LBNL Response to Question 02 Re: LBNL RFP MG-06152026 – 07/07/2026

1. **For the drawings included in the package for AL-1889-5173. It looks like LBNL wants 40 units per the BOM, and the 4 units for First Article. The supplier could not identify an assembly drawing for this unit. Does the supplier just supply the piece parts only per the BOM?**

LBNL Response: The parts are to be provided unassembled, in kits per the SOW.

2. **For AL-1472-5177, -01, -02, -03, -04, -05, the supplier should quote 25ea. 50ea. for First Article. 100ea. 125ea?**

LBNL Response: Please quote quantities in accordance with Table 1 of the SOW

3. **The supplier could not identify the 515-KSKC documents/drawings?**

LBNL Response: They are not included because this is a commercial off-the-shelf product.
