SOURCES SOUGHT

BUILDING PARTNER CAPACITY (BPC)
ZB-B-VCD MOROCCO
INTELLIGENCE TRAINING CENTER
ARCGIS LICENSES, SERVICES, AND TRAINING

DESCRIPTION

Geographic Information Systems (GIS) User and Enterprises licenses.

INTRODUCTION

The U.S. Army Contracting Command, Aberdeen Proving Ground (ACC-APG) on behalf of the Communications-Electronics Command Security Assistance Management directorate (CECOM-SAMD) is issuing this Sources Sought notice as a means of conducting market research to identify potential sources having an interest in, and industry technologies available to support/fulfill Building Partner Capacity (BPC) requirements for GIS software annual licenses for the Morocco Intelligence Training Center.

The result of this sources sought/market survey will contribute to determining the method of procurement if a requirement materializes. Based on the responses to this sources sought notice/market survey, this requirement may be set-aside for small businesses (in full or in part) or procured through full and open competition. Multiple awards may be made. All small business set-aside categories will be considered. Telephone inquiries will not be accepted or acknowledged, and no feedback or evaluations will be provided to companies regarding submissions. The U.S. Government requests that interested parties submit a brief description of your company, your company's solution, and your ability to meet potential system requirements.

DISCLAIMER

THIS SOURCES SOUGHT IS FOR INFORMATIONAL PURPOSES ONLY. THIS IS NOT A REQUEST FOR PROPOSAL (RFP) TO BE SUBMITTED. IT DOES NOT CONSTITUTE A SOLICITATION AND SHALL NOT BE CONSTRUED AS A COMMITMENT BY THE GOVERNMENT. RESPONSES IN ANY FORM ARE NOT OFFERS AND THE GOVERNMENT IS UNDER NO OBLIGATION TO AWARD A CONTRACT AS A RESULT OF THIS ANNOUNCEMENT. NO FUNDS ARE AVAILABLE TO PAY FOR PREPARATION OF RESPONSES TO THIS ANNOUNCEMENT. ANY INFORMATION SUBMITTED BY RESPONDENTS TO THIS SOURCES SOUGHT/MARKET RESEARCH IS STRICTLY VOLUNTARY.

PROGRAM BACKGROUND

CECOM-SAMD has a requirement for ArcGIS: ArcGIS Enterprise Professional \nPlus (formally Advanced) User\nType Annual Subscription, ArcGIS Enterprise Advanced Up\nto Four Cores Annual Subscription, Initial New OCONUS ArcGIS Enterprise Professional\nPlus Technical Assistance, and OCONUS Initial New ArcGIS 1 Introduction to GIS\n Training. These software licenses, services, and training, are Geographic Information Systems (GIS) software applications that make up the analytic platform for the country of Morocco.

REQUIRED CAPABILITIES

The purpose of this market research/sources sought is to identify interested sources that can provide and deliver ArcGIS Enterprise GIS Professional Advanced User Type Annual Licenses and ArcGIS Enterprise Professional \nPlus (formally Advanced) User\nType Annual Subscription, ArcGIS Enterprise Advanced Up\nto Four Cores Annual Subscription, Initial New OCONUS ArcGIS Enterprise Professional\nPlus Technical Assistance, and OCONUS Initial New ArcGIS 1 Introduction to GIS\n Training necessary to the country of Morocco, Intelligence Training Center and meet the following characteristics/requirements:

New software must be able to be integrated with existing platforms in the current analytic platform infrastructure. Includes the capability to supply the Country of Morocco, Intelligence Training Center Military Forces with software applications, services, and training of ArcGIS products

HARDWARE / SOFTWARE

GENERAL PURPOSE ADP EQUIPMENT, SOFTWARE, SUPPLIES, & SUPPORT EQUIPMENT

Contractor provides ArcGIS Enterprise Professional \nPlus User\nType Annual Subscription or similar capabilities consists of:

QTY	PART#	DESCRIPTION
10		ArcGIS Enterprise Professional \nPlus (formally Advanced) User\nType Annual Subscription or similar capabilities.

Contractor provides ArcGIS Enterprise Advanced Up\nto Four Cores Annual Subscription or similar capabilities.

QTY	PART#	DESCRIPTION
2		ArcGIS Enterprise Advanced Up\Into Four Cores Annual Subscription or similar capabilities.

SERVICES / TRAINING

OTHER TECHNICAL ASSISTANCE CONTRACTOR PERSONNEL ONLY

Contractor provides Initial New OCONUS ArcGis Enterprise Professional\n Plus Technical Assistance, consisting of:

QTY	PART#	DESCRIPTION
1		Initial New OCONUS ArcGIS Enterprise Professional\nPlus.

TRAINING

Contractor provides OCONUS Initial New ArcGIS 1 Introduction to GIS\n Training, consisting of:

QTY	PART#	DESCRIPTION
1		OCONUS Initial New ArcGIS 1 Introduction to GIS\n Training.

TRAINING

Contractor provides OCONUS Initial New ArcGIS Pro\n Plus Training, consisting of:

QTY	PART#	DESCRIPTION
1		OCONUS Initial New ArcGIS Pro\n Training.

TRAINING

Contractor provides OCONUS Initial New Spatial Analysis with ArcGIS Pro\n Training. Consisting of:

QTY	PART#	DESCRIPTION
1		OCONUS Initial New Spatial Analysis with ArcGIS Pro\n Training.

Request responses MUST include Rough Order of Magnitude (ROM) price for the equipment described

OPERATIVE AND TECHNICAL SPECIFICATIONS:

1. Technical Specifications:

    - ARCGIS ENTERPRISE PROFESSIONAL \NPLUS (FORMALLY ADVANCED) USER\NTYPE ANNUAL SUBSCRIPTION
    - ARCGIS ENTERPRISE ADVANCED UP\NTO FOUR CORES ANNUAL SUBSCRIPTION
    - INITIAL NEW OCONUS ARCGIS ENTERPRISE PROFESSIONAL\NPLUS TECHNICAL ASSISTANCE
    - OCONUS INITIAL NEW ARCGIS 1 INTRODUCTION TO GIS\N TRAINING

2. Background: Morocco has requested the USG provide ArcGIS software, services, and training.

3. Use Conditions: Geographic Information System (GIS) for the Morocco Intelligence Training Center as required in its analytic platform.

    a. Maintain the standardization and technological compatibility of the software that is requested and operating in the Morocco Intelligence Training Center, as well as the knowledge of the personnel regarding the operation and maintenance of the software requested by the BPC customer, Morocco.

    b. it is necessary to continue with the existing requested technology of the ArcGIS Licenses, Services, and Training, and will be utilized to benefit the Morocco Intelligence Training Center Forces.

4. Material Conditions: The software, whether provided via physical media or electronic delivery, software, and/or applications must be Quality A "New and Original" license key with current patches security measures to ensure optimal conditions for use.

5. To maintain the standardization and technological compatibility of the software that is requested and operating in the Morocco Intelligence Training Center. The Morocco Military Forces, in accordance with the considerations already mentioned, will only include that the software, services, and training required is a form, fit, function capacity for ArcGIS applications.

6. **NATO Codification System (NCS) Certification Request:** It is requested that the material comply with the agreements established under the NATO Codification System (NCS) and identified by the NATO Stock Number (NSN) to describe the technical specifications and physical characteristics required. Should the articles not arrive cataloged by the NATO Codification System, the following information is requested to be sent.

    a. In case the items are not cataloged in the NATO system, it is requested to provide the following information:

NATO Codification System (NCS) Certification"
1. Technical name of the article assigned by the manufacturer
2. Part number, reference, model assigned by the manufacturer
3. Data sheet of the item
4. Parts catalog
5. NATO number (National Stock Number); if applicable
6. Engineering and technical drawings or manufacturer

handbook
7. Expiration information of the articles
8. To which equipment does the item belong to
9. Final disposal at the end of its life cycle
10. Transportation and packing conditions

Manufacturer Information
1. Manufacturer Name
2. Address
3. Telephone
4. E-mail
5. Tax identification code
6. Country of origin

SPECIAL REQUIREMENTS

Any resulting contract is anticipated to have a security classification level of Unclassified. Any resulting contract shall be compliant with the specialty metals restriction of the Berry Amendment (10 U.S.C. 2533a and 2533b) in accordance with DFARS clauses 252.225-7008 and 252.225-7009.

ELIGIBILITY

The applicable NAICS code for this requirement is:

- 541360 GEOPHYSICAL SURVEYING AND MAPPING SERVICES.

The Product Service Code (PSC) is:

- C219 ARCHITECT AND ENGINEERING – GENERAL: OTHER.

SUBMISSION DETAILS

Interested sources should furnish the following information, in the format provided below:
(1) Name and address of company, with Commercial and Government Entity (CAGE) Code and Unique Entity Identification (UEI) number. Any interested company must be registered with SAM.gov.
(2) Point of Contact Name, Department, phone number, and email address.
(3) Identify past and current services your company offers that exactly match the capabilities specified above.
(4) Address your company's capability to act as a single provider for the hardware and services defined herein. If significant subcontracting or teaming is anticipated in order to deliver technical capability, organizations should address the administrative and management structure of such arrangements. No phone or email solicitations with regards to the status of any resulting request for proposal (RFP) will be accepted prior to its release.
(5) Please indicate whether your company is currently supplying a different generation or version of this item to the U.S. Government. If so, please provide the contract number.

RESPONSE DETAILS

Your response to this Sources Sought, including any capabilities statement(s), shall be electronically submitted to Contract Specialist, Emanuel Green in either Microsoft Word or Portable Document Format (PDF), via email emanuel.e.green3.civ@army.mil no later than 4:00 p.m. Eastern Standard (ES) on July 15, 2026.

Reference this sources sought/synopsis number in the e-mail subject line and on all enclosed documents. Responses shall include documented capability to deliver required radio systems and equipment. Information and materials submitted in response to this request WILL NOT be returned. DO NOT SUBMIT CLASSIFIED MATERIAL. All data received in response to this Sources Sought that is marked or designated as corporate or proprietary will be fully protected from any release outside the Government.
