Prescribed by GSA-FAR (48 CFR) 53.215-1(a)

Section A - Solicitation/Contract Form

Solicitation for BPA for Manufacturing

This is a combined synopsis/solicitation for commercial items prepared in accordance with the format in Federal Acquisition Regulation (FAR) Parts 12 as supplemented with additional information included in this notice.

The Naval Air Warfare Center Aircraft Division (NAWCAD) Webster Outlying Field (WOLF) supports a variety of programs in the areas of Information Systems, Unmanned Systems, Cyber Security/Warfare, Combat Systems, and Command, Control, Communications, Computers, and Intelligence (C4I) all in support of Naval operations. In order to facilitate more expeditious procurement of requirements, the activity is awarding Blanket Purchase Agreements (BPAs) under various commodities and competing requirements to the BPA holders within each commodity. This synopsis is being issued as an invitation to business concerns that are interested in becoming a prospective vendor on the BPA for the commodity indicated above to submit the information that is requested in the synopsis below. In accordance with FAR Part 19.501, the Government's intent is to establish BPAs with Small Businesses. The awards issued will incorporate provisions and clauses that are prescribed by the FAR, Defense Federal Acquisition Regulation Supplement (DFARS), and the Navy and Marine Corps Acquisition Regulation Supplement (NMCARS).

This requirement is Set Aside for Small Business.

NAWCAD WOLF intends to issue multiple BPAs in accordance with Simplified Acquisitions Procedures, Part 12 of the FAR to support the operational needs. Please note that a BPA is not a contract. A BPA is a streamlined method for acquiring supplies and services on an as-needed basis from qualified sources that are readily available. All calls/orders must be acknowledged by the selected vendor in order to be retained on the BPA calling list. The Government will not be issuing a formal Request for Proposal. This combined synopsis /solicitation will allow for the review of interested companies' qualifications and result in the award of BPAs. The Government does not intend to pay for any information provided under this combined synopsis/solicitation. The Government is not obligated to notify respondents of the results of this combined synopsis/solicitation. Because the needs of the activity are dynamic, NAWCAD WOLF intends to re-synopsize on a periodic basis to solicit additional submissions to add new vendors to the calling list. NOTE: In accordance with the FAR, individual requirements will not be posted outside of the BPA commodity.

Prospective vendors are invited to submit their responses to this combined synopsis/solicitation within the next 90 days, as vendors will be added on a rolling basis throughout the lifetime of the BPA commodity program. Once a company is issued a BPA there is no need to submit any response to subsequent combined synopsis /solicitation posting. There is no minimum or maximum Government obligation. Payments will be made using Government Credit cards or if required in compliance with DFARS 252.232-7006, "Wide Area Workflow Instructions (DEC 2018)", the Government will utilize Wide Area Workflow (WAWF) (https://wawf.eb.mil/) to electronically process vendor requests for payment. Individual call orders shall not exceed, as applicable, either the Simplified Acquisition Threshold to procure commercial products or commercial services up to $9M. Companies are cautioned that their BPA may not be renewed or may be cancelled if the company is not actively participating in the program by submitting bids in Unison.

Interested parties shall provide their Cage Code and Unique Entity Identifier Numbers for verification of inclusion in the System for Award Management (SAM) along with a capabilities statement. The capabilities statement should include what the company's primary business practice/trade is, and whether the company is a manufacturer or a supplier/distributor. Interested parties shall indicate which commodities they are requesting inclusion in. Responsibility determinations will also precede issuance of a BPA and will be conducted in accordance with FAR Part 9.104. The Nonmanufacturer rule will apply to all nonmanufacturers in accordance with FAR Part 19.505(c). A nonmanufacturer is any concern, including suppliers, that proposes to furnish an end item that it did not itself manufacture, process or produce. Also, in accordance with FAR Part 19.505(c), a nonmanufacturer may not exceed 500 employees to be considered a small business. Because many NAWCAD

WOLF requirements utilize drawings for which Export Control Laws apply, interested parties should provide a copy of their current, approved DD Form 2345. Should a vendor need to apply for and obtain a DD Form 2345, please visit the Joint Certification Program DD 2345 webpage: https://public.logisticsinformationservice.dla.mil /PublicHome/jcp/default.aspx Vendors can be issued a BPA without the approved form; however, you may not be eligible to receive drawings if you do not have an approved DD Form 2345.

Delivery will normally be FOB Destination to St. Inigoes, MD. In the event that an FOB point other than St. Inigoes, MD is required, it will be specified in each individual solicitation and call. All BPA calls/orders shall be issued on a firm fixed-price basis. Companies interested in receiving a BPA shall submit the requested documentation no later than *<90 days after posting>, 04:00 pm (EST) via email to: colleen.g.coombs.civ@us.navy.mil. Please include N0042126Q1196 in the subject line.
Responses or questions concerning this announcement should reference the Synopsis Number N0042126Q1196 and should be directed to Colleen Coombs at colleen.g.coombs.civ@us.navy.mil

(B) A corresponding affirmation of continuous compliance by an affirming official (see 32 CFR 170.4); and

(ii) Not older than 180 days for Conditional Level 3 (Defense Industrial Base Cybersecurity Assessment Center (DIBCAC)) assessments, with-

(2) Prior to awarding a subcontract or other contractual instrument, ensure that the subcontractor has a current CMMC certificate or current CMMC status at the CMMC level that is appropriate for the information that is being flowed down to the subcontractor based on the requirements at 32 CFR 170.23.

(End of clause)
