Lefferts Pond Accessibility Improvements

Notice ID: 12445526Q0066

Pre-bid site visit was held at 9 am today (6/29/2026)

It was attended by Ray Harvey (Harvey's Excavating), Jack Bowen (Jack Bowen Excavating), Eric Martin (Kurtz Excavating), and Josh Cohen (Mountain View Earthworks)

David Donahue represented the Forest Service.

The Forest Service representative reviewed the scope of work for the contract and walked the site with the attendees.

Participants discussed the change to the period of performance (now 365 days). There was a discussion on dewatering and if it was needed for the floating dock install or just the earthwork. It was clarified that the earthwork is required to be dewatered according to Note 10 of the Plans. Also, it clarified that the Forest Service will accomplish the layout and staking according to Note 11 of the Plans.
