The Air Force Strategic Development Planning & Experimentation Office (SDPE) intends to host an Industry Day regarding Defense Experimentation Using the Commercial Space Internet. The Industry Day will be held at the Tec^Edge Innovation and Collaboration Center, 5000 Springfield Street, Suite 100, Dayton, OH 45431 and is scheduled to begin at 0800 EDT on August 25, 2017. The day will begin with a familiarization briefing on the topic and will include opportunities for industry interactions with government personnel. Attendance will be restricted to US contractors possessing a valid DD Form 2345, Militarily Critical Technical Data Agreement.

An ITAR-restricted package providing additional background information and a more detailed agenda will be available no later than August 9, 2017. Requests for this document should include at a minimum, the company name and address, and the technical point of contact (POC) name, phone number, and email address. Proof of ability to access ITAR information is required. All recipients must be U.S. citizens or permanent residents. Eligible contractors may request a copy of this package by e-mailing a copy of their DD Form 2345 to Dr. Brian Beal, brian.beal.1@us.af.mil on or after August 9, 2017.
