14. DESCRIPTION OF AMENDMENT/MODIFICATION (CONTINUED)

1. Is this a new requirement, or is there a current incumbent contractor performing these services? If there is an incumbent contractor performing these services? If there is an incumbent, can you confirm whether the current contract is expiring or being re-competed?

Answer:This is a new requirement. The Belimed equipment on the SOW had a recent MOD done to remove the chamber cleanings so they are no longer being cleaned by Belimed.

2. The Statement of Work references two (2) ASP/Johnson & Johnson STERRAD 100NX units at the Nashville VAMC campus under under a Quarterly CAC PM schedule; however, these units do not appear on the Price/Cost Schedule (Attachment 1). Can you confirm whether pricing for the STERRAD 100NX units should be included in our quote, and if so, will an amendment be issued to add those line items?

Answer:For CLIN 1009 and 1010, 2009 and 2010, 3009 and 3010, 4009 and 4010, and 5009 and 5010 - EE164544 & EE164545 were turned in so they are no longer in service. These units were replaced by the 2- Sterrad 100NX's and the Price/Cost Schedule will be Update to show these two items in the LCINS mention above.

3. The SOW requires OEM training certificates to be submitted with the bid. Can you confirm whether certificates are are required for all equipment manufacturers listed (Belimed, Steris, and ASP/Johnson & Johnson), or only for the primar

Answer: After looking closer to this section in the SOW. This requirement is not really 'maintenance', just cleanings. So, I don't think OEM certificates are required. I am deleting this highlighted chunk below and attaching a new SOW that that doesn't have the certificates included.
