduct a tradeoff analysis of the past performance and price factors of technically acceptable proposals.

The following factors shall be used to evaluate offers:

Factor 1: Technical Acceptability

Evaluation Method: If the lowest priced offer is deemed technically acceptable, no further quotes will be evaluated. If deemed unacceptable, the next lowest quote will be evaluated, continuing this process until an offer is determined to be both technically acceptable and the lowest priced. The lowest priced quote will be evaluated for technical acceptability based on the criteria below.

Evaluation Factors: The technical quotes will be evaluated on an acceptable/unacceptable basis against the following subfactors:

Sub-Factor 1: Technical Approach: The offeror shall provide no more than a 5-page technical approach detailing their abilities to successfully accomplish the requirements outlined in Performance Work Statement (PWS).

Sub-Factor 2: Documentation of Automatic Door Technician Qualifications: The offeror must provide active AAADM certification from the American Association of Automatic Door Manufacturers (AAADM), to verify that its employees are qualified automatic door technicians. This documentation must substantiate their expertise to inspect, test, repair, and service the automatic door systems required in PWS.

Evaluation Process: The offerors technical acceptability meets the requirements when its proposed sub-factor 1 and sub-factor 2 demonstrate a clear understanding of accomplishing the requirements outlined in the Performance Work Statement (PWS), Attachment 1, of this solicitation.

Ratings:
Acceptable - The quote fully meets the minimum requirements of the solicitation as defined for each sub-factor in. A quote must be rated "Acceptable" for all sub-factors to be eligible for award.
Unacceptable - The quote fails to meet one or more of the minimum requirements of the solicitation as defined for each sub-factor.

Factor 2: Past Performance

Evaluation of a vendor's past performance will be accomplished in an efficient and minimally burdensome fashion. Past performance history in SPRS will be assessed based on the color legend below. The percentage is based on past projects that have been evaluated and reported. A color rating is assigned based on the performance. Blue being the best and red being the worst. If a vendor does not have past performance history in SPRS, a Green rating will be assigned.

Blue: Top 5%

Purple: Next 10%

Green: Next 70%

Yellow: Next 10%

Red: Lowest 5%

Factor 3: Price

Contract award will be made to the contractor found technically acceptable, with a Green or better SPRS rating, with the lowest Total Evaluated Price (TEP). An offeror's Total Evaluated Price (TEP) will be determined by the sum of all separately priced CLINS as presented in supplies/services section. If a separate CLIN and a TEP (as applicable) are not included, or are not clearly stated, miscalculated and/or understandable, the offer will be rejected as non-responsive.

Overall proposal evaluation Process:

Step 1: Proposals received and sent for technical evaluation.

Step 2: Technically Acceptable proposals are separated and evaluated for past performance within SPRS.

Step 3: Remove technically acceptable offers below the Green rating.

Step 4: Award to lowest TEP.

* In the event that the SPRS system is down during the evaluation period of this solicitation, proposals will be evaluated in the same manner using CPARS rather than SPRS. CPARS has assigned ratings scored as below and the same color system has been assigned for evaluation.

(Blue) - One (1): Exceptional

(Purple) - Two (2): Very Good

(Green) - Three (3): Satisfactory

(Yellow) - Four (4): Marginal

(Red) - Five (5): Unsatisfactory

* Note: The system of evaluation will only change if SPRS is unavailable during evaluation. *

(b) *Options (if applicable).* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. The evaluation of options does not obligate the Government to exercise the option(s).

(c) *Notice of award.* A written notice of award or acceptance of an offer furnished to the successful Offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.
