Section C - Description/Specifications

Scope of Work

SCOPE OF WORK:

1. Surface preparation:
i. Remove any visible oil, grease or salt contaminants.

ii. All steel surfaces must be prepared in accordance with SSPC-SP 2 (Hand Tool Cleaning), SSPC-SP 3 (Power Tool Cleaning) and SSPC-SP 11 (Power-Tool Cleaning to Bare Metal) Standards. SP11 must only take place when necessary. Following hand and power tool cleaning, all surfaces must be brushed, blown clean with compressed air or vacuumed to remove all dust, and debris before the application of any coating. The Contractor must prevent the migration of debris, paint chips and dust to adjacent properties. All debris must be collected at the end of each workday. No debris must be left on-site overnight, and the premises must be returned to a clean condition upon completion of work.

iii. Hazardous Materials Requirements: The FAA completed lead, heavy metal (chromium and cadmium) and polychlorinated biphenyl (PCB) sampling on the 75' towers which were found to be detected. The contractor must review the attached sampling report to ensure awareness of the presence of hazardous materials and must ensure that all surface preparation work must comply with all local, state and federal requirements.

1. Summarized Results:
A. Tower A: Detected lead-based paint, polychlorinated biphenyls, chromium and cadmium.

B. Tower B: Detected lead-based paint, chromium and cadmium. PCBs were found to be not detected but Contractor must assume PCBs are present.

C. Tower C: Detected lead-based paint, polychlorinated biphenyls, chromium and cadmium.

D. Tower references are shown in a diagram in the last page of the sampling report.

2. Contractor must submit on a project specific Health and Safety Plan mitigating all hazard identified in the tower sampling report. All work must be completed in accordance with OSHA, EPA, SSPC/AMPP Standards and all other relevant standards. The Contractor must have a class 3P containment to prevent debris from spreading outside the worksite. See submittal section for all required submittals.

3. All waste must be disposed according to Connecticut Department of Energy and Environmental Protection and EPA regulations and disposed at waste facilities that accept the associated hazardous materials.

4. Contractor must provide a manifest in accordance with all federal, state and local standards.

2. Spot Prime Coat: All bare steel surfaces must receive one spot prime coat of Tnemec Series 135 Chembuild epoxy, or approved equal, in color 1243 Metallic Aluminum at 4-6 mil Dry Film Thickness (DFT). Follow all manufacturer requirements.

3. Full coat: Apply full coat of Tnemec Series 135 Chembuild epoxy, or approved equal, in color DC74 Off-White at 4-6 mil DFT on all exterior surfaces. Follow all manufacturer requirements.

4. Full Finish Coat: Apply one full finish coat of Tnemec Series 1095 Endura-Shield polyurethane, or approved equal, at 2.5-3.5 mils DFT on all exterior surfaces. Follow all manufacturer requirements.

5. The towers are equipped with a ladder and rail combination MSA dynaglide ladder safety system. The ladder safety system is hot dip galvanized, approximately 15 years old and in good condition. The contractor must only prepare and coat the ladder where it mounts to
the tower. The Contractor must remove any paint that is mistakenly placed inside the fall arrestor channel, so it does

not affect the performance of the system.

6. Remove rust at the conduit threads at the base of each tower. Coat with above coating system.

7. Measure thickness of coatings according to SSPC-PA 2. Take 4 sets of 3 individual readings per tower for each coat. Provide to the FAA copies of these results.

8. Apply new silane concrete sealer to existing exposed concrete foundation surfaces.

9. At the base of each tower is a bare #6 ground, partially in rigid conduit, that is clamped to a tower leg with a washer and structural bolt. Remove the #6 and associated rigid conduit to 1.5' below grade. Remove the existing bolt that was used to clamp the #6 and replace
with an ASTM A325 bolted connection to include bolt, hardened washer, nut and palnut. Bolted connection must be hot dip galvanized. Contractor to verify dimensions on site.

10. Contractor must install a new hot dip galvanized 1/4" thick A36 steel plate in the middle of the platform on each tower. Plate dimension is approximately 2.5'x2.5'. The purpose of the steel plate is to cover an existing hole in the platform where a piece of equipment
was removed. Redrill the existing six 3/8" bolt holes to ½" and install new ASTM A325 bolted connection. Contractor must verify and review all dimensions with the FAA. Contractor must remove the existing 3 metal strips and six bolts that currently cover the
platform opening.

11. The Contractor must review the provided as builts to ensure construction operations do not impact any existing equipment. The Contractor must protect the underground communication cables that travel from each tower to the stub ups at the building from heavy equipment.

12. The Contractor must be aware and plan for project phasing requirements that are listed below in the SOW.

13. Potential Additional Work (Contract Option #1): The Contractor must provide separate line-item pricing as part of their base bid proposal to coat the 200' hot dip galvanized steel lattice tower. Based on funding, this option may or may not be added to the contract.

3.1-1 CLAUSES AND PROVISIONS INCORPORATED BY REFERENCE (JUL 2019)

This screening information request (SIR) or contract, as applicable, incorporates by reference the provisions or clauses listed below with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make the full text available, or offerors and contractors may obtain the full text via Internet at: https://fast.faa.gov/contractclauses.cfm.

(End of clause)

3.10.4-2 INSPECTION OF SUPPLIES - FIXED PRICE (NOV 1997)

3.10.4-11 INSPECTION - DISMANTLING, DEMOLITION, OR REMOVAL OF IMPROVEMENTS (APR 1996)

3.10.4-10 INSPECTION OF CONSTRUCTION (SEP 2009)

(a) 'Work' includes, but is not limited to, materials, workmanship, and manufacture and fabrication of components.

(b) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work performed under the contract conforms to contract requirements. The Contractor shall maintain complete inspection records and make them available to the Government. All work shall be conducted under the general direction of the Contracting Officer and is subject to Government inspection and test at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the contract.

(c) Government inspections and tests are for the sole benefit of the Government and do not--

(1) Relieve the Contractor of responsibility for providing adequate quality control measures;

(2) Relieve the Contractor of responsibility for damage to or loss of the material before acceptance;

(3) Constitute or imply acceptance; or

(4) Affect the continuing rights of the Government after acceptance of the completed work under paragraph (i) below.

(d) The presence or absence of a Government inspector does not relieve the Contractor from any contract requirement, nor is the inspector authorized to change any term or condition of the specification without the Contracting Officer's written authorization.

(e) The Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer. The Government may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. The Government shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size, and performance tests shall be performed as described in the contract.

(f) The Contractor shall, without charge, replace or correct work found by the Government not to conform to contract requirements, unless the Government determines that it is in the public interest to accept the work with an appropriate adjustment in contract price. The Contractor shall promptly segregate and remove rejected material from the premises.

(g) If the Contractor does not promptly replace or correct rejected work, the Government may:

(1) by contract or otherwise, replace or correct the work and charge the cost to the Contractor or

(2) terminate for default the Contractor's right to proceed.

(h) If, before acceptance of the entire work, the Government decides to examine already completed work by removing it or tearing it out, the Contractor, on request, shall promptly furnish all necessary facilities, labor, and material. If the work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the Contractor shall defray the expenses of the examination and of satisfactory reconstruction. However, if the work is found to meet contract requirements, the Contracting Officer shall make an equitable adjustment for the additional services involved in the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.

(i) Unless otherwise specified in the contract, the Government shall accept, as promptly as practicable after completion and inspection, all work required by the contract or that portion of the work the Contracting Officer determines can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the Government's rights under any warranty or guarantee.

(j) In the absence of any formal disputes, a project will be deemed physically and financially complete within one year after final acceptance and excess funds will be deobligated at that time.

Clause List

3.10.1-23 CONTRACTING OFFICER'S REPRESENTATIVE-CONSTRUCTION CONTRACTS (APR 2012)

(a) The Contracting Officer may appoint other Government personnel to accomplish certain contract administration matters. While there shall be various titles and divisions of duties for these individuals, generically they are known as Contracting Officer's Representatives (CORs). The Contracting Officer will provide written notice of COR appointment(s), setting forth the authorities and limitations, to the Contractor within [Enter number of days] calendar days prior to the notice to proceed. COR duties may include, but are not limited to:

(1) Perform as the authorized representative of the Contracting Officer for technical matters, including interpretation of specifications and drawings, and inspection and review of work performed.

(2) Perform as the authorized representative of the Contracting Officer for administrative matters, including reviewing payments, and updated delivery schedules.

(b) These representatives are authorized to act for the Contracting Officer in all specifically delegated matters pertaining to the contract, except:

(1) contract modifications that change the contract price or cost, technical requirements or time for performance, unless delegated field change order authority;

(2) suspension or termination of the Contractor's right to proceed, either for default or for convenience;

(3) final decisions on any matters subject to appeal, e.g., disputes under the "Contract Disputes" clause; and

(4) final acceptance under the contract.

Section H - Special Contract Requirements

Clause List

3.1.9-1 ELECTRONIC COMMERCE AND SIGNATURE (JUL 2020)

(a) The Electronic Signatures in Global and National Commerce Act (E-SIGN) establishes a legal equivalence between:

(1) Contracts written on paper and contracts in electronic form;
(2) Pen-and-ink signatures and electronic signatures; and
(3) Other legally-required written records and the same information in electronic form.

(b) With the submission of an offer, the offeror acknowledges and accepts the utilization of electronic commerce as part of the requirements of this solicitation and the resultant contract.

(c) Certain documents may need to be provided or maintained in original form, such as large-scale drawings impractical to convert to electronic format or a document with a raised seal signifying authenticity. This clause does not change or affect any other requirements that a document must be in paper format to satisfy legal requirements such as for certain real estate transactions.

(d) The use of electronic signature technology is authorized under this solicitation and the resulting contract.

(e) Contractors must not digitally sign any documents with software that uses the Secure Hash Algorithm 1 (SHA-1). All digitally signed documents and contracts sent to the FAA must use a SHA-256 or higher hash algorithm. This is based on the National Institute of Standards and Technology (NIST) Policy Statement on Hash Functions dated August 5, 2015. Further guidance on the use of SHA-256 is in NIST Special Publication (SP) 800-57 Part 1, section 5.6.2 as amended and SP 800-131A, Revision 1 dated November 6, 2015. Additional guidance on the use of SHA-3 is in NIST SP 800-185 as amended.

(f) Contractors do not have to update documents previously digitally signed using SHA-1 hash algorithms unless the document requires updating. The FAA and contractors may continue to use SHA-1 for the following applications: Verifying old digital signatures and time stamps, generating and verifying hash-based message authentication codes (HMACs), key derivation functions (KDFs), and random bit/number generation.

(End of Clause)

3.8.2-17 KEY PERSONNEL AND FACILITIES (JUL 2019)

(a) The personnel and/or facilities as specified below are considered essential to the work being performed hereunder and may, with the consent of the contracting parties, be changed from time to time during the course of the contract.

(b) Prior to removing, replacing, or diverting any of the specified personnel and/or facilities, the Contractor must notify in writing, and receive consent from, the Contracting Officer reasonably in advance of the action and must submit justification (including proposed substitutions) in sufficient detail to permit evaluation of the impact on this contract.

(c) No diversion will be made by the Contractor without the written consent of the Contracting Officer.

(d) The key personnel and/or facilities under this contract are:

Project Manager Superintendent
Other Major Subcontractor Lead(s) [ ]
[ ] [ ]
[ ] [ ]

(List key personnel and/or facilities)

Federal Aviation Administration

ATTN: Joni Haynes Contracting Officer, AAQ- 5A0

joni.l.haynes@faa.gov

[Insert City, State and Zip]

It is agreed that the Federal Aviation Administration, the property owner(s) and their representatives will be held harmless by the Contractor for any loss or damage to sheds, tools, equipment, property and materials of the Contractor, and his subcontractors, their servants and employees, it being understood that the Contractor may at his expense carry any insurance which may be required to provide the necessary protection against such loss or damage.

The Contractor shall not commence work under the contract until he has obtained all the insurance required hereunder and such insurance has been approved by the Contracting Officer. Approval of the insurance by the Contracting Officer shall not relieve or decrease the liability of the Contractor.

The policy shall name "The United States of America, acting by and thought the Federal Aviation Administration" as an additional insured with respect to operations performed under this contract.

3.13-14 REPORTING EXECUTIVE COMPENSATION AND FIRST-TIER SUBCONTRACT AWARDS (APR 2025)

3.2.2.3-33 ORDER OF PRECEDENCE (APR 2024)

The order of precedence is:

(a) The Schedule (excluding the specifications);
(b) Representations;
(c) Contract clauses;
(d) Other documents, exhibits, and attachments;
(e) The specifications; and
(f) The drawings.

(End of clause)

3.2.2.3-37 NOTIFICATION OF OWNERSHIP CHANGES (APR 2023)

(a) The Contractor must notify FAA in writing within 30 days when the Contractor becomes aware that a change in ownership has occurred or will occur and that the change could affect the value of the Contractor's capitalized assets in the accounting records, asset valuations, or cause any other cost changes.

(b) The Contractor must:

(1) Maintain current, accurate, and complete inventory records of assets and their costs;

(2) Provide the Contracting Officer (CO) access to the records on request;

(3) Ensure that all individual and grouped assets, their capitalized values, accumulated depreciation or amortization, and remaining useful lives are identified accurately before and after each of the Contractor's ownership changes; and

(4) Retain and maintain depreciation and amortization schedules based on the asset records maintained before each ownership change.

(c) The substance of this clause must be included in all subcontracts under this contract.

(End of clause)

3.2.2.3-41 PERFORMING WORK (APR 2024)

The Contractor must perform, using its own organization, work equivalent to at least Twenty (20) percent of the total amount of work under the contract on the site. The CO may modify this contract to reduce this percentage if the Contractor requests a reduction and the CO determines that it would be to the FAA's advantage to do so.

(End of clause)

3.2.2.3-50 PROPERTY PROTECTION (JUL 2024)

(a) The Contractor must construct and maintain any temporary fences, gates and other facilities needed to preserve crops, control livestock, and protect property. Before cutting a fence, the Contractor must take necessary precautions to prevent livestock from straying. The Contractor must prevent loss of tension in or damage to adjacent portions of the fence. The Contractor must immediately replace all fencing and gates cut, removed, damaged, or destroyed with new materials to the original standard. Undamaged gates may be reused.

(b) The Contractor must comply with the property owner's requests to leave gates open or closed.

(c) The Contractor must use all necessary precautions to avoid destroying surveying markers such as section corners, witness trees, property corners, mining claim markers, bench markers, triangulation stations, and the like. If the Contractor must destroy any marker, the Contractor must first notify the agency responsible for the marker, as well as the Contracting Officer's (CO) representative, and replace the markers.

(d) The Contractor must use care to prevent unnecessary damage to property in or near the work area caused by the Contractor's work. Unnecessary damage is that which the Contractor can avoid through efficient and careful performance of the work, considering the Contractor's land rights. If the Contractor damages any property, the Contractor must at once notify the owner or custodian and make or arrange to make prompt and full restitution.

(e) Maps and specifications the FAA provides may not give the location of all water supply, drainage, irrigation, and other underground facilities. Before entering a tract of land for contract purposes, the Contractor must determine from the property owner (or other reasonably available source) the location of any irrigation system, domestic water system, source of water, and drainage system existing on the property, whether serving that property or other property. The Contractor must avoid damaging or obstructing these facilities or polluting water supplies.

(f) The Contractor must hold the FAA harmless from any and all suits, actions, and claims for damages, including environmental impairment, to property arising from any of the Contractor's acts or omissions, the Contractor's subcontractors, or any of the Contractor's employees or subcontractor employees, in any way related to the work or operations under this contract.

(g) The Contractor must indemnify and hold harmless the property owners or parties lawfully in possession against all claims or liabilities asserted by third parties, including all governmental agencies, resulting directly or indirectly from the Contractor's wrongful or negligent acts or omissions.

(End of clause)

3.2.2.3-56 SCHEDULES FOR CONSTRUCTION CONTRACTS (JUL 2024)

(a) The Contractor must, within five days after the work on the contract starts or after another period determined by the Contracting Officer (CO), prepare and submit to the CO for approval three copies of a baseline schedule showing the order in which the Contractor proposes to perform the work, and the dates the Contractor plans to start and finish the important stages of the work (including acquiring materials, plant, and equipment).

(b) If not otherwise detailed in the Specification, the baseline schedule must be in a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion during the Contract's period of performance. Schedule activity duration(s) must also be formulated with allowance for normal adverse weather conditions.

(c) Float available in the schedule, at any time must not be considered for the exclusive use of either the FAA or the Contractor. During the period of performance, any float generated due to the efficiencies of either party is not for the sole use of the party generating the float; rather, it is a shared commodity to be reasonably used by either party. Efficiencies gained as a result of favorable weather within a calendar month, where the number of days of normally anticipated unfavorable weather is less than expected, will also contribute to the reserve of float. A schedule showing work completed in less time than the Contract's period of performance, and accepted by the FAA, will be considered to have Project Float.

(d) With each payment request, the Contractor must submit a copy of the last schedule submitted, updated to show progress to date. Submittal of an accurate, updated schedule with the pay request is required prior to processing pay requests. The submittal of an updated schedule must include a narrative describing the progress made in each area of the project. If there are any proposed changes to the approved schedule activities, durations, logic interdependencies, milestones, planned sequence of operations, critical path, and resource loading, then the Contractor is responsible for submitting an amended schedule identifying and justifying the proposed changes.

(e) Review comments made by the FAA on the Contractor's schedule do not relieve the Contractor from compliance with the requirements of the Contract. The Contractor is responsible for scheduling, sequencing, and prosecuting the work to comply with the requirements of the Contract. The FAA's acceptance extends only to the activities of the Contractor's schedule that the FAA has been assigned responsibility for and to which it agrees it is responsible. Comments offered on the other parts of the schedule, which the Contractor is assigned responsibility, are offered as a courtesy and are not conditions of the FAA's acceptance.

(f) No time extensions will be granted nor delay damages paid unless a delay occurs that impacts the Project's critical path, consumes all available float or contingency time, and extends the work beyond the Contact Completion Date. Thus, to extend the agreed-upon period of performance, in addition to the narrative in (d), the Contractor must request an extension by citing specific contractual authority for the change, the facts supporting the change, and by detailing its analysis of the impact on the projected substantial completion date and the available float for all activities. The request must also include costs (if any) associated with the extension. Failure to include costs in the request will be treated as a waiver of costs.

(g) Scheduled completion date(s) that extend beyond the contract completion date(s) may be used in the FAA's assessment of payment withholdings. The use of this computation is not to be construed as acceleration.

(h) If at any time, in the CO's opinion, the Contractor has fallen behind the schedule to an extent that would jeopardize timely completion, the Contractor must take steps to improve progress, including those required by the CO, to enable timely completion without additional cost to the FAA. The CO may require the Contractor to increase the number of shifts, the amount of overtime, days of work each week, or the amount of construction plant being used. The Contractor must submit any recovery schedules the CO deems necessary to demonstrate how it will regain the rate of progress necessary for timely completion.

(i) If at any time during the performance of the Contract, the Contractor does not submit a schedule within the time prescribed, the FAA may withhold payments until the schedule is submitted.

(j) If the Contractor fails to comply with the CO's requirement under this clause, the CO may determine that the Contractor is not performing the work with enough diligence to ensure completing it within the time the contract requires. If the CO makes this determination, the CO may terminate this contract for default.

(End of clause)

3.2.2.3-60 SPECIFICATIONS, DRAWINGS, AND MATERIAL OFFERS (JUL 2024)

(a) If either the specifications or the drawings (but not both) mention tasks, the Contractor must assume that the tasks are in both. If the drawings and specifications differ, the specifications govern. If there is a discrepancy in the figures, in the drawings, or in the specifications, the Contractor must submit the matter promptly to the Contracting Officer (CO), who will promptly determine which governs, and notify the Contractor in writing. Any adjustment made by the Contractor without the CO's determination is at the Contractor's own risk and expense. As needed, the CO will provide necessary detailed drawings and other information, unless otherwise provided.

(b) Wherever in the specifications or the drawings, the FAA uses "directed," "required," "ordered," "designated," "prescribed," or similar words, they refer to the CO's requirements. Similarly, "approved," "acceptable," "satisfactory," or similar words refer to the CO's approval, unless otherwise expressly stated. The Contractor must have a complete set of plans and specifications on-site and available for the FAA's use.

(c) Where the FAA uses "as shown," "as indicated," "as detailed," or similar words, they refer to the drawings accompanying this contract, unless stated otherwise. The word "provided" means "provided and installed."

(d) Omissions from the drawings and specifications or the erroneous description of details of work which are necessary to carry out the intent of the drawings and specifications, or which are customarily performed, does not relieve the Contractor from performing those omitted or erroneously described details of the work. The Contractor must perform them as if fully and correctly set forth and described in the drawings and specifications.

(e) The Contractor must check all drawings the FAA provides before starting work and must promptly notify the CO of any discrepancies. In general, the Contractor should follow figures marked on drawings, rather than scale measurements. In general, large-scale drawings have precedence over small-scale drawings. The Contractor must compare all drawings and verify the figures before laying out the work. If the Contractor does not verify the figures, the Contractor will be responsible for any errors that might have been avoided had it verified them.

(f) "Shop drawings" means drawings, the Contractor or any subcontractor submit to the FAA under a construction contract, showing in detail the proposed fabrication and assembly of structural elements and the installation (that is, form, fit, and attachment details) of materials or equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials the Contractor provided to explain in detail specific portions of the work the contract requires.

The FAA may duplicate, use, and disclose in any manner and for any purpose shop drawings you deliver under this contract.

(g) If this contract requires material offers (for example, shop drawings, catalog cuts, certificates of conformance), the Contractor must coordinate all of its offers, and review them for accuracy, completeness, and compliance with contract requirements. The Contractor must provide evidence that it approves the submittals. If the Contractor submits materials to the FAA without this evidence, the FAA may return them and ask the Contractor to resubmit the materials. The CO will indicate whether he or she approves or disapproves the offer, and if the CO does not approve it as submitted, will indicate the reasons for rejecting it. Any work done before the CO's approval is at the Contractor's risk. The CO's approval does not relieve the Contractor from responsibility for any errors or omissions in the submittals, nor from responsibility for complying with the contract requirements, except as described under (h).

(h) If the submittals vary from the contract requirements, the Contractor must describe the variations in writing, separate from the submittal, when it submits them. Send this description, a copy of the offer, and a proposal to incorporate it into the contract directly to the CO. If the CO approves a variation, the CO must issue an appropriate contract modification, unless the variation is minor or does not involve a change in price or in time of performance.

(i) The Contractor must submit to the CO for approval four copies (unless otherwise indicated) of all shop drawings as called for under the various headings of these specifications. The CO will keep three sets (unless otherwise indicated) of all offers and will return one set to the Contractor.

(j) The Contractor must insert this clause, with appropriate changes in the designation of the parties, in all subcontracts.

(End of clause)

3.2.2.3-71 COMMENCEMENT, PROSECUTION, AND COMPLETION OF WORK (JUL 2024)

The Contractor must (a) begin work under this contract within Five (5) calendar days after the date the Contractor receives the notice to proceed, (b) perform the work diligently, and (c) complete the entire work ready for use not later than to be determined at time of award. The time stated for completion must include final cleanup of the premises.

(End of clause)

3.2.5-7 DISCLOSURE REGARDING PAYMENTS TO INFLUENCE CERTAIN FEDERAL TRANSACTIONS (OCT 2024)

(a) Definitions.

(1) "The Act," as used in this clause, means section 1352, title 31, United States Code.
(2) "Agency," as used in this clause, means executive agency, within the meaning of 5 U.S.C. 101, 102, and 104(I), and any wholly owned Government corporation within the meaning of 31 U.S.C. 9101.
(3) "Covered Federal action," as used in this clause, means any of the following Federal actions:

(i) The awarding of any Federal contract.
(ii) The making of any Federal grant.
(iii) The making of any Federal loan.
(iv) The entering into of any cooperative agreement.
(v) The extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(4) "Indian tribe" and "tribal organization," as used in this clause, have the meaning provided in section 4 of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 5304) and include Alaskan Natives.
(5) "Influencing or attempting to influence," as used in this clause, means making, with the intent to influence, any communication to or appearance before an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with any covered Federal action.
(6) "Local government," as used in this clause, means a unit of government in a State and, if chartered, established, or otherwise recognized by a State for the performance of a governmental duty, including a local public authority, a special district, an intrastate district, a council of governments, a sponsor group representative organization, and any other instrumentality of a local government.
(7) "Officer or employee of an agency," as used in this clause, includes the following individuals who are employed by an agency:

(i) An individual who is appointed to a position in the Government under title 5, United States Code, including a position under a temporary appointment.
(ii) A member of the uniformed services, as defined in subsection 101(3), title 37, United States Code.
(iii) A special Government employee, as defined in section 202, title 18, United States Code.
(iv) An individual who is a member of a Federal advisory committee, as defined by the Federal Advisory Committee Act, title 5, United States Code, appendix 2.

(8) "Person," as used in this clause, means an individual, corporation, company, association, authority, firm, partnership, society, State, and local government, regardless of whether such entity is operated for profit, or not for profit. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.
(9) "Reasonable compensation," as used in this clause, means, with respect to a regularly employed officer or employee of any person, compensation that is consistent with the normal compensation for such officer or employee for work that is not furnished to, not funded by, or not furnished in cooperation with the Federal Government.
(10) "Reasonable payment," as used in this clause, means, with respect to professional and other technical services, a payment in an amount that is consistent with the amount normally paid for such services in the private sector.
(11) "Recipient," as used in this clause, includes the Contractor and all subcontractors. This term excludes an Indian tribe, tribal organization, or any other Indian organization with respect to expenditures specifically permitted by other Federal law.
(12) "'Regularly employed," as used in this clause, means, with respect to an officer or employee of a person requesting or receiving a Federal contract, an officer or employee who is employed by such person for at least 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person for receipt of such contract. An officer or employee who is employed by such person for less than 130 working days within 1 year immediately preceding the date of the submission that initiates agency consideration of such person must be considered to be regularly employed as soon as the officer or employee is employed by such person for 130 working days.
(13) "State," as used in this clause, means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a territory or possession of the United States, an agency or instrumentality of a State, and multi-State, regional, or interstate entity having governmental duties and powers.

(b) Prohibitions. The offeror, by signing its offer, hereby certifies to the best of his or her knowledge and belief that:

(1) No Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan, or cooperative agreement;
(2) If any funds other than Federal appropriated funds (including profit or fee received under a covered Federal action) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with the screening information request (SIR), the offeror must complete and submit, with its offer, OMB Standard Form LLL, Disclosure of Lobbying Activities, to the Contracting Officer; and
(3) The offeror will include the language of this clause in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of $150,000 must disclose accordingly.
(4) This certification and disclosure is a prerequisite for making or entering into this contract imposed by the Act. Any person who makes a prohibited expenditure or fails to file or amend a disclosure form, must be subject to a civil penalty of not less than $10,000 and not more than $100,000, for each such failure.

(c) The prohibitions of the Act do not apply under the following conditions:

(1) Agency and legislative liaison by its own employees.

(i) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of a payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action if the payment is for agency and legislative liaison activities not directly related to a covered Federal action.
(ii) For purposes of subdivision (c)(1)(i) of this clause, providing any information specifically requested by an agency or Congress is permitted at any time.
(iii) The following agency and legislative liaison activities are permitted at any time where they are not related to a specific solicitation for any covered Federal action:

(A) Discussing with an agency the qualities and characteristics (including individual demonstrations) of the person's products or services, conditions or terms of sale, and service capabilities.
(B) Technical discussions and other activities regarding the application or adaptation of the person's products or services for an agency's use.

(iv) The following agency and legislative liaison activities are permitted where they are prior to the Screening Information Request (SIR) of any covered Federal action:

(A) Providing any information not specifically requested but necessary for an agency to make an informed decision about initiation of a covered Federal action;
(B) Technical discussions regarding the preparation of an unsolicited proposal prior to its official submission; and
(C) Capability presentations by persons seeking awards from an agency pursuant to the provisions of a law authorizing such actions;

(2) Professional and technical services.

(i) The prohibition on the use of appropriated funds, in subparagraph (b)(1) of this clause, does not apply in the case of:

(A) A payment of reasonable compensation made to an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action, if payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of submittal/offer or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action.
(B) Any reasonable payment to a person, other than an officer or employee of a person requesting or receiving a covered Federal action or an extension, continuation, renewal, amendment, or modification of a covered Federal action if the payment is for professional or technical services rendered directly in the preparation, submission, or negotiation of any submittal/offer or application for that Federal action or for meeting requirements imposed by or pursuant to law as a condition for receiving that Federal action. Persons other than officers or employees of a person requesting or receiving a covered Federal action include consultants and trade associations.

(ii) For purposes of subdivision (c)(2)(i) of this clause, 'professional and technical services' must be limited to advice and analysis directly applying any professional or technical discipline. For example, drafting of a legal document accompanying a submittal/offer by a lawyer is allowable. Similarly, technical advice provided by an engineer on the performance or operational capability of a piece of equipment rendered directly in the negotiation of a contract is allowable. However, communications with the intent to influence made by a professional (such as a licensed lawyer) or a technical person (such as a licensed accountant) are not allowable under this section unless they provide advice and analysis directly applying their professional or technical expertise and unless the advice or analysis is rendered directly and solely in the preparation, submission or negotiation of a covered Federal action. Thus, for example, communications with the intent to influence made by a lawyer that do not provide legal advice or analysis directly and solely related to the legal aspects of his or her client's submittal/offer, but generally advocate one proposal over another are not allowable under this section because the lawyer is not providing professional legal services. Similarly, communications with the intent to influence made by an engineer providing an engineering analysis prior to the preparation or submission of a submittal/offer are not allowable under this section since the engineer is providing technical services but not directly in the preparation, submission or negotiation of a covered Federal action.
(iii) Requirements imposed by or pursuant to law as a condition for receiving a covered Federal award include those required by law or regulation and any other requirements in the actual award documents.

(iv) The reporting requirements herein must not apply with respect to payments of reasonable compensation made to regularly employed officers or employees of a person.

(3) Only those communications and services expressly authorized by paragraphs (c)(1) and (2) of this clause are permitted under this clause.

(d) Disclosure.

(1) If the Contractor, who requests or receives from an agency a Federal contract, has made or has agreed to make any payment using non-appropriated funds (to include profits from any Covered Federal action), to any person for the purpose of influencing or attempting to influence an officer or employee of any Agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress on his or her behalf in connection with a Covered Federal action, the Contractor must file with that agency a disclosure form, OMB Standard Form LLL, Disclosure of Lobbying Activities..
(2) The Contractor must file a disclosure form at the end of each calendar quarter in which there occurs any event that materially affects the accuracy of the information contained in any disclosure form previously filed by such person under subparagraph (d)(1) of this clause. An event that materially affects the accuracy of the information reported includes:

(i) A cumulative increase of $25,000 or more in the amount paid or expected to be paid for influencing or attempting to influence a covered Federal action; or
(ii) A change in the person(s) or individual(s) influencing or attempting to influence a covered Federal action; or
(iii) A change in the officer(s), employee(s), or Member(s) contacted to influence or attempt to influence a covered Federal action.

(3) The Contractor must require the certification, and if required, a disclosure form by any person who requests or receives any subcontractor exceeding $150,000 under the Federal contract.
(4) All subcontractor disclosure forms must be forwarded from tier to tier until received by the prime Contractor. The prime Contractor must submit all disclosures to the Contracting Officer at the end of the calendar quarter in which the disclosure form is submitted by the subcontractor.

(e) Agreement. The Contractor agrees not to make any payment prohibited by this clause.

(f) Penalties.

(1) Any person who makes an expenditure prohibited under paragraph (b) of this clause or fails to file or amend the disclosure form to be filed or amended by paragraph (b) must be subject to civil penalties as provided for by 31 U.S.C. 1352. An imposition of a civil penalty does not prevent the Government from seeking any other remedy that may be applicable.
(2) Contractors may rely without liability on the representations made by their subcontractors in the certification and in the disclosure form.

(g) Cost allowability. Nothing in this clause makes allowable or reasonable any costs which would otherwise be unallowable or unreasonable. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any other provision.

(End of clause)

3.3.1-2 PAYMENTS UNDER FIXED-PRICE CONSTRUCTION CONTRACTS (OCT 2024)

(a) The FAA will pay the Contractor the contract price as provided in this contract.

(b) The FAA will make financing payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer (CO), on estimates of work accomplished that meets the standards of quality established under the contract, as approved by the CO. The Contractor must furnish a breakdown of the total contract price showing the amount included therein for each principal category of the work, which must substantiate

the payment amount requested in order to provide a basis for determining financing payments, in such detail as requested by the CO. In the preparation of estimates, the CO may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site may also be taken into consideration if --

(1) Consideration is specifically authorized by this contract; and

(2) The Contractor furnishes satisfactory evidence that it has acquired title to such material and that the material will be used to perform this contract.

(c) Along with each request for financing payments, the contractor must furnish the following certification, or payment will not be made:
I hereby certify, to the best of my knowledge and belief, that-

(1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;

(2) Payments to subcontractors and suppliers have been made from previous payments received under the contract, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements and the requirements of chapter 39 of Title 31, United States Code; and

(3) This request for financing payments does not include any amounts that the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract.

_____
(Name)

_____
(Title)

_____
(Date)

(d) If the Contractor, after making a certified request for financing payments, discovers that a portion or all of such request constitutes a payment for performance by the Contractor that fails to conform to the specifications, terms, and conditions of this contract (hereinafter referred to as the unearned amount), the Contractor must-

(1) Notify the CO of such performance deficiency;

(2) Be obligated to pay the FAA an amount (computed by the CO in the manner provided in "Interest" clause) equal to interest on the unearned amount from the date of receipt of the unearned amount until-

(i) The date the Contractor notifies the CO that the performance deficiency has been corrected; or

(ii) The date the Contractor reduces the amount of any subsequent certified request for financing payments by an amount equal to the unearned amount.

(e) If the CO finds that satisfactory progress was achieved during any period for which a progress payment is to be made, the CO will authorize payment to be made in full. However, if satisfactory progress has not been made, the CO may retain a maximum of 10 percent of the amount of the payment until satisfactory progress is achieved. When the work is substantially complete, the CO may retain from previously withheld funds and future financing payments that amount the CO considers adequate for protection of the FAA and will release to the Contractor all the remaining withheld funds. Also, on completion and acceptance of each separate building, public work, or other division of the contract, for which the price is stated separately in the contract, payment will be made for the completed work without retention of a percentage.

(f) All material and work covered by financing payments made will, at the time of payment, become the sole property of the FAA, but this will not be construed as--

(1) Relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or

(2) Waiving the right of the FAA to require the fulfillment of all the terms of the contract.

(g) In making these financing payments, the FAA will, upon request, reimburse the Contractor for the amount of premiums paid for performance and payment bonds (including coinsurance and reinsurance agreements, when applicable) after the Contractor has furnished evidence of full payment to the surety. The retainage provisions in paragraph (e) above will not apply to that portion of financing payments attributable to bond premiums.

(h) The FAA will pay the amount due the Contractor under this contract after-

(1) Completion and acceptance of all work;

(2) Presentation of a properly executed voucher; and

(3) Presentation of release of all claims against the FAA arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned.

(i) Notwithstanding any provision of this contract, financing payments will not exceed 80 percent on work accomplished on undefinitized contract actions. A contract action is any action resulting in a contract, including contract modifications for additional supplies or services, but not including contract modifications that are within the scope and under the terms of the contract, such as contract modifications issued pursuant to the "Changes" clause, or funding and other administrative changes.

(End of clause)

3.3.1-33 SYSTEM FOR AWARD MANAGEMENT (JAN 2024)

(a) Definitions. As used in this clause

"Registered in the SAM database" means that the Contractor has entered all mandatory information, including the Unique Identity Identifier (UEI) or the Electronic Funds Transfer indicator, into the SAM database.

"System for Award Management (SAM) database" means the primary Government repository for Contractor information required for the conduct of business with the Government.

"Unique Entity Identifier (UEI)" (also known as the Unique Entity ID) means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing unique entity identifiers.

"Electronic Funds Transfer indicator" means a 4-character suffix to the Unique Entity Identifier. This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

(b)(1) By submission of an offer, the offeror acknowledges the requirement that a prospective awardee must be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.

(2) The offeror must enter, in Representations, Certifications and Other Statements of Offerors Section of the solicitation, the UEI or EFT indicator that identifies the offeror's name and address exactly as stated in the offer. The UEI will be used by the Contracting Officer to verify that the offeror is registered in the SAM database.

(c) If the offeror does not have a UEI, it should contact www.sam.gov directly to obtain one.

The offeror should be prepared to provide the following information:

(1) Company legal business name.
(2) Tradestyle, doing business, or other name by which your entity is commonly recognized.
(3) Company Physical Street Address, City, State, and ZIP Code.
(4) Company Mailing Address, City, State and ZIP Code (if different from physical street address).
(5) Company Telephone Number.
(6) Date the company was started.
(7) Number of employees at your location.
(8) Chief executive officer/key manager.
(9) Line of business (industry).
(10) Company Headquarters name and address (reporting relationship within your entity).

(d) If the offeror does not become registered in the SAM database in the time prescribed by the Contracting Officer, the Contracting Officer may proceed to award to the next otherwise successful registered offeror.

(e) Processing time should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document. If registered in SAM as a Service-Disabled Veteran-Owned Small Business (SDVOSB), by submission of an offer, the offeror acknowledges that they are certified as an SDVOSB under the Small Business Administration's Veteran Small Business Certification Program (VetCert).

(g)(1)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in AMS Procurement Guidance, the Contractor must provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to:

(A) Change the name in the SAM database;
(B) Comply with the requirements of AMS regarding novation and change-of-name agreements; and
(C) Agree in writing to the timeline and procedures specified by the responsible Contracting Officer. The Contractor must provide the Contracting Officer with the notification, sufficient documentation to support the legally changed name.

(ii) If the Contractor fails to comply with the requirements of paragraph (g)(1)(i) of this clause, or fails to perform the agreement at paragraph (g)(1)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(2) The Contractor must not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims. Assignees must be separately registered in the SAM database. Information provided to the Contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at http://www.sam.gov.

(End of Clause)

3.3.2-1 FAA COST PRINCIPLES (OCT 2019)

(a) Federal Aviation Administration (FAA) "Contract Cost Principles" must be used for:

(1) The pricing of contracts, subcontracts, and modifications to contracts and subcontracts whenever cost analysis is performed; and

(2) The determination, negotiation, or allowance of costs when required by a contract clause.

(b) The Contracting Officer will incorporate the FAA cost principles and procedures in contracts with commercial organizations as the basis for:

(1) Determining reimbursable costs under

(i) Cost-reimbursement contracts and cost-reimbursement subcontracts under these contracts performed by commercial organizations and

(ii) The cost-reimbursement portion of time-and-materials contracts except when material is priced on a basis other than at cost;

(2) Negotiating indirect cost rates, when:

(i) FAA has division or corporate contract administration responsibilities;

(ii) Quick Close-out procedures are used; or

(iii) Indirect rate caps are negotiated in the contract.

(3) Proposing, negotiating, or determining costs under terminated contracts;

(4) Price revision of fixed-price incentive contracts;

(5) Price redetermination of price redetermination contracts; and

(6) Pricing changes and other contract modifications.

(c) When division or corporate contract administration responsibilities rest with another Government agency, the FAA will apply the cost principles of the administering agency for the determination or negotiation of indirect rates not covered by (2)(ii) or (2)(iii) above.

(d) Upon request, the Contracting Officer will provide a copy of the FAA "Contract Cost Principles."

(End of clause)

3.4.1-4 PERFORMANCE BOND REQUIREMENTS (JAN 2017)

(a) The contractor is required to submit a performance bond in a penal amount equal to 100 percent of the contract price, but for this contract the amount required by the Contracting Officer is 100 percent.

(b) The bond must be executed on specified forms, and sureties must be acceptable to the Federal Aviation Administration. Corporate sureties must appear on the list in Treasury Circular 570, and the amount of the bond may not exceed the underwriting limit stated for the surety on that list.

(c) Failure to submit an acceptable bond may be cause for termination of the contract for default.

(End of clause)

3.4.1-5 PAYMENT BOND REQUIREMENTS (JAN 2018)

(a) The contractor is required to submit a payment bond in the penal amount of 100 percent of the total contract price within the time required by the Contracting Officer.

(b) The bond must be executed on the forms attached to this SIR, and sureties must be acceptable to the Federal Aviation Administration. Corporate sureties must appear on the list in Treasury Circular 570, and the amount of the bond may not exceed the underwriting limit stated for the surety on that list.

(c) Failure to submit an acceptable bond may be cause for termination of the contract for default.

3.4.1-7 NOTICE TO PROCEED (OCT 2019)

The contractor must not initiate work under this contract until it has received a notice to proceed in writing from the Contracting Officer.

(End of clause)

3.6.2-14 EMPLOYMENT REPORTS ON VETERANS (APR 2022)

(a) Unless the contractor is a State or local government agency, the contractor must report at least annually, as required by the Secretary of Labor, on:

> (1) The total number of employees in the contractor's workforce, by job category and hiring location, who are protected veterans (i.e., active duty wartime or campaign badge veterans, Armed Forces service medal veterans, disabled veterans, and recently separated veterans),
>
> (2) The total number of new employees hired during the period covered by the report, and of the total, the number of protected veterans; and
>
> (3) The maximum number and minimum number of employees of the Contractor or subcontractor at each hiring location during the period covered by the report.

(b) The above items must be reported by completing the VETS-4212 "Federal Contractor Veterans' Employment Report" (see "VETS-4212 Federal Contractor Reporting" and "Filing Your VETS-4212 Report" at http://www.dol.gov/vets/vets4212.htm).'

(c) The Contractor must submit VETS-4212 Reports no later than September 30 of each year.

(d) The employment activity report required by paragraphs (a)(2) and (a)(3) of this clause shall reflect total new hires, and maximum and minimum number of employees, during the most recent 12-month period preceding the ending date selected for the report. Contractors may select an ending date:

> (1) As of the end of any pay period between July 1 and August 31 of the year the report is due; or
>
> (2) As of December 31, if the Contractor has prior written approval from the Equal Employment Opportunity Commission to do so for purposes of submitting the Employer Information Report EEO-1 (Standard Form 100).

(e) The count of veterans reported must be based on data known to the contractor when completing the VETS-4212. The Contractor's knowledge of veterans status may be obtained in a variety of ways, including an invitation to applicants to self-identify (in accordance with 41 CFR 60-300.42), voluntary self-disclosure by employees, or actual knowledge of veteran status by the contractor. This paragraph does not relieve the employer of liability for a determination under 38 U.S.C. 4212.

(f) Subcontracts. The Contractor must include the terms of this clause in every subcontract or purchase order of $150,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor.

(End of clause)

3.6.2-18 DAVIS BACON ACT (APR 2025)

(a) All laborers and mechanics employed or working upon the site of the work will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (d) of this clause; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period are deemed to be constructively made or incurred during such period. Such laborers and mechanics must be paid not less than the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in the clause titled "Apprentices and Trainees." Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (b) of this clause) and the Davis-Bacon poster (WH-1321) must be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(b) Additional wage classifications.

(1) The Contracting Officer (CO) may require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract must be classified in conformance with the wage determination. The CO may approve an additional classification, and wage rate and fringe benefits, therefore, only when all the following criteria have been met:

(A) The classification is utilized in the area by the construction industry.

(B) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(2) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the CO agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken must be sent by the CO to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator or an authorized representative will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the CO or will notify the CO within the 30-day period that additional time is necessary.

(3) In the event the Contractor, the laborers or mechanics to be employed in the classification, or their representatives, and the CO do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the CO may refer the questions, including the views of all interested parties and the recommendation of the CO, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and advise the CO or will notify the CO within the 30-day period that additional time is necessary.

(4) The wage rate (including fringe benefits, where appropriate) determined pursuant to subparagraphs (b)(2) or (b)(3) of this clause must be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(c) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor must either pay the benefit as stated in the wage determination or must pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(d) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(e) The FAA reserves the unilateral right to modify this contract to incorporate changes to the wage rates issued by the Department of Labor. If such changes cause an increase or decrease in the contractor's cost of performance, the CO may equitably adjust the contract price.

(f) The Contractor must comply with the requirements of the Copeland ("Anti-Kickback") Act (18 U.S.C. 874 and 40 U.S.C. 276c) and its implementing regulations (29 CFR Part 3), which prohibit inducing or intimidating employees to accept lessor compensation than they are entitled to under a contract of employment.

(g) Certification of eligibility.

> (1) By entering into this contract, the Contractor certifies that neither it nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act (40 U.S.C. 3144(b)(2)) or 29 CFR 5.12(a)(1).
>
> (2) All parts of this contract are prohibited from being subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act (40 U.S.C. 3144(b)(2)) or 29 CFR 5.12(a)(1).
>
> (3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

(End of clause)

3.6.2-41 EMPLOYMENT ELIGIBILITY VERIFICATION (APR 2025)

(a) Definitions:

"Employee assigned to the contract" means an employee who was hired after November 6, 1986, who is directly performing work, in the United States, under a contract that is required to include the Employment Eligibility Verification clause. An employee is not considered to be directly performing work under a contract if the employee-

> (1) Normally performs support work, such as indirect or overhead functions; and
>
> (2) Does not perform any substantial duties applicable to the contract.

"Subcontract" means any contract entered into by a subcontractor to furnish supplies or services for performance of a prime contract or a subcontract. It includes but is not limited to purchase orders, and changes and modifications to purchase orders.

"Subcontractor" means any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime Contractor or another subcontractor.

"United States", as defined in 8 U.S.C. 1101(a)(38), except as otherwise specifically provided (in this statute) means the 50 States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(b) Enrollment and verification requirements.

(1) If the Contractor is not enrolled as a Federal Contractor in Department of Homeland Security's (DHS) Employment Eligibility Verification system ("E-Verify") at time of contract award, the Contractor must use E-Verify, located on DHS.gov, and-

(i) Enroll. Enroll as a Federal Contractor in the E-Verify program within 30 calendar days of contract award;

(ii) Verify all new employees. Within 90 calendar days of enrollment in the E-Verify program, begin to use E-Verify to initiate verification of employment eligibility of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3)); and

(iii) Verify employees assigned to the contract. For each employee assigned to the contract, initiate verification within 90 calendar days after date of enrollment or within 30 calendar days of the employee's assignment to the contract, whichever date is later (but see paragraph (b)(4)).

(2) If the Contractor is enrolled as a Federal Contractor in E-Verify at time of contract award, the Contractor must use E-Verify to initiate verification of employment eligibility of-

(i) All new employees.

(A) Enrolled 90 calendar days or more. The Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3)); or

(B) Enrolled less than 90 calendar days. Within 90 calendar days after enrollment as a Federal Contractor in E-Verify, the Contractor must initiate verification of all new hires of the Contractor, who are working in the United States, whether or not assigned to the contract, within 3 business days after the date of hire (but see paragraph (b)(3)); or

(ii) Employees assigned to the contract. For each employee assigned to the contract, the Contractor must initiate verification within 90 calendar days after date of contract award or within 30 calendar days after assignment to the contract, whichever date is later (but see paragraph (b)(4)).

(3) If the Contractor is an institution of higher education (as defined at 20 U.S.C. 1001(a)); a State or local government or the government of a Federally recognized Indian tribe; or a surety performing under a takeover agreement entered into with a Federal agency pursuant to a performance bond, the Contractor may choose to verify only employees assigned to the contract, whether existing employees or new hires. The Contractor must follow the applicable verification requirements at paragraph (b)(1) or (b)(2), respectively, except that any requirement for verification of new employees applies only to new employees assigned to the contract.

(4) Option to verify employment eligibility of all employees. The Contractor may elect to verify all existing employees hired after November 6, 1986, rather than just those employees assigned to the contract. The Contractor must initiate verification for each existing employee working in the United States who was hired after November 6, 1986, within 180 calendar days of-

(i) Enrollment in the E-Verify program; or

(ii) Notification to E-Verify Operations of the Contractor's decision to exercise this option, using the contact information provided in the E-Verify program Memorandum of Understanding (MOU).

(5) The Contractor must comply, for the period of performance of this contract, with the requirements of the E-Verify program MOU.

(i) DHS or the Social Security Administration may terminate the Contractor's MOU and deny access to the E-Verify system in accordance with the terms of the MOU. In such case, the Contractor will be referred to a suspension or debarment official by the terminating agency.

(ii) During the period between termination of the MOU and a decision by the suspension or debarment official whether to suspend or debar, the Contractor is excused from its obligations under paragraph (b) of this clause. If the Contractor is suspended or debarred as a result of the MOU termination, the contractor is not eligible to participate in E-Verify during the period of its suspension or debarment. If the suspension or debarment official determines not to suspend or debar the Contractor, then the Contractor must reenroll in E-Verify.

(c) Individuals previously verified. The Contractor is not required by this clause to perform additional employment verification using E-Verify for any employee-

(1) Whose employment eligibility was previously verified by the Contractor through the E-Verify program;

(2) Who has been granted and holds an active U.S. Government security clearance for access to confidential, secret, or top secret information in accordance with the National Industrial Security Program Operating Manual; or

(3) Who has undergone a completed background investigation and been issued credentials pursuant to Homeland Security Presidential Directive (HSPD)-12, Policy for a Common Identification Standard for Federal Employees and Contractors.

(d) Subcontracts. The Contractor must include the requirements of this clause, including this paragraph (d) (appropriately modified for identification of the parties), in each subcontract that is for Noncommercial services or construction with a value greater than $10,000 and includes work that is performed in the United States.

(End of clause)

3.6.3-3 HAZARDOUS MATERIAL IDENTIFICATION AND MATERIAL SAFETY DATA (OCT 2024)

(a) Hazardous material, as used in this clause, includes any material defined as hazardous under the latest version of Federal Standard No. 313 (FED-STD-313) (including revisions adopted during the term of the contract).

(b) The offeror must list any hazardous material, as defined in paragraph (a) of this clause, to be delivered under this contract. The hazardous material shall be properly identified and include any applicable identification number, such as National Stock Number or Special Item Number. This information shall also be included on the Safety Data Sheet submitted under this contract.

Material (If none, insert None): _____

Identification No.: _____

(c) The apparently successful offeror, by acceptance of the contract, certifies that the list in paragraph (b) of this clause is complete. This list must be updated during performance of the contract whenever the Contractor determines that any other material to be delivered under this contract is hazardous.

(d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with FED-STD-313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Safety Data Sheet prior to award may result in the apparently successful offeror being considered non-responsible and ineligible for award.

(e) If, after award, there is a change in the composition of the item(s) or a revision to FED-STD-313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause or the certification submitted under paragraph (c) of this clause, the Contractor shall promptly notify the Contracting Officer (CO) and resubmit the data.

(f) Neither the requirements of this clause nor any act or failure to act by the Government shall relieve the Contractor of any responsibility or liability for the safety of Government, Contractor, or subcontractor personnel or property.

(g) Nothing contained in this clause shall relieve the Contractor from complying with applicable Federal, State, and local laws, codes, ordinances, and regulations (including the obtaining of licenses and permits) in connection with hazardous material.

(h) The Government's rights in data furnished under this contract with respect to hazardous material are as follows:

(1) To use, duplicate and disclose any data to which this clause is applicable. The purposes of this right are to:

(i) Apprise personnel of the hazards to which they may be exposed in using, handling, packaging, transporting, or disposing of hazardous materials;

(ii) Obtain medical treatment for those affected by the material;

(iii) Have others use, duplicate, and disclose the data for the Government for these purposes.

(2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h)(1) of this clause, in precedence over any other clause of this contract providing for rights in data.

(3) The Government is not precluded from using similar or identical data acquired from other sources.

(i) Except as provided in paragraph (i)(2) the Contractor shall prepare and submit a sufficient number of Safety Data Sheets, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of FED-STD-313, for all hazardous materials identified in paragraph (b) of this clause.

(1) For items shipped to consignees, the Contractor shall include a copy of the Safety Data Sheets with the packing list or other suitable shipping document which accompanies each shipment. Alternatively, the Contractor is permitted to transmit Safety Data Sheets to consignees in advance of receipt of shipments by consignees, if authorized in writing by the CO.

(2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer supply centers, the Contractor shall provide one copy of the Safety Data Sheets in or on each shipping container. If affixed to the outside of each container, the Safety Data Sheets must be placed in a weather resistant envelope.

(End of clause)

3.6.3-5 ESTIMATE OF PERCENTAGE OF RECOVERED MATERIAL FOR DESIGNATED ITEMS TO BE USED IN THE PERFORMANCE OF THE CONTRACT (OCT 2024)

(a) Definitions. As used in this clause:
(1) "Post-consumer material" means a material or finished product that has served its intended use and has been discarded for disposal or recovery, having completed its life as a consumer item. Post consumer material is a part of the broader category of "recovered material."
(2) "Recovered material" means waste materials and by-products recovered or diverted from solid waste including post-consumer material, but such term does not include those materials and by-products generated from, and commonly reused within, an original manufacturing process.

(b) The Contractor, on completion of this contract must:
(1) Estimate the percentage of the total recovered material for EPA-designated item(s) delivered and/or used in contract performance including, if applicable, the percentage of post-consumer recovered material; and
(2) Submit this estimate to Contracting Officer upon request.

(End of clause)

3.6.3-8 ALTERNATIVES TO PRODUCTS CONTAINING OZONE DEPLETING SUBSTANCES AND HYDROFLUOROCARBONS (APR 2025)

(a) In accordance with the Clean Air Act Section 612, the Contractor must ensure that products that are purchased as a direct result of this contract will contain no ozone depleting substances or hydrofluorocarbons, wherever such alternatives exist as identified by the Significant New Alternative Policy (SNAP).

(b) A list of SNAP chemicals can be found on the EPA SNAP website at http://www.epa.gov/ozone/snap/lists/index.html or visit the Green Procurement Compilation, a centralized resource to assist federal agencies with sustainable acquisition that is searchable by product or service type, at https://sftool.gov/GreenProcurement.

(End of clause)

3.6.3-9 OZONE DEPLETING SUBSTANCES AND HIGH GLOBAL WARMING POTENTIAL HYDROFLUOROCARBONS (OCT 2024)

(a) Definitions. As used in this clause:

"Hydrofluorocarbons" means compounds that only contain hydrogen, fluorine, and carbon.

"Ozone-depleting substance", as used in this clause, means any substance the Environmental Protection Agency (EPA) designates in 40 CFR Part 82 as:

(1) Class I, including, but not limited to chlorofluorocarbons, halons, carbon tetrachloride, and methyl chloroform; or
(2) Class II, including but not limited to hydrochlorofluorocarbons.

(b) The Contractor must label products which contain or are manufactured with ozone-depleting substances in the manner and to the extent required by 42 U.S.C. 7671j (b), (c), and (d) and 40 CFR Part 82, Subpart E, as follows:

"WARNING"

Contains (or manufactured with, if applicable) [Contractor to insert information], a substance(s) which harm(s) public health and environment by destroying ozone in the upper atmosphere."

(c) Reporting. For equipment and appliances that normally each contain 50 or more pounds of hydrofluorocarbons or refrigerant blends containing hydrofluorocarbons, the Contractor shall:

(1) Track on an annual basis, between October 1 and September 30, the amount in pounds of hydrofluorocarbons or refrigerant blends containing hydrofluorocarbons contained in the equipment and appliances delivered to the Government under this contract by:

(i) Type of hydrofluorocarbon (e.g., HFC-134a, HFC-125, R-410A, R-404A, etc.);
(ii) Contract number; and
(iii) Equipment/appliance.

(2) Report that information to https://www.sam.gov/:
(i) Annually by November 30 of each year during contract performance; and
(ii) At the end of contract performance.

(End of clause)

3.6.3-12 ASBESTOS - FREE CONSTRUCTION (OCT 2024)

(a) In performing this contract, the Contractor must not use asbestos or asbestos-containing building materials during construction, renovation, and/or modernization of this facility.

(b) The Contractor must provide to the Contracting Officer (CO) a signed statement by [CO insert due date of statement here related to completion of the project] indicating that no asbestos or asbestos-containing building materials were used during construction, renovation, and/or modernization of this facility. The Contractor's certification under this clause is a material requirement of the contract and the FAA may withhold payment pending submittal and receipt of an acceptable certification.

(c) The FAA retains the right to conduct sampling of contractor building materials used during construction, renovation, and/or modernization of this facility to verify that they are asbestos-free. If asbestos-containing material is found, the Contractor must bear the expense of the sampling conducted by the FAA, remove, and replace the asbestos-containing material and decontaminate the site of asbestos contamination caused by the Contractor at no additional cost to the Government. In addition, the Contractor must bear the expense of all testing (bulk sampling and air sampling conducted by the contactor and the FAA) to determine that the asbestos removal and site decontamination are satisfactorily completed. The Contractor must follow all applicable federal, state, and local asbestos regulatory requirements as well as applicable FAA Orders with respect to asbestos abatement when the Contractor is required to remove asbestos materials they have installed.

(End of clause)

3.6.3-22 CONSTRUCTION WASTE MANAGEMENT (APR 2025)

(a) In performance of this contract, the Contractor must establish a program to minimize waste generation, as well as recycle, reuse, divert and salvage construction and demolition (C&D) debris generated to the maximum extent possible. Before commencing work, the Contractor must submit a Waste Management Plan to the Contracting Officer (CO) within 15 days after contract award prior to the start of construction activities. This plan must address the following:

(1) General: Provide an overall strategy for managing C&D debris associated with the project.

(2) Waste Identification: Indicate anticipated types and quantities by weight of demolition, site-clearing and construction waste generated by the Project. Include estimated quantities by weight and assumptions for estimates. A site assessment may be necessary to estimate the types of materials that will be generated during construction and/or demolition. If a site visit is needed, the Contractor must notify the FAA of this as soon as possible, with the FAA arranging in turn for the contractor site visit to take place as soon as possible.

(3) Waste Reduction Work Plan: List each type of waste and whether it will be salvaged, recycled, or disposed of in landfill or incinerator. Include points of waste generation, estimated total weight of each type of waste, final disposition for each waste type, and handling and transportation procedures.

(4) Salvaged Materials: For each type of material that is salvaged or recycled, describe the type of material, source, estimated quantity, and receiving entity. Include names, addresses, and telephone numbers for the receiving individuals and/or organizations.

(5) Disposed Materials: Indicate how and where materials will be disposed of. Include name, address, and telephone number of each landfill and incinerator facility.

(6) Handling and Transportation Procedures: Include method that will be used for separating recyclable waste including sizes of containers, container labeling, and designated location on Project site where materials separation will be located.

(b) This plan must be found acceptable by the FAA Contracting Officer's Representative (COR) or the COR's designated representative prior to the Contractor receiving a Notice-to-Proceed. The plan's acceptability will be promptly determined by the FAA based on the knowledge of the site(s) covered under the Plan. The Contract must implement the approved Waste Management Plan during the term of the contract.

(c) The Contractor must document all C&D disposal and diversion efforts and submit a Construction and Demolition Debris Diversion Report to the CO and COR monthly. A copy of the report must also be submitted to the EOSH Services construction waste management address at 9-AJW-ConstructionWaste@faa.gov.

The monthly Construction and Demolition Debris Diversion Report must contain the following information:

(1) FAA facility name and address, report date and reporting period, contract number, and project name;
(2) Pick up date;
(3) Waste material type;
(4) Disposed C&D waste weight in short tons less container weight, method of waste material disposal, and reason why waste was not diverted;
(5) Recycled waste weight in short tons less container weight;
(6) Composted waste (off-site) weight in short tons less container weight;
(7) Reused materials weight in short tons less container weight; and
(8) Total weight of C&D waste (i.e., sum of disposed, recycled, composted, and reused waste) in short tons less container weight.

The Contractor must ensure that facilities used for recycling, reuse, and disposal are authorized for the intended use to the required extent by federal, state, and local regulations.

(d) If the size of the facility does not exceed 25,000 gross square feet, this clause does not take effect in this contract.

(End of Clause)

3.6.4-3 BUY AMERICAN ACT - CONSTRUCTION MATERIALS (JAN 2024)

(a)*Definitions*

(1)"Construction material" means an article, material, or supply brought to the construction site by the Contractor or a subcontractor for incorporation into the building or work. The term also includes an item brought to the site preassembled from articles, materials, or supplies. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site. Materials purchased directly by the Government are supplies, not construction material.

(2)"Cost of components" means-

(i) For components purchased by the Contractor, the acquisition cost, including transportation costs to the place of incorporation into the construction material (whether or not such costs are paid to a domestic firm), and any applicable duty (whether or not a duty-free entry certificate is issued); or

(ii) For components manufactured by the Contractor, all costs associated with the manufacture of the component, including transportation costs as described in paragraph (i) of this definition, plus allocable overhead costs, but excluding profit. Cost of components does not include any costs associated with the manufacture of the construction material.

(3) "Domestic Construction Material" means---

(i) For construction material that does not consist wholly or predominantly of iron or steel or a combination of both-

(A) An unmanufactured construction material mined or produced in the United States; or

(B) A construction material manufactured in the United States, if-

(aa)The cost of its components mined, produced, or manufactured in the United States exceeds 60 percent of the cost of all its components, except that the percentage will be 65 percent for items delivered in calendar years 2024 through 2028 and 75 percent for items delivered starting in calendar year 2029. Components of foreign origin of the same class or kind for which nonavailability determinations have been made are treated as domestic. Components of unknown origin are treated as foreign; or

(bb) The construction material is a COTS item, or

(ii) For construction material that consists wholly or predominantly of iron or steel or a combination of both, a construction material manufactured in the United States if the cost of foreign iron and steel constitutes less than 5 percent of the cost of all components used in such construction material. The cost of foreign iron and steel includes but is not limited to the cost of foreign iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the construction material and a good faith estimate of the cost of all foreign iron or steel components excluding COTS fasteners. Iron or steel components of unknown origin are treated as foreign. If the construction material contains multiple components, the cost of all the materials used in such construction material is calculated in accordance with the definition of "cost of components".

(4) "Fastener" means a hardware device that mechanically joins or affixes two or more objects together. Examples of fasteners are nuts, bolts, pins, rivets, nails, clips, and screws.

(5) "Foreign construction material" means construction material other than domestic construction material.

(6) "Foreign iron or steel" means iron or steel products not produced in the United States. Produced in the United States means that all manufacturing processes of the iron or steel must take place in the United States, from the initial melting stage through the application of coatings, except metallurgical processes involving refinement of steel additives. The origin of the elements of the iron or steel is not relevant to the determination of whether it is domestic or foreign.

(7) "Predominantly of iron or steel or a combination of both" means that the cost of the iron and steel content exceeds 50 percent of the total cost of all its components. The cost of iron and steel is the cost of the iron or steel mill products (such as bar, billet, slab, wire, plate, or sheet), castings, or forgings utilized in the manufacture of the product and a good faith estimate of the cost of iron or steel components excluding COTS fasteners.

(8) "Steel" means an alloy that includes at least 50 percent iron, between 0.02 and 2 percent carbon, and may include other elements.

(b) *Domestic Preference*

(1) This clause implements 41 U.S.C.83, Buy American, by providing a preference for domestic construction material. In accordance with 41 U.S.C. 1907, the domestic content test of the Buy American statute is waived for construction material that is a COTS item, except that for construction material that consists wholly or predominantly of iron or steel or a combination of both, the domestic content test is applied only to the iron and steel content of the construction materials, excluding COTS fasteners. The Contractor must use only domestic construction material in performing this contract, except as provided in paragraphs (b)(2) and (b)(3) of this clause.

(2) This requirement does not apply to information technology that is a commercial product or to the construction materials or components listed by the Government as follows:

[Contracting Officer to list applicable excepted materials or indicate "none"]

(3) The Contracting Officer may add other foreign construction material to the list in (b)(2) of this clause if the Government determines that -

(i)The cost of domestic construction material would be unreasonable.

(A)The cost of particular domestic construction material subject to the requirements of the Buy American Statute is unreasonable when the cost of such material exceeds the cost of foreign material by more than 20 percent.

(B) For construction material that is not a COTS item and does not consist wholly or predominantly of iron or steel or a combination of both, if the cost of a particular domestic construction material is determined to be unreasonable or there is no domestic offer received, and the low offer is for foreign construction material that is manufactured in the United States and does not exceed 55 percent domestic content, the Contracting Officer will treat the lowest offer of foreign construction material that exceeds 55 percent domestic content as a domestic offer and determine whether the cost of that offer is unreasonable by applying the evaluation factor listed in paragraph (b)(3)(i)(A) of this clause.

(C) The procedures in paragraph (b)(3)(i)(B) of the clause will no longer apply as of January 1, 2030.

(ii) The application of the restriction of the Buy American statute to a particular construction material would be impracticable or inconsistent with the public interest; or

(iii) The construction material is not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality.

(c) *Request for Determination of Inapplicability of the Buy American Statute*

(1)Any Contractor request to use foreign construction material in accordance with paragraph (b) (3) of this clause must include adequate information for Government evaluation of the request, including-

(i) A description of the foreign and domestic construction materials;

(ii) Unit of measure;

(iii) Quantity;

(iv) Price;

(v) Time of delivery or availability;

(vi) Location of the construction project;

(vii) Name and address of the proposed supplier; and

(viii) A detailed justification of the reason for use of foreign construction materials cited in accordance with paragraph (b)(3) of this clause.

(2) A request based on unreasonable cost must include a reasonable survey of the market and a completed price comparison table in the format in paragraph (d) of this clause.

(3) The price of construction material must include all delivery costs to the construction site and any applicable duty (whether or not a duty-free certificate may be issued).

(4) Any Contractor request for a determination submitted after contract award must explain why the Contractor could not reasonably foresee the need for such determination and could not have requested the

determination before contract award. If the Contractor does not submit a satisfactory explanation, the Contracting Officer need not make a determination.

(5) If the Government determines after contract award that an exception to the Buy American statute applies and the Contracting Officer and the Contractor negotiate adequate consideration, the Contracting Officer will modify the contract to allow use of the foreign construction material. However, when the basis for the exception is the unreasonable price of a domestic construction material, adequate consideration is not less than the differential established in paragraph (b)(3)(i) of this clause.

(6) Unless the Government determines that an exception to the Buy American statute applies, use of foreign construction material is noncompliant with the Buy American statute.

(d) *Data*. To permit evaluation of requests under paragraph (c) of this clause based on unreasonable cost, the Contractor must include the following information and any applicable supporting data based on the survey of suppliers:

FOREIGN AND DOMESTIC MATERIAL PRICE COMPARISON

Construction Material Description		Unit of Measure	Quantity	Price (dollars)*
Item 1:	Foreign construction material	[ ]	[ ]	[ ]
	Domestic Construction material	[ ]	[ ]	[ ]
Item 2:	Foreign construction material	[ ]	[ ]	[ ]
	Domestic Construction material	[ ]	[ ]	[ ]

(List name, address, phone number, and contact for supplier surveyed. Attach copy of response, if oral, attach summary)

*Include all delivery costs to the construction site and any applicable duty (whether or not a duty-free entry certificate is issued).

(e)*Non-Availability Determination Waiver Approvals* - In accordance with AMS Guidance T3.6.4A.4.c (3) (b), if the construction material is not being mined, produced, or manufactured in the U.S. in sufficient and reasonably available commercial quantities or of a satisfactory quality, the use of the proposed foreign construction material must also be approved by the FAA Acquisition Executive (FAE) and reviewed by the Office of Management and Budget (OMB) Made in America Office (MIAO). If a contractor is requesting a determination on this basis, the following additional information must be submitted in support of such a request:

(1) Country(ies) of origin and U.S. content (if any), of foreign end item or materials intended for purchase, if known;

(2) The estimated value of the procurement (or portion of the procurement) covered by the waiver; and

(3) As part of the justification provided under (c) (1) (viii) above, fully describe the market research activities and methods used to identify domestically manufactured items or materials capable of satisfying the requirement, including the timing of the research and conclusions reached on the availability of sources . This must include a description of all efforts at competition for the items or materials, how long the requirement was open for competition, and identification of any potential domestic sources that did not compete along with the reason why (if known).

(End of clause)

3.6.4-5 FAA BUY AMERICAN PREFERENCE - STEEL AND MANUFACTURED GOODS (APR 2022)

(a) Section 9129 of the Aviation Safety and Capacity Expansion Act of 1990 (Subtitle B of Title IX of Pub. L. 101-508, the Omnibus Budget Reconciliation Act of 1990) requires the use of steel and manufactured goods produced in the United States when a project such as that covered by this contract receives funding.

(b) The Contractor must deliver only steel and manufactured goods produced in the United States. This requirement will not apply where the FAA Acquisition Executive (FAE) or his or her designee has found--

(1) That its application would be inconsistent with the public interest;

(2) That such materials are not produced in the United States in sufficient and reasonably available quantities or of satisfactory quality. In accordance with AMS Guidance T3.6.4A.2 b(2), if the request is based on the steel and manufactured goods not produced in the U.S. in sufficient and reasonably available quantities or of a satisfactory quality, the use of the proposed foreign construction material must be approved by the FAA Acquisition Executive (FAE) and reviewed by the Office of Management and Budget (OMB) Made in America Office (MIAO);

(3) For facilities and equipment (F&E) funded acquisitions under AMS Guidance T3.6.4A.1.c(2)-(4)-

(i) the cost of components and subcomponents which are produced in the United States is more than 60 percent of the cost of all components to be delivered under this contract with labor costs involved in the final assembly not included in calculating the cost of components, and

(ii) final assembly of the facility or equipment to be delivered under this contract has taken place in the United States; or

(4) That inclusion of domestic material will increase the cost of the overall contract by more than 25 percent.

(c) This clause takes precedence over the provisions of clause "Buy American Act--Supplies" and clause "Buy American Act--Construction Materials" in respect to their applicability to steel and manufactured goods.

(d) The offeror warrants that steel and manufactured goods to be used in the project are produced in the United States, and that components of unknown origin are considered to have been produced or manufactured outside the United States. Should any end product be of foreign origin, the Contractor must identify, in writing, such goods and country of origin to the Contracting Officer prior to contract award. Such information is required in implementation of Section 9129 of the Aviation Safety and Capacity Expansion Act of 1990, (Subtitle B of Title IX of P. L. 101-508, the Omnibus Budget Reconciliation Act of 1990).

(End of clause)

3.8.9-4 PROHIBITION ON CONTRACTING FOR HARDWARE, SOFTWARE, AND SERVICES DEVELOPED OR PROVIDED BY KASPERSKY LAB ENTITIES (JAN 2024)

(a) *Definitions*. As used in this clause-

Kaspersky Lab covered article means any hardware, software, or service that-

(1) Is developed or provided by a Kaspersky Lab covered entity;

(2) Includes any hardware, software, or service developed or provided in whole or in part by a Kaspersky Lab covered entity; or

(3) Contains components using any hardware or software developed in whole or in part by a Kaspersky Lab covered entity.

Kaspersky Lab covered entity means-

(1) Kaspersky Lab;

(2) Any successor entity to Kaspersky Lab, including any change in name, e.g. "Kaspersky";

(3) Any entity that controls, is controlled by, or is under common control with Kaspersky Lab; or

(4) Any entity of which Kaspersky Lab has a majority ownership.

(b) *Prohibition*. Section 1634 of Division A of the National Defense Authorization Act for Fiscal Year 2018 (Pub. L. 115-91) prohibits Government use of any Kaspersky Lab covered article. The Contractor is prohibited from-

(1) Providing any Kaspersky Lab covered article that the Government will use; and

(2) Using any Kaspersky Lab covered article in the development of data or deliverables first produced in the performance of the contract.

(c) *Reporting requirement*.

(1) In the event the Contractor identifies a Kaspersky Lab covered article provided to the Government during contract performance, or the Contractor is notified of such by a subcontractor at any tier or any other source, the Contractor must report this in writing to the Contracting Officer. For indefinite delivery contracts, the Contractor must report this in writing to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order.

(2) The Contractor must report the following information pursuant to paragraph (c) (1) of this clause:

(i) Within 3 business days from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; brand; model number (Original Equipment Manufacturer (OEM) number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the report pursuant to paragraph (c)(1) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor must describe the efforts it undertook to prevent use or submission of a Kaspersky Lab covered article, any reasons that led to the use or submission of the Kaspersky Lab covered article, and any additional efforts that will be incorporated to prevent future use or submission of Kaspersky Lab covered articles.

(d) *Subcontracts*. The Contractor must insert the substance of this clause, including this paragraph (d), in all subcontracts including subcontracts for the acquisition of commercial products or commercial services.

(End of clause)

3.8.9-5 PROHIBITION ON USING BYTEDANCE COVERED APPLICATIONS INCLUDING TIKTOK (JUL 2023)

(a) Definitions. As used in this clause-

"Covered Application" means the social networking service TikTok or any successor application or service developed or provided by ByteDance Limited or an entity owned by ByteDance Limited.

"Information technology," as defined in 40 U.S.C. 11101(6)-

(1) Means any equipment, or interconnected system or subsystem of equipment, used in the automatic acquisition, storage, analysis, evaluation, manipulation, management, movement, control, display, switching, interchange,

transmission, or reception of data or information by the executive agency, if the equipment is used by the executive agency directly or is used by a Contractor under a contract with the executive agency that requires the use-

(i) Of that equipment; or

(ii) Of that equipment to a significant extent in the performance of a service or the furnishing of a product;

(2) Includes computers, ancillary equipment (including imaging peripherals, input, output, and storage devices necessary for security and surveillance), peripheral equipment designed to be controlled by the central processing unit of a computer, software, firmware and similar procedures, services (including support services), and related resources; but

(3) Does not include any equipment acquired by a Federal Contractor incidental to a Federal contract.

(b) *Prohibition*. Section 102 of Division R of the Consolidated Appropriations Act, 2023 (Pub. L. 117-328), the No TikTok on Government Devices Act, and its implementing guidance under Office of Management and Budget (OMB) Memorandum M-23-13, dated February 27, 2023, "No TikTok on Government Devices" Implementation Guidance, collectively prohibit the presence or use of a covered application on executive agency information technology, including certain equipment used by Federal contractors. The Contractor is prohibited from having or using a covered application on any information technology owned or managed by the Government, or on any information technology used or provided by the Contractor under this contract, including equipment provided by the Contractor's employees; however, this prohibition does not apply if the Contracting Officer provides written notification to the Contractor that a waiver has been granted in accordance with AMS Guidance T3.8.9C.3.c.(2).

(c) *Subcontracts*. The Contractor must insert the substance of this clause, including this paragraph (c), in all subcontracts including subcontracts for the acquisition of commercial products or commercial services.

(End of clause)

3.8.9-7 FEDERAL ACQUISITION SUPPLY CHAIN SECURITY ACT ORDERS—PROHIBITION (JAN 2024)

(a) *Definitions*. As used in this clause-

Covered article, as defined in 41 U.S.C. 4713(k), means-

(1) "Information technology," as defined in 40 U.S.C. 11101, including cloud computing services of all types;

(2) "Telecommunications equipment" or "telecommunications service," as those terms are defined in section 3 of the Communications Act of 1934 (47 U.S.C. 153);

(3) The processing of information on a Federal or non-Federal information system, subject to the requirements of the Controlled Unclassified Information program (see 32 CFR part 2002); or

(4) Hardware, systems, devices, software, or services that include embedded or incidental information technology.

FASCSA order means any of the following orders issued under the Federal Acquisition Supply Chain Security Act (FASCSA) requiring the removal of covered articles from executive agency information systems or the exclusion of one or more named sources or named covered articles from executive agency procurement actions, as described in 41 CFR 201-1.303(d) and (e):

(1) The Secretary of Homeland Security may issue FASCSA orders applicable to civilian agencies, to the extent not covered by paragraph (2) or (3) of this definition. This type of FASCSA order may be referred to as a Department of Homeland Security (DHS) FASCSA order.

(2) The Secretary of Defense may issue FASCSA orders applicable to the Department of Defense (DoD) and national security systems other than sensitive compartmented information systems. This type of FASCSA order may be referred to as a DoD FASCSA order.

(3) The Director of National Intelligence (DNI) may issue FASCSA orders applicable to the intelligence community and sensitive compartmented information systems, to the extent not covered by paragraph (2) of this definition. This type of FASCSA order may be referred to as a DNI FASCSA order.

Intelligence community, as defined by 50 U.S.C. 3003(4), means the following-

(1) The Office of the Director of National Intelligence;

(2) The Central Intelligence Agency;

(3) The National Security Agency;

(4) The Defense Intelligence Agency;

(5) The National Geospatial-Intelligence Agency;

(6) The National Reconnaissance Office;

(7) Other offices within the Department of Defense for the collection of specialized national intelligence through reconnaissance programs;

(8) The intelligence elements of the Army, the Navy, the Air Force, the Marine Corps, the Coast Guard, the Federal Bureau of Investigation, the Drug Enforcement Administration, and the Department of Energy;

(9) The Bureau of Intelligence and Research of the Department of State;

(10) The Office of Intelligence and Analysis of the Department of the Treasury;

(11) The Office of Intelligence and Analysis of the Department of Homeland Security; or

(12) Such other elements of any department or agency as may be designated by the President, or designated jointly by the Director of National Intelligence and the head of the department or agency concerned, as an element of the intelligence community.

National security system, as defined in 44 U.S.C. 3552, means any information system (including any telecommunications system) used or operated by an agency or by a contractor of an agency, or other organization on behalf of an agency-

(1) The function, operation, or use of which involves intelligence activities; involves cryptologic activities related to national security; involves command and control of military forces; involves equipment that is an integral part of a weapon or weapons system; or is critical to the direct fulfillment of military or intelligence missions, but does not include a system that is to be used for routine administrative and business applications (including payroll, finance, logistics, and personnel management applications); or

(2) Is protected at all times by procedures established for information that have been specifically authorized under criteria established by an Executive order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

Reasonable Inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of any covered articles, or any products or services produced or provided by a source. This

applies when the covered article or the source is subject to an applicable FASCSA order. A reasonable inquiry excludes the need to include an internal or third-party audit.

Sensitive compartmented information means classified information concerning or derived from intelligence sources, methods, or analytical processes, which is required to be handled within formal access control systems established by the Director of National Intelligence.

Sensitive compartmented information system means a national security system authorized to process or store sensitive compartmented information.

Source means a non-Federal supplier, or potential supplier, of products or services, at any tier.

(b) *Prohibition*.

(1) Unless an applicable waiver has been issued by the issuing official, Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by any applicable FASCSA orders identified by the checkbox(es) in this paragraph (b)(1).

[The Contracting Officer must select either "yes" or "no" for each of the following types of FASCSA orders:]

Yes [ ] No [ ] DHS FASCSA orders

Yes [ ] No [ ] DoD FASCSA orders

Yes [ ] No [ ] DNI FASCSA orders

(2) The Contractor must search for applicable FASCSA orders of the type identified in paragraph (b)(1) of this clause in the System for Award Management (SAM). Issued FASCSA Orders may be identified by selecting the "View FASCSA Orders" button from the SAM homepage (https://www.sam.gov) and viewing or downloading FASCSA orders from the Supply Chain Security Orders webpage.

(3) The FAA may identify in the SIR additional FASCSA orders that are not in SAM, which are effective and apply to the SIR and resultant contract.

(4) A FASCSA order issued after the publication date of the SIR applies to this contract only if added by an amendment to the SIR or by modification to the contract. However, see paragraph (c) of this clause.

(5) *Contractor request for waivers*.

(i) *Required disclosures*. If the contractor wishes to ask for a waiver of the requirements of an existing order identified in a SIR or contract or for a waiver of the requirements of a new FASCSA order being applied through modification, then the Contractor must disclose the following:

(A) Name of the product or service provided to the Government;

(B) Name of the covered article or source subject to a FASCSA order;

(C) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied or supplies the covered article or the product or service to the Offeror;

(D) Brand;

(E) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(F) Item Description;

(G) Reason why the applicable covered article or the product or service is being provided or used;

(ii) *FAA review of disclosures*. The Contracting Officer will review disclosures provided in paragraph (b)(5)(i) to determine if any waiver is warranted. A Contracting Officer may choose not to pursue a waiver for covered articles or sources otherwise covered by a FASCSA order and to instead pursue other appropriate action.

(c) *Notice and reporting requirement*.

(1) During contract performance, the Contractor is required to:

(i) Comply with all FASCSA orders identified under paragraph (b) of this clause; and

(ii) Review SAM.gov at least once every three months, or as advised by the Contracting Officer, to check for covered articles subject to FASCSA order(s), or for products or services produced by a source subject to FASCSA order(s) not currently identified under paragraph (b) of this clause.

(2) If the Contractor identifies a new FASCSA order(s) that could impact their supply chain, then the Contractor must conduct a reasonable inquiry to identify whether a covered article or product or service produced or provided by a source subject to the FASCSA order(s) was provided to the Government or used during contract performance.

(3) If the Contractor identifies, including through any notification by a subcontractor at any tier, that a covered article or product or service produced or provided by a covered source was provided to the Government or used during contract performance and is subject to a FASCSA order(s) identified in paragraph (b) of this clause, or a new FASCSA order identified in paragraph (c)(2) of this clause, the Contractor must submit a report to the Contracting Officer. For indefinite delivery contracts, the Contractor must report to both the Contracting Officer for the indefinite delivery contract and all the respective Contracting Officer(s) of any other affected orders.

(4) The Contractor must report the following information for each covered article or each product or service produced or provided by a source, where the covered article or source is subject to a FASCSA order, pursuant to paragraph (c) of this clause:

(i) Within 3 business days from the date of such identification or notification:

(A) Contract number;

(B) Order number(s), if applicable;

(C) Name of the product or service provided to the Government or used during performance of the contract;

(D) Name of the covered article or source subject to a FASCSA order;

(E) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied the covered article or the product or service to the Contractor;

(F) Brand;

(G) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(H) Item description; and

(I) Any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (c)(4)(i) of this clause:

(A) Any further available information about mitigation actions undertaken or recommended.

(B) In addition, the Contractor must describe the efforts it undertook to prevent submission or use of the covered article or the product or service produced or provided by a source subject to an applicable FASCSA order, and any additional efforts that will be incorporated to prevent future submission or use of the covered article or the product or service produced or provided by a source that is subject to an applicable FASCSA order.

(d) *Removal*. Upon notification from the contracting officer, during the performance of the contract, the Contractor must promptly make any necessary changes or modifications to remove any covered article or any product or service produced or provided by a source that is subject to an applicable Governmentwide FASCSA order.

(e) *Subcontracts*.

(1) The Contractor must insert the substance of this clause, including this paragraph (e) and excluding paragraph (c)(1) of this clause, in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial products and commercial services.

(2) The Government may identify in the SIR additional FASCSA orders that are not in SAM, which are effective and apply to the contract and any subcontracts and other contractual instruments under the contract. The Contractor or higher-tier subcontractor must notify their subcontractors, and suppliers under other contractual instruments, that the FASCSA orders in the SIR that are not in SAM apply to the contract and all subcontracts.

(End of Clause)

3.10.1-19 MODIFICATION COST PROPOSAL - PRICE BREAKDOWN (CONSTRUCTION) (JUL 1996)

(a) The contractor, in connection with any proposal it makes for a contract modification, shall furnish a price breakdown, itemized as required by the Contracting Officer. The breakdown shall be in enough detail to permit an analysis of all material, labor, equipment, subcontract, and overhead costs, as well as profit, and shall cover all work involved in the modification, whether such work was deleted, added or changed. Any amount claimed for subcontracts shall be supported by similar price breakdowns from those subcontractors.

(b) In addition, if the proposal includes a time extension, a justification thereof shall also be furnished. Notwithstanding any other provisions of this contract, it is mutually understood that the time extension for changes in the work will depend upon the extent, if any, by which the changes cause delay in the completion of the various elements of work. The contract completion dates will be extended only for those specific elements so delayed and the remaining contract completion dates for all other portions of the work will not be altered.

(c) The proposal, together with the price breakdown and time extension justification, shall be furnished by the date specified by the Contracting Officer.

(End of clause)

3.10.1-20 WARRANTY-CONSTRUCTION (JUL 1996)

(a) In addition to any other warranties in this contract, the Contractor warrants, except as provided in paragraph (i) of this clause, that work performed under this contract conforms to the contract requirements and is free of any defect in equipment, material, or design furnished, or workmanship performed by the Contractor or any subcontractor or supplier at any tier.

(b) This warranty shall continue for a period of 1 year from the date of final acceptance of the work. If the Government takes possession of any part of the work before final acceptance, this warranty shall continue for a period of 1 year from the date the Government takes possession.

(c) The Contractor shall remedy at the Contractor's expense any failure to conform, or any defect. In addition, the Contractor shall remedy at the Contractor's expense any damage to Government owned or controlled real or personal property, when that damage is the result of :

(1) The Contractor's failure to conform to contract requirements; or

(2) Any defect of equipment, material, workmanship, or design furnished by the Contractor.

(d) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause. The Contractor's warranty with respect to work repaired or replaced will run for 1 year from the date of repair or replacement.

(e) The Contracting Officer will notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect, or damage.

(f) If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the Government shall have the right to replace, repair, or otherwise remedy the failure, defect, or damage at the Contractor's expense.

(g) With respect to all warranties, express or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished under this contract, the Contractor shall:

(1) Obtain all warranties that would be given in normal commercial practice;

(2) Require all warranties to be executed, in writing, for the benefit of the Government, if directed by the Contracting Officer, and

(3) Enforce all warranties for the benefit of the Government if directed by the Contracting Officer.

(h) In the event the Contractor's warranty under paragraph (b) of this clause has expired, the Government may bring suit at its expense to enforce a subcontractor's, manufacturer's, or supplier's warranty.

(i) Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defects of material or design furnished by the Government nor for the repair of any damage that results from any defect in Government furnished material or design.

(j) This warranty shall not limit the Government's rights under the Inspection and Acceptance clause of this contract with respect to latent defects, gross mistakes, or fraud.

(End of clause)

3.10.2-1 SUBCONTRACTS (FIXED-PRICE CONTRACTS) (JUL 2023)

(a) Consent to subcontract in this clause applies to subcontracts resulting from unpriced modifications to this contract if required as indicated under (b) or (c) below.

(b) Subcontract, as used in this clause, includes but is not limited to purchase orders, and changes and modifications to purchase orders. The Contractor must notify the Contracting Officer reasonably in advance of entering into any subcontract if the Contractor does not have an approved purchasing system and if the subcontract:

(1) Is proposed to exceed $250,000; or

(2) Is one of a number of subcontracts with a single subcontractor, under this contract, for the same or related supplies or services that in the aggregate are expected to exceed $250,000.

(c) If the contractor has an approved purchasing system, the contractor nevertheless must obtain the Contracting Officer's written consent before placing the following subcontracts:

[Fillin subcontract]
[Fillin subcontract]
[Fillin subcontract]

(d) The advance notification required by paragraphs (b) and (c) above must include-

(1) A description of the supplies or services to be subcontracted;

(2) Identification of the type of subcontract to be used;

(3) Identification of the proposed subcontractor and an explanation of why and how the proposed subcontractor was selected, including the competition obtained;

(4) The proposed subcontract price and the Contractor's cost or price analysis;

(5) The subcontractor's current, complete, and accurate cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions;

(6) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract; and

(7) A negotiation memorandum reflecting-

(i) The principal elements of the subcontract price negotiations;

(ii) The most significant considerations controlling establishment of initial or revised prices;

(iii) The reason cost or pricing data were or were not required;

(iv) The extent, if any, to which the Contractor did not rely on the subcontractor's cost or pricing data in determining the price objective and in negotiating the final price;

(v) The extent, if any, to which it was recognized in the negotiation that the subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and subcontractor; and the effect of any such defective data on the total price negotiated;

(vi) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(vii) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation must identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(e) The Contractor must obtain the Contracting Officer's written consent before placing any subcontract for which advance notification is required under paragraph (b) above. However, the Contracting Officer may ratify in writing any such subcontract. Ratification will constitute the consent of the Contracting Officer.

(f) Even if the Contractor's purchasing system has been approved, the Contractor must obtain the Contracting Officer's written consent before placing subcontracts identified below:

(g) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system will constitute a determination:

(1) of the acceptability of any subcontract terms or conditions,

(2) of the acceptability of any subcontract price or of any amount paid under any subcontract, or

(3) to relieve the Contractor of any responsibility for performing this contract.

(h) No subcontract placed under this contract will provide for payment on a cost-plus-a-percentage-of-cost basis.

(i) The Government reserves the right to review the Contractor's purchasing system.

(End of clause)

3.13-16 RECORDS MANAGEMENT (OCT 2023)

(a) *Definitions*.

Federal record as defined in 44 U.S.C. § 3301, means all recorded information, regardless of form or characteristics, made or received by a Federal agency under Federal law or in connection with the transaction of public business and preserved or appropriate for preservation by that agency or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the United States Government or because of the informational value of data in them. The term Federal record:

(1)Includes all FAA records.

(2)Does not include personal materials.

(3)Applies to records created, received, or maintained by Contractors pursuant to a FAA contract.

(4) May include deliverables and documentation associated with deliverables.

(b) *Requirements*.

(1) *Compliance*. The contractor must comply with all applicable records management laws and regulations, as well as National Archives and Records Administration (NARA) records policies, including but not limited to the Federal Records Act (44 U.S.C. chapters 21, 29, 31, 33), NARA regulations at 36 CFR Chapter XII Subchapter B, and those policies associated with the safeguarding of records covered by Privacy Act of 1974 (5 U.S.C. 552a), to the extent that the Privacy Act applies to any records maintained by the Contractor. These policies include the preservation of all Federal records, regardless of form or characteristics, mode of transmission, or state of completion.

(2) *Applicability*. All data created for Government use and delivered to, or falling under, the legal control of the Government, are Federal records subject to the provisions of 44 U.S.C. chapters 21, 29, 31, and 33. Such Federal records must be managed and scheduled for disposition only as permitted by the Federal Records Act, relevant statute or regulation, and FAA Order 1350.14 Records Management" at https://www.faa.gov/documentLibrary/media/Order/FAA_1350.14B.pdf.

(3) *Records maintenance*. While in Contractor's custody, the Contractor is responsible for preventing the alienation or unauthorized destruction of FAA records, including all forms of mutilation. Records may not be removed from the legal custody of FAA or destroyed except in accordance with the provisions of the agency records schedules and with the written concurrence of the FAA Agency Records Officer (ARO) (or the ARO's designate) and Contracting Officer, as appropriate. Willful and unlawful destruction, damage or alienation of Federal records is subject to the fines and penalties imposed by 18 U.S.C. 2701. In the event of any unlawful or accidental removal, defacing, alteration, or destruction of records, the Contractor must report the event to the Contracting Officer in accordance with 36 CFR 1230, Unlawful or Accidental Removal, Defacing, Alteration, or Destruction of Records, for reporting to NARA by FAA Records Management. Electronic records and associated metadata must be accompanied by sufficient technical documentation to permit understanding and use of the records and data.

(4) *Unauthorized disclosure*. The Contractor must notify the Contracting Officer within 2 (two) hours of discovery of any inadvertent or unauthorized disclosures of information, data, documentary materials, records or equipment. Disclosure of non-public information is limited to authorized personnel with a need-to-know as described in the contract. The Contractor must ensure that the appropriate personnel, administrative, technical, and physical safeguards are established to ensure the security and confidentiality of this information, data, documentary material, records and/or equipment is properly protected. The Contractor must not remove material from Government facilities or systems, or facilities or systems operated or maintained on the Government's behalf, without the express written permission of the FAA ARO (or the ARO's designate) and the Contracting Officer. Destruction of records is expressly prohibited unless in accordance with the contract.

(c) *Records management contracts* - where the contractor is required to design, develop, and/or operate a system of records, the following additional requirements apply:

During the contract, the FAA ARO (or ARO's designate) has the right to inspect where the records are stored (digitally or paper records) in order to ensure they are properly protected from the elements and/or loss. This inspection must be coordinated through the Contracting Officer or the Contracting Officer's Representative. The contractor must be provided 30 calendar days' notice of such inspections. This clause may be tailored to provide for a different notice period. Additional details regarding such inspections consistent with this clause may be specified in the Statement of Work.

For contracts where the contractor is responsible for managing FAA records, when the records are no longer required or at the completion of the contract, the records must be returned to FAA control. Items returned to the FAA must be hand carried, mailed, or securely electronically transmitted to the Contracting Officer or address indicated in the contract.

(d) *Non-public information*. The Contractor must not create or maintain any records containing any non-public FAA information that are not specifically tied to or authorized by the contract.

(e) *Ownership*. Consistent with all applicable data rights clauses in this contract, the FAA is the sole owner of the rights to all data and records produced as part of this contract. All deliverables under the contract are the property of the U.S. Government for which FAA will have unlimited rights to use, dispose of, or disclose such data contained therein as it determines to be in the public interest. Any Contractor rights in the data or deliverables must be identified as required by applicable data rights clauses in this contract.

(f) *Notification of third party access requests*. The Contractor must notify the Contracting Officer promptly of any requests from a third party for access to Federal records, including any warrants, seizures, or subpoenas it receives, including those from another Federal, State, or local agency. The Contractor must cooperate with the Contracting Officer to take all measures to protect Federal records, from any unauthorized disclosure.

(g)*Training*. All Contractor employees assigned to this contract who create, work with, or otherwise handle records are required to take FAA-provided records management training upon starting under the contract and annually thereafter as per the FAA Electronic Learning Management System (eLMS). If the contractor does not have access to eLMS, the contractor is to contact the Contracting Officer or Contracting Officer's Representative (COR) who will advise the ARO who will in turn make arrangements to ensure the contractor has access. The Contractor is responsible for confirming to the Contracting Officer in an annual report due by September 30 of each year under the contract that training, including initial training and annual refresher training, has been completed in accordance

with agency policies. This annual report must list the employee names and dates of initial or annual refresher training.

(h) *Agency Records Officer (ARO)* - regarding clause provisions above that cite the ARO or designate, information as to the name of the ARO or the ARO designate for particular locations outside FAA Headquarters may be obtained from the FAA Records and Information Management Team (RIM) at 9-faa-records-management-program@faa.gov.

(i) *Subcontractor flowdown requirements*. The Contractor must incorporate the substance of this clause, its terms and requirements including this paragraph (i), in all subcontracts under this contract.

(End of clause)

3.14-2 CONTRACTOR PERSONNEL SUITABILITY REQUIREMENTS (APR 2024)

1. No contractor employee will be allowed

unescorted access to any FAA facility;
access to FAA classified information;
access to FAA Sensitive Unclassified Information (SUI); or
access to FAA systems or resources

unless they have been authorized by the FAA Office of Personnel Security (AXP).

2. Definitions.

a. "Contractor Employee" means a person employed as or by a contractor, subcontractor, or consultant supporting FAA or any non-FAA person who performs work or services for FAA within FAA facilities.

b. Sensitive Unclassified Information (SUI) means unclassified information, in any form including print, electronic, visual, or aural forms, that must be protected from uncontrolled release to persons outside the FAA and indiscriminate dissemination within the FAA. It includes aviation security, homeland security, and protected critical infrastructure information. SUI may include information that may qualify for withholding from the public under the Freedom of Information Act (FOIA).

3. Consistent with FAA Order 1600.1F, AXP must approve designated risk levels for the positions under the contract, to be determined by the FAA Operating Office (the organization with the requirement) in coordination with the COR, using the OPM Position Designation Automated Tool (PD Tool).

4. For all contractor employees requiring access to FAA facilities, classified information, sensitive unclassified information, systems, or resources, the contractor must submit to its responsible AXP office and CO/COR a point of contact (POC) who will be responsible for entering all contractor applicant data, to include subcontractor data, into the Vendor Applicant Portal (VAP) system (vap.faa.gov) or successor system, for security processing. The contractor must not enter contractor employees in VAP unless they have a legitimate need for access to FAA facilities, classified information, sensitive unclassified information and/or systems according to the terms of the contract. Contractor employees who will not require the aforementioned types of access or who would be under escort of other badged personnel are not required to be entered in VAP.

5. If an applicant has had a previous US Government conducted background investigation, which meets the investigative requirements for the position and meets established reciprocity guidelines, it will be accepted by the FAA. The FAA reserves the right to conduct further investigations, including requesting additional information from the applicant, if necessary.

6. If no previous investigation exists, or if the previous investigation does not meet investigative requirements for the position, AXP will:

a. Send the applicant an e-mail with instructions for completing investigative requirements;

b. Instruct the applicant how to enter and complete a background investigation questionnaire through the National Background Investigation System (NBIS) electronic application (eAPP) or successor system;

c. Provide where to upload, or send/fax applicable forms; and

d. Provide instructions regarding fingerprinting. (any fees associated with obtaining fingerprints are not the responsibility of the FAA)

The contractor employee must complete the investigative requirements and submit required material within 15-calendar days of receiving the e-mail from AXP. If items must be submitted outside of the eApp system, the contractor must submit the required information, referencing the contract number, to the AXP POC noted in the instruction email.

7. No contractor employee identified as requiring a background investigation under the contract will work in any position unless AXP has authorized them to begin work. The authorization will be in the form of an Interim or Final Suitability email notification from AXP to the VAP POC and CO.

8. No contractor employees will be issued a FAA Personal Identity Verification (PIV) card, or other FAA-issued ID card, unless they have been granted an Interim or Final suitability from AXP.

9. The contractor VAP POC must inform the CO/COR and submit a VAP removal record in VAP within twenty-four (24) hours after any contractor employee resigns, is terminated, is transferred, or is otherwise removed from the contract. If the FAA issued the contractor employee a PIV card, or other ID card, the contractor must collect the card within twenty-four hours and return it to AXP no later than five business days of the employee's termination or transfer.

10. The CO will provide notice to the contractor within 24 hours after receipt of a determination by AXP (or in the case of classified information in accordance with FAA Order 1600.2, AXF) that the contractor or its employee has not complied with security-related contract requirements or security-related FAA Orders, or if a contractor employee's conduct is objectionable or contrary to the public interest, or inconsistent with the best interest of national security. The notice will instruct the contractor to remove its employee's access to FAA premises or networks, or otherwise remedy the contractor's performance. The FAA Facility Manager has authority to remove a contractor employee from FAA facility premises when the Facility Manager determines a contractor employee's conduct is objectionable or contrary to the public interest. The Facility Manager must notify the CO within 24-hours of such removal.

11. The contractor must immediately comply with the CO's direction to remedy its security performance at the contractor's expense, including removing the employee from FAA premises and networks. If the contractor employee is working under an interim suitability authorization, the contractor must take appropriate action, including the removal of the contractor employee from working on the FAA contract, at the contractor's expense. Once the contractor has taken action to remedy its security performance, the contractor must report the action via the VAP within the timeframe prescribed in paragraph 8 of this clause.

12. After coordination with AXP, the CO may require contractor employees to submit any other security information deemed reasonably necessary to protect the interests of the FAA. This includes submitting to additional fingerprinting, responding to letters of inquiry, and background reinvestigations required under Federal Investigative Standards. In this event, the contractor must provide, or cause each of its employees to provide, such security information to AXP. Failure to cooperate with security processing will result in an unfavorable suitability determination.

13. The contractor must retrieve a current roster report through VAP on a quarterly basis to ensure the roster is accurate, and immediately correct any discrepancies with the responsible AXP office. The contractor is responsible for the accuracy of its subcontractors' rosters as well.

14. Contractor employees must take the following training courses, as applicable.

a. All contractor employees subject to the requirements of this clause must take the FAA Security Awareness Virtual Initiative (SAVI) training within 90 days of reporting to work and annually thereafter. This training is available on the FAA's Electronic Learning Management System (eLMS). Contractors without access to eLMS please see https://my.faa.gov/org/linebusiness/ash/programs/savi.html for instructions.

b. All contractor employees that will access the FAA network must complete the FAA's Information Security and Privacy Awareness Training course in eLMS (a distinct course from SAVI) and read and sign the FAA Rules of Behavior, upon initial connection to the FAA and annually thereafter. Contractor employees who do not complete the mandatory information security and privacy awareness training course and accept the FAA Rules of Behavior within the required timeframes may have their access to FAA systems, networks, or information suspended or terminated.

c. All contractor personnel that connect to the FAA network must complete all other mandatory and role-based training as required by FAA Order 1370.121B.

15. The contractor must contact the CO or COR, and AXP within one business day in the event an employee (who has been cleared for FAA access by AXP) is arrested (i.e., taken into custody by law enforcement for any offenses, other than minor traffic offenses) or is involved in theft of government property or the contractor becomes aware of any information that may raise a question about the suitability of a contractor employee.

16. Failure to submit information required by this clause within the time required may be determined by the CO a material breach of the contract and may result in suspension or revoked access for the contractor employee.

17. If subsequent to the effective date of this contract, the security classification or security requirements under this contract are changed by the Government and if the changes cause an increase or decrease in direct contract costs or otherwise affect any other term or condition of this contract, the contract will be subject to an equitable adjustment.

18. The contractor agrees to insert terms that conform substantially to the language of this clause, excluding any reference to the Changes clause of this contract, in all subcontracts under this contract that involve access and where the exceptions under FAA Order 1600.1F do not apply.

(End of Clause)

3.14-3 FOREIGN NATIONALS AS CONTRACTOR EMPLOYEES (JUL 2023)

(a) Definition. "Foreign National" is any citizen or national of a country other than the United States who has not immigrated to the United States and is not a Legal Permanent Resident (LPR) of the United States.

(b) Each contractor or subcontractor employee under this contract having access to FAA facilities, sensitive information, or resources must be a citizen of the United States, or a foreign national who has been lawfully admitted for permanent residence as evidenced by a Permanent Resident Card I-551, or a foreign national who presents other evidence from the U.S. Citizenship and Immigration Service that employment must not affect his/her immigration status.

(c) Foreign Nationals proposed under this contract must meet the following conditions in accordance with FAA Order 1600.1F, chapter 8, paragraph 10:

(1) Must have resided within the United States for a minimum of the last three (3) years unless a waiver of this requirement is requested and approved in accordance with the requirements stated in FAA Order 1600.1F, chapter 8, paragraph 10;

(2) A risk or sensitivity level designation can be made for the position; and

(3) The appropriate security-related background investigation can be adequately conducted, as determined by the Office of Security and Hazardous Materials Safety (ASH) Office of Personnel Security (AXP).

(d) Foreign Nationals proposed under this contract must meet the following additional conditions:

(1) Provide their date of birth, place of birth, country of citizenship, and any supporting residency status documentation in order to begin the background investigation process in accordance with FAA Order 1600.1F, Personnel Security Program; and,

(2) Successfully pass an export control review as outlined in FAA Order 1240.13 FAA Export Control Compliance.

(End of Clause)

3.14-4 ACCESS TO FAA FACILITIES, SYSTEMS, GOVERNMENT PROPERTY, AND SENSITIVE UNCLASSIFIED INFORMATION (APR 2024)

1. Terms defined in the AMS Clause 3.14-2 "Contractor Personnel Suitability Requirements" have the same meaning in this clause.

2. It may become necessary for the Government to grant access to FAA systems or issue Government property, to include FAA issued ID cards, or sensitive unclassified information (SUI), to contractor employees. The FAA shall have the authority to restrict or deny unescorted access into FAA facilities to anyone. The FAA shall also have the authority to determine the number of PIV cards to be issued to contractor employees, based on operational necessity. Individuals requiring non-routine access for maintenance purposes shall be escorted by FAA personnel and be issued appropriate FAA visitor badges. Prior to or upon completion or termination of the work under the contract, the contractor must return all such Government property and SUI to the Contracting Officer's Representative (COR).

3. Improper use, possession or alteration of Government property is subject to penalties under Title 18, USC 499, 506, 701, and 1030.

4. In the event such Government property is lost, stolen, or not returned, the contractor understands and agrees that the Government may, in addition to any other withholding provision of the contract, withhold the value of the asset for each item of Government property not returned. If the Government property, to include FAA issued ID cards, or SUI is not returned within 30-calendar-days from the date the withholding action was initiated, any amount so withheld is forfeited by the contractor. Any portable devices that are lost, stolen, or not returned must be reported by the contractor within one (1) hour to the FAA Security Operations Center (phone 1(866)-580-1852(Option 1) or email 9-AWA-SOC@faa.gov).

5. Access to aircraft ramp/hangar areas is authorized only to those persons displaying a flight line identification card and for vehicles, with a current ramp permit issued pursuant to Title 49, Part 1542, Code of Federal Regulations.

6. The Government retains the right to inspect inventory, or audit Government property or sensitive information issued to the contractor in connection with the contract and do so at the convenience of the Government. Any items not accounted for, to the satisfaction of the Government, will be assumed to be lost and the provisions of section (3) of this clause apply.

7. The issuance of Government property to include SUI must be approved by the COR who will require the contractor employee to sign a receipt for each item. Lost or stolen Government property or SUI must immediately be reported concurrently to the Contracting Officer (CO), COR, and the FAA SOC at the telephone number and email address listed under section (3) above.

8. Each contractor employee, during all times of on-site performance at an FAA facility, must prominently display his/her current and valid FAA Personal Identity Verification (PIV) card, or other FAA issued ID card, on the front portion of his/her body between the neck and waist. Each FAA ID cardholder must not affix pins, stickers, or other item to the card.

9. Prior to any contractor employee obtaining a FAA ID Card or other government property, IAW FAA Order 1600.78 the contractor is required to enter data for each employee into the VAP (Vendor Applicant Portal) as described in AMS clause 3.14-2, Contractor Personnel Suitability Requirements.

10. The Office of Personnel Security (AXP) will determine whether a favorable interim and/or final suitability determination can be granted to:

a. Exercise reciprocity when applicable.

b. Initiate the contractor applicant into the National Background Investigation System (NBIS) electronic application (eAPP) or subsequent system, so that the applicant can complete the investigative forms.

Interim suitability determination (ISD) cannot be granted until all background investigation forms are completed and fingerprints and signature pages are submitted to AXP. Authorization for the contractor employee to begin work on the FAA contract will be an Interim or Final Suitability notification from AXP.

11. To apply for a FAA PIV card, IAW FAA Order 1600.78, the contractor employee must submit an identification card application (DOT 1681) using the automated system located at https://idms.faa.gov/1681. The application must be approved by the CO or COR. The contractor employee will be notified when the identification card application has been approved and is ready for processing by the FAA Identification Card issuer (e.g., PIV Administrator). The contractor must contact AXP to obtain the procedures for obtaining their FAA PIV Card.

12. Off-Boarding. The contractor is responsible for ensuring final off-boarding is accomplished for all departing contractor employees. This includes termination, resignation, retirement, death, change of employment status (i.e., transferring from a contractor to a FAA employee), transfer to another FAA contract, and (with CO approval) extended leave of absence. The contractor may appoint an off-boarding coordinator to oversee the off-boarding process.

a. For each departing employee having access to FAA facilities and/or Information Technology (IT) systems, the contractor must submit a completely filled out and signed "FAA Contractor Employee Off-Boarding Form" (located in FAA Procurement Forms) to the CO no later than thirty (30) calendar days after the employee's departure. The contractor must ensure that the Form confirms that all applicable Government property (including FAA-issued ID cards) and sensitive information (including Classified National Security Information (CNSI)) has been collected and access to all FAA assets has been terminated.

b. When the contractor is not located or within local driving distance of the responsible AXP office, the Contractor must collect the Personal Identity Verification (PIV) Card or other FAA-issued ID card, and any other tokens and provide to the CO or COR within one (1) business day of receiving the card/tokens from the departing employee.

c. In the event the contractor employee departs without completing the Form, the contractor is responsible for completing and submitting the Form on the employee's behalf. If the departing contractor employee served as the Property Custodian for the FAA contract, then the contractor must designate a new Property Custodian and ensure accountability of all property under the contract, or within fourteen calendar days with the CO's approval, provide to the CO the results of the associated inventory/property accountability.

d. The designated VAP POC must submit a VAP removal record for the departing employee within twenty-four (24) hours.

e. The contractor must also comply with any local Employee Off-Boarding Forms in use at the applicable FAA Facility.

13. All contractor employees with access to FAA systems must have a FAA-issued Personal Identity Verification (PIV) card and must use the PIV card to authenticate to the FAA system.

14. The FAA has established cybersecurity and privacy policies, procedures, and processes to protect the Confidentiality, Integrity, and Availability of its networks, systems, services, information, and data.

a. All contractor employees that access FAA systems must comply with all FAA cybersecurity and privacy policies, procedures, and processes, including Presidential Directives, Executive Orders, OMB Memorandum DHS CISA Binding Order Directives, and other Federal policies.

b. A copy of FAA information security and privacy orders, including FAA Order 1370.121B FAA Information Security and Privacy: Policy is found at the following link https://employees.faa.gov/tools_resources/orders_notices. (Internal FAA Link only)

15. The contractor must insert this clause in all subcontracts under the contract.

(End of Clause)

3.14-5 SENSITIVE UNCLASSIFIED INFORMATION (SUI) (JAN 2022)

(a) Sensitive Unclassified Information ("SUI") is unclassified information in any form, including print, electronic, visual, or aural forms, which must be protected from uncontrolled release to persons outside the FAA and indiscriminate dissemination within the FAA. It includes aviation security, homeland security, and protected critical infrastructure information. SUI may include information that may qualify for withholding from the public under the Freedom of Information Act (FOIA).

All information that is SUI must be protected in accordance with the terms of this clause and FAA Order 1600.75, "Protecting Sensitive Unclassified Information (SUI)," whether or not the information is marked as SUI.

(b) Sensitive information must be restricted to specific contractors and personnel who:

(1) Have a need "to know" to perform contract tasks;

(2) Are authorized to receive the SUI; and

(3) Meet personnel suitability security requirements to access sensitive information.

(c) The contractor must develop and implement procedures to ensure that sensitive information is handled in accordance with FAA requirements and at a minimum, must address:

(1) Steps to minimize risk of access by unauthorized persons during business and non-business hours to include storage capability;

(2) Procedures for safeguarding during electronic transmission (voice, data, fax) mailing or hand carrying;

(3) Procedures for protecting against co-mingling of information with general contractor data system/files;

(4) Procedures for marking documents with both the protective marking and the distribution limitation statement as needed;

(5) Procedures for the reproduction of subject material;

(6) Procedures for reporting unauthorized access; and

(7) Procedures for the destruction and/or sanitization of such material.

(d) SAM.gov: Except for those items noted by the CO, SUI will be made available to offerors through the Controlled Attachment functionality of SAM.gov. SAM.gov provides a secure environment for the distribution of SUI information to vendors.

(1) SAM.gov can be found at https://sam.gov/SAM/.

(2) Vendors must utilize SAM.gov to download SUI information (to include plans, specifications, equipment specifications, etc.), or the vendor must utilize the site to download a request form to send to the CO for SUI information unavailable in electronic formats.

(3) Before receiving access to the SUI information or forms, the offeror is required to comply with all SAM.gov requirements.

(4) As SAM.gov uses the System for Award Management (SAM) for the vendor authentication process, offerors must be successfully register and designate a Marketing Partner Identification Number (MPIN) in SAM.gov prior to seeking access to SUI .

(5) Instructions and guides on usage of SAM.gov can be found at https://sam.gov/SAM/.

(End of clause)

SA40 FAA FACILITY REGULATIONS

Contractor personnel, including employees of subcontractors, suppliers, etc., working on or visiting an FAA facility shall abide by all appropriate traffic, parking, security, and airport regulations in effect at that facility.

(End of Clause)

3.3.1-40 Electronic Submission of Payment Requests (INTERIM December 2025)
(a) Definitions. As used in this clause—

(1) “Contract financing” is a contractual authorization for payments to a contractor prior to acceptance of products or services by FAA.

(2) “Payment request” means a bill, voucher, invoice, or request for contract financing payment or invoice payment with associated supporting documentation. The payment request must comply with the requirements identified in this clause and the applicable Payment clause and invoicing requirements included in this contract.

(3) “Electronic form” means an automated system transmitting information electronically according to the accepted electronic data transmission methods and formats identified in paragraph (c) of this clause. Facsimile, email, and scanned documents are not acceptable electronic forms for submission of payment requests.

(4) “Invoice payment” means a Government disbursement of monies to a contractor under a contract or other authorization for supplies or services accepted by the Government. This includes payments for partial deliveries that have been accepted by the Government, final payments under T&M and labor-hour contracts, and final cost or fee payments where amounts owed have been settled between the Government and the contractor.

(b) Electronic payment requests. Except as provided in paragraph (f) of this clause, the Contractor must submit payment requests in electronic form. Purchases paid with a Government purchase card are considered to be an electronic transaction for purposes of this rule, and therefore no additional electronic invoice submission is required.

(c) The Federal Aviation Administration utilizes the Delphi eInvoicing web-portal for processing invoices. Contractors submitting invoices are required to submit invoices via the Delphi eInvoicing web portal which is accessed and authenticated via www.login.gov.

(d) In order to receive payment and in accordance with prompt payment standards, the Contractor must submit a proper invoice. All invoices submitted as attachments in the Delphi eInvoicing web-portal must contain the following:

(1) Invoice number and invoice date.

(2) Period of performance covered by invoice.

(3) Contract number and title.

(4) Task/Delivery Order number and title (if applicable).

(5) Amount billed (by CLIN), current and cumulative.

(6) Total ($) of billing.

(7) Cumulative total billed for all contract work to date.

(8) Name, title, phone number, mailing address, and email address (if available) of person to be contacted in the event of a defective invoice.

(9) The following statement: “The Contractor certifies that, by submitting this invoice to the FAA, the supplies and/or services billed have been shipped, rendered, or delivered in accordance with instructions issued by the ordering officer; that they are reflected in the quantities and/or period of performance stated on the invoice; and that such supplies and/or services conform to the quantity and quality requirements specified in the applicable contract, order, or blanket purchase agreement.

(10) The following statement: “Pursuant to Executive Order 14173, Ending Illegal Discrimination And Restoring Merit-Based Opportunity, the Contractor certifies that it is in compliance with the Equal Protection principles of the Constitution and all applicable Federal anti-discrimination laws, and acknowledges that such compliance is material to the Government’s payment decision under the False Claims Act (31 U.S.C. § 3729(b)(4)). The Contractor also affirms that it does not operate any diversity, equity, and inclusion (DEI) initiatives that are inconsistent with the Equal Protection principles of the Constitution and the non-discrimination requirements of Federal law, as interpreted by the Supreme Court in Students for Fair Admissions v. Harvard, 600 U.S. 181 (2023).”

Note: the statement in item (10) in the preceding list is only required for invoices submitted to receive payment for contract performance occurring after this AMS clause 3.3.1-40 Electronic Submission of Payment Requests (INTERIM December 2025) is included in the contract.

If the contract includes allowances for travel, all invoices that include charges pertaining to travel expenses must catalog a breakdown of reimbursable expenses with the appropriate receipts to substantiate the travel expenses.

AMS Clause 3.6.2-50 Addressing DEI Discrimination by Federal Contractors (Executive Order 14398) (INTERIM April 2026)

a) Definitions. As used in this clause:

“Program participation” means membership or participation in, or access or admission to: training, mentoring, or leadership development programs; educational opportunities; clubs; associations; or similar opportunities that are sponsored or established by the contractor or subcontractor.

“Racially discriminatory DEI activities” means disparate treatment based on race or ethnicity in the recruitment, employment (e.g., hiring, promotions), contracting (e.g., vendor agreements), program participation, or allocation or deployment of an entity’s resources.

b) In connection with the performance of work under this contract, the Contractor agrees as follows:

1) The Contractor will not engage in any racially discriminatory DEI activities;

2) The Contractor will furnish all information and reports, including providing access to books, records, and accounts, as required by the Contracting Officer, for purposes of ascertaining compliance with this clause;

3) In the event of the Contractor’s or a subcontractor’s noncompliance with this clause, this contract may be canceled, terminated, or suspended in whole or in part, and the contractor or subcontractor may be declared ineligible for further Government contracts;

4) The Contractor will report any subcontractor’s known or reasonably knowable conduct that may violate this clause to the contracting officer and take any appropriate remedial actions directed by the Contracting Officer;

5) The Contractor will inform the Contracting Officer if a subcontractor sues the Contractor and the suit puts at issue, in any way, the validity of this clause; and

6) The Contractor recognizes that compliance with the requirements of this clause are material to the Government’s payment decisions for purposes of section 31 U.S.C. 3729(b)(4).

c) Subcontracts. The Contractor must include the substance of this clause, including this paragraph c), in subcontracts at any tier, including those for commercial products and commercial services, except those where the

place of delivery or performance is outside the United States.
(End of clause)

3.10.1-15 Changes-Construction, Dismantling, Demolition, or Removal of Improvements (INTERIM April 2026)
I. Changes for Fixed Price Construction and Dismantling, Demolition, or Removal of Improvements

(a) The Contracting Officer (CO) may, at any time, without notice to the sureties, if any, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract, including changes-

(1) In the specifications (including drawings and designs);

(2) In the method or manner of performance of the work;

(3) In the Government-furnished property or services; or

(4) Directing acceleration in the performance of the work.

(b) Any other written or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the CO that causes a change must be treated as a change order under this clause; provided, that the Contractor gives the CO written notice stating-

(1) The date, circumstances, and source of the order; and

(2) That the Contractor regards the order as a change order.

(c) Except as provided in this clause, no order, statement, or conduct of the CO will be treated as a change under this clause or entitle the Contractor to an equitable adjustment.

(d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this contract, whether or not changed by any such order, the CO will make an equitable adjustment and modify the contract in writing. However, except for an adjustment based on defective specifications, no adjustment for any change under paragraph (b) of this clause will be made for any costs incurred more than 20 days before the Contractor gives written notice as required. In the case of defective specifications for which the Government is responsible, the equitable adjustment will include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.

(e) The Contractor must assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting to the CO a written statement describing the general nature and amount of proposal, unless this period is extended by the Government. The statement of proposal for adjustment may be included in the notice under paragraph (b) of this clause.

(f) No proposal by the Contractor for an equitable adjustment will be allowed if asserted after final payment under this contract.

II. Changes for Cost-Reimbursable Construction
(a) The Contracting Officer may at any time, by written order, and without notice to the sureties, if any, make changes within the general scope of this contract in the plans and specifications or instructions incorporated in the contract.

(b) If any such change causes an increase or decrease in the estimated cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, or otherwise affects any other terms and conditions of this contract, the CO must make an equitable adjustment in the:

(1) estimated cost, delivery or completion schedule, or both;

(2) amount of any fixed fee; and

(3) other affected terms and must modify the contract accordingly.

(c) The Contractor must assert its right to an adjustment under this clause within 30 days from the date of receipt of the written order. However, if the CO decides that the facts justify it, the CO may receive and act upon a proposal submitted before final payment of the contract.

(d) Failure to agree to any adjustment must be a dispute under the 3.9.1-1 Contract Disputes clause. However, nothing in this clause excuses the Contractor from proceeding with the contract as changed.

(e) Notwithstanding the terms and conditions of paragraphs II.(a) and II.(b) above, the estimated cost of this contract and, if this contract is incrementally funded, the funds allotted for the performance of this contract, must not be increased or considered to be increased except by specific written modification of the contract indicating the new contract estimated cost and, if this contract is incrementally funded, the new amount allotted to the contract. Until this modification is made, the Contractor must not be obligated to continue performance or incur costs beyond the point established in the 3.3.1-12 Limitation of Cost or 3.3.1-14 Limitation of Funds clause of this contract.

3.2.2.3-82 PROHIBITION ON CONDUCTING RESTRICTED BUSINESS OPERATIONS IN SUDAN - CERTIFICATION (JUL 2012)

3.6.3-4 RECOVERED MATERIAL PRODUCTS CERTIFICATION (OCT 2024)

3.6.3-18 BIOBASED PRODUCT CERTIFICATION (APR 2025)

3.2.2.3-2 MINIMUM OFFER ACCEPTANCE PERIOD (APR 2024)

(a) 'Acceptance period,' as used in this provision, means the number of calendar days the FAA has to award a contract from the date the SIR specifies for receiving offers.

(b) This provision supersedes any language about the acceptance period appearing elsewhere in this SIR.

(c) The FAA requires a minimum acceptance period of Sixty (60) calendar days.

(d) The offeror may specify a longer acceptance period than the period shown in paragraph (c). To specify a longer period, fill in the blank: The offeror allows the following acceptance period: _____ calendar days.

(e) The FAA may reject an offer allowing less than the FAA's minimum acceptance period.

(f) The offeror agrees to fulfill the offer completely if the FAA accepts the offer in writing within:

(1) The acceptance period stated in paragraph (c) of this provision; or

(2) Any longer acceptance period stated in paragraph (d) of this provision.

(End of provision)

3.2.2.3-81 PROHIBITION AGAINST CONTRACTING WITH INVERTED DOMESTIC CORPORATIONS-REPRESENTATION (JUL 2024)

(a) Definition: "Inverted Domestic Corporation" and "subsidiary" are defined in AMS clause 3.2.2.3-83 "Prohibition Against Contracting with Inverted Domestic Corporations."
(b) The FAA is not permitted to use appropriated (or otherwise made available) funds for contracts with either an inverted domestic corporation or a subsidiary of an inverted domestic corporation unless the requirement is waived in accordance with applicable AMS guidance.
(c) Representation. By submission of its offer, the offeror represents that it is not an inverted domestic corporation and is not a subsidiary of one.

(End of Provision)

3.2.2.7-7 CERTIFICATION REGARDING RESPONSIBILITY MATTERS (JUL 2024)

(a)(1) The Offeror certifies, to the best of its knowledge and belief, that:

(i) All representations and certifications, as reflected in the System for Award Management (SAM) are current and accurate as of the date the proposal/offer is submitted. If the Offeror represents itself as an SDVOSB, the Offeror certifies it is certified as an SDVOSB under the Small Business Administration's Veteran Small Business Certification Program (VetCert) at the time of offer. The Offeror must provide immediate written notice to the Contracting Officer if at any time prior to award the Offeror and/or any of its principals learns that any certification or representation in SAM or on VetCert was erroneous when this proposal/offer was submitted or has become erroneous by reason of changed circumstances.

(ii)The Offeror and/or any of its Principals-

(A) Are [ ] are not [ ] presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(B) Have [ ] have not [ ] within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public- (Federal, state, or local) contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws or receiving stolen property; and

(C) Are [ ] are not [ ] presently indicted for, or otherwise criminally or civilly charged by a governmental entity with, commission of any of the offenses enumerated in subdivision (a)(1) (ii)(B) of this provision.

(D) Have [ ], have not [ ], within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds $10,000 for which the liability remains unsatisfied.

(1) Federal taxes are considered delinquent if both of the following criteria apply:

(i) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(ii) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(2) Examples-

(i) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(ii) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. During the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(iii) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(iv) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).(E) The Offeror has [ ] has not [ ] within a three-year period preceding this offer, had one or more contracts terminated for default by any Federal agency.

(2) 'Principals,' for the purposes of this certification, means officers; directors; owners; partners; and persons having primary management or supervisory responsibilities within a business entity (e.g., general manager; plant manager; head of a subsidiary, division, or business segment, and similar positions). THIS CERTIFICATION CONCERNS A MATTER WITHIN THE JURISDICTION OF AN AGENCY OF THE UNITED STATES AND THE MAKING OF A FALSE, FICTITIOUS, OR FRAUDULENT CERTIFICATION MAY RENDER THE MAKER SUBJECT TO PROSECUTION UNDER SECTION 1001, TITLE 18, UNITED STATES CODE.

(b) The Offeror must provide immediate written notice to the Contracting Officer if, at any time prior to contract award, the Offeror learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

(c) A certification that any of the items in paragraph (a) of this provision exists will not necessarily result in withholding of an award under this SIR. However, the certification will be considered in connection with a determination of the Offeror's responsibility. Failure of the Offeror to furnish a certification or provide such additional information as requested by the Contracting Officer may render the Offeror non-responsible.

(d) Nothing contained in the foregoing must be construed to require establishment of a system of records to render, in good faith, the certification required by paragraph (a) of this provision. The knowledge and information of an Offeror is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

(e) The certification in paragraph (a) of this provision is a material representation of fact upon which reliance was placed when making award. If it is later determined that the Offeror knowingly rendered an erroneous certification, in addition to other remedies available to the Government, the Contracting Officer may terminate the contract resulting from this SIR for default.

(End of provision)

3.2.2.7-9 REPRESENTATION BY CORPORATIONS REGARDING DELINQUENT TAX LIABILITY OR A FELONY CONVICTION UNDER ANY FEDERAL LAW (JUL 2024)

(a) As required by sections 744 and 745 of Division E of the Consolidated and Further Continuing Appropriations Act, 2015 (Pub. L. 113-235), and similar provisions, if contained in subsequent appropriations acts, the FAA will not enter into a contract with any corporation that

(1) Has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the FAA is aware of the unpaid tax liability, unless the FAA has considered suspension or debarment of the corporation and made a determination that suspension or debarment is not necessary to protect the interests of the Government; or

(2) Was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the FAA is aware of the conviction, unless the FAA has considered suspension or debarment of the corporation and made a determination that the action is not necessary to protect the interests of the Government.

(b) The offeror represents that

(1) It is ___ is not ____ a corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability; and

(2) It is ___ is not ____ a corporation that was convicted of a felony criminal violation under a Federal criminal law within the preceding 24 months.

(End of provision)

3.3.1-35 CERTIFICATION OF REGISTRATION IN SYSTEM FOR AWARD MANAGEMENT (APR 2022)

In accordance with Clause 3.3.1-33, System for Award Management (SAM), the offeror certifies that they are registered in the SAM Database and have entered all mandatory information including the Unique Entity Identifier (UEI) or Electronic Funds Transfer (EFT) indicator.

3.6.4-18 CERTIFICATION REGARDING STEEL AND MANUFACTURED GOODS (APR 2022)

In accordance with 49 USC Section 50101, the offeror/contractor certifies that: (Check one) [ ] The steel and manufactured goods, including components and subcomponents provided in accordance with this contract are entirely produced in United States (or deemed United States produced pursuant to International Agreement) [ ] The cost of components and subcomponents produced in the United States is more than 60 percent of the cost of all components of the facility or equipment and final assembly of the facility or equipment has occurred in the United States.

(End of clause)

3.6.4-19 PROHIBITION ON CONTRACTING WITH ENTITIES ENGAGING IN CERTAIN ACTIVITIES OR TRANSACTIONS RELATED TO IRAN- REPRESENTATION AND CERTIFICATIONS (JAN 2024)

(a) Definitions.
"Person"
(1) Means
(i) A natural person;
(ii) A corporation, business association, partnership, society, trust, financial institution, insurer, underwriter, guarantor, and any other business organization, any other nongovernmental entity, organization, or group, and any governmental entity operating as a business enterprise; and
(iii) Any successor to any entity described in paragraph (1)(ii) of this definition; and

(2) Does not include a government or governmental entity that is not operating as a business enterprise.

"Sensitive Technology"
(1) Means hardware, software, telecommunications equipment, or any other technology that is to be used specifically
(i)To restrict the flow of free, unbiased information in Iran; or
(ii) To disrupt, monitor, or otherwise restrict the speech of the people of Iran; and
(2) Does not include information or informational materials the export of which the President does not have the authority to regulate or prohibit pursuant to Section 203(b)(3) of the International Emergency Economic Powers Act (50 U.S.C. 1702(b)(3)).
(3)The offeror must e-mail any questions concerning sensitive technology to the Department of State at CISADA106@state.gov.

(b) Certification. Except as provided in paragraph (c) of this provision or if a waiver has been granted in accordance with AMS Iran Sanctions Guidance, by submission of its offer, the offeror

(1)Represents, to the best of its knowledge and belief, that the offeror does not export any sensitive technology to the government of Iran or any individuals owned or controlled by, or acting on behalf or at the direction of, the government of Iran;

(2) Certifies that the offeror, or any other entity owned or controlled by, or person controlled by the offeror, does not engage in any activities for which sanctions may be imposed under section 5 of the Iran Sanctions Act of 1996. These sanctioned activities are in the areas of development of the petroleum resources of Iran, production of refined petroleum products in Iran, sale and provision of refined petroleum products to Iran, and contributing to Iran's ability to acquire or develop certain weapons or technologies; and

(3) Certifies that the offeror, and any other entity owned or controlled by, or person controlled by the offeror, does not knowingly engage in any transaction that exceeds $10,000 with Iran's Revolutionary Guard Corps or any of its officials, agents, or affiliates, the property and interests in property of which are blocked pursuant to the International Emergency Economic Powers Act 50 USC 1701 et. seq. (see the Department of the Treasury's Office of Foreign Assets Control (OFAC) Specially Designated Nationals and Blocked Persons List on their website).

(c) The certification requirement of paragraph (b) of this provision does not apply if the acquisition is subject to the trade-related acts in AMS Trade Agreements Guidance.

(End of provision)

3.8.9-1 REPRESENTATION REGARDING CERTAIN TELECOMMUNICATIONS AND VIDEO SURVEILLANCE SERVICES OR EQUIPMENT (JUL 2023)

(a) Definitions. As used in this provision-

Backhaul, Covered telecommunications equipment or services, Critical technology, Interconnection Arrangements, Reasonable inquiry, Roaming and *Substantial or essential component* have the meanings provided in AMS clause 3.8.9-2 "Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment".

(b) Prohibitions.

(1) Section 889(a) (1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. Nothing in this prohibition will be construed to-

(i) Prohibit the head of the agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(2) Section 889(a) (1) (B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020 from entering into a contract or renewing a contract with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential part of any system or as critical technology as part of any system. This prohibition applies to any entity that uses covered telecommunications equipment or services, including uses not in support of the Government. Nothing in this prohibition will be construed to-

(i) Prohibit the head of the agency from procuring with an entity to provide a service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(ii) Cover telecommunications equipment that cannot route or redirect user data traffic or cannot permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(c) Procedures: The offeror must review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from Federal awards for covered telecommunications equipment or services.

(d) Representations.

(1) The Offeror represents that it [ ] will, [ ] will not provide covered telecommunications equipment or services to the Government in the performance of any contract, subcontract or other contractual instrument resulting from this solicitation. The Offeror must provide the additional disclosure information required at (e) if the Offeror responds "will" and

(2) After conducting a reasonable inquiry for purposes of this representation, the Offeror represents that it does [ ] does not [ ] use covered telecommunications equipment or services, or use any equipment, system, or service that uses covered telecommunications equipment or services. The Offeror must provide the additional disclosure information required at paragraph (e) if the Offeror indicates "does".

(e) Disclosures. Disclosure for the representation in paragraph (d) (1) of this provision If the Offeror has responded "will" in the representation in paragraph (d) (1) of this provision, the Offeror must provide the following information as part of the offer--

(1) For covered equipment

(i) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the original equipment manufacturer (OEM) or a distributor, if known;

(ii) A description of all covered telecommunications equipment offered (include brand; model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(iii) Explanation of the proposed use of covered telecommunications equipment and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b) (1) of this provision.

(2) For covered services-

(i) If the service is related to item maintenance, a description of all covered telecommunications services offered (include on the item being maintained: brand, model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable; or

(ii) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed uses of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(1) of this provision.

Disclosure for representation in paragraph (d) (2) of this provision. If the Offeror has responded "does" to paragraph (d) (2) of this provision, the offeror must provide the following information as part of the offer-

(3) For covered equipment

(i) The entity that produced the covered telecommunications equipment (include entity name, unique entity identifier, CAGE code, and whether the entity was the OEM or a distributor, if known;

(ii) A description of all covered telecommunications equipment offered (include brand; model number, such as original equipment manufacturer (OEM) number, manufacturer part number, or wholesaler number; and item description, as applicable); and

(iii) Explanation of the proposed use of covered telecommunications equipment and services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b) (2) of this provision.

(4) For covered services-

(i) If the service is related to item maintenance, a description of all covered telecommunications services offered (include on the item being maintained: brand, model number, such as OEM number, manufacturer part number, or wholesaler number; and item description, as applicable); or

(ii) If not associated with maintenance, the Product Service Code (PSC) of the service being provided; and explanation of the proposed uses of covered telecommunications services and any factors relevant to determining if such use would be permissible under the prohibition in paragraph (b)(2) of this provision.

(End of Provision)

3.8.9-3 COVERED TELECOMMUNICATIONS EQUIPMENT OR SERVICES- REPRESENTATION (JUL 2023)

(a) *Definitions*. As used in this provision, "covered telecommunications equipment or services" and "reasonable inquiry" have the meanings per the clause 3.8.9-2 "Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment".

(b) *Procedures*. The offeror must review the list of excluded parties in the System for Award Management (SAM) (https://www.sam.gov) for entities excluded from receiving federal awards for covered telecommunications equipment or services.

(c) *Representation*.

(1) The offeror represents that it _____ does, _____ does not provide covered telecommunications equipment or services as part of its offered products or services to the Government in the performance of any contract, subcontract, or other contractual instrument.

(2) After conducting a reasonable inquiry for purposes of this representation, the offeror represents that it _____ does, _____ does not use covered telecommunications equipment or services, or any equipment, system, or service that uses covered telecommunications equipment or services.

3.8.9-6 FEDERAL ACQUISITION SUPPLY CHAIN SECURITY ACT ORDERS—REPRESENTATION AND DISCLOSURES (JAN 2024)

(a) *Definitions*. As used in this provision, *Covered article, FASCSA order, Intelligence community, National security system, Reasonable inquiry, Sensitive compartmented information, Sensitive compartmented information system,* and *Source* have the meaning provided in the AMS Clause 3.8.9-7, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(b) *Prohibition*. Contractors are prohibited from providing or using as part of the performance of the contract any covered article, or any products or services produced or provided by a source, if the prohibition is set out in an applicable Federal Acquisition Supply Chain Security Act (FASCSA) order, as described in paragraph (b)(1) of AMS Clause 3.8.9-7, Federal Acquisition Supply Chain Security Act Orders-Prohibition.

(c) *Procedures*.

(1) The Offeror must search in the System for Award Management (SAM)(https://www.sam.gov) for any covered article, or any products or services produced or provided by a source, if there is an applicable FASCSA order described in paragraph (b)(1) of AMS Clause 3.8.9-7, Federal Acquisition Supply Chain Security Act Orders-Prohibition. Issued FASCSA orders may be identified by selecting the "View FASCSA Orders" button from the SAM homepage (https://www.sam.gov) and viewing or downloading FASCSA orders from the Supply Chain Security Orders webpage.

(2) The Offeror must review the SIR for any FASCSA orders that are not in SAM but are effective and do apply to the SIR and resultant contract (see AMS Guidance T3.8.9.C.4.c.(2)(A)(ii)).

(3) FASCSA orders issued after the publication date of the SIR do not apply unless the order is subsequently added to the SIR via amendment.

(d) *Representation*. By submission of this offer, the offeror represents that it has conducted a "reasonable inquiry" (as defined in AMS Clause 3.8.9-7), and that the offeror does not propose to provide or use in response to this SIR any covered article, or any products or services produced or provided by a source, if the covered article or the source is prohibited by an applicable FASCSA order in effect on the date the SIR was issued, except as waived by the SIR, or as disclosed in paragraph (e) *Disclosures*, below.

(e) *Disclosures*. The purpose for this disclosure is so the FAA may decide whether to issue a waiver. For any covered article, or any products or services produced or provided by a source, if the covered article or the source is subject to an applicable FASCSA order, and the Offeror is unable to represent compliance, then the Offeror must provide the following information as part of the offer:

(1) Name of the product or service provided to the Government;

(2) Name of the covered article or source subject to a FASCSA order;

(3) If applicable, name of the vendor, including the Commercial and Government Entity code and unique entity identifier (if known), that supplied the covered article or the product or service to the Offeror;

(4) Brand;

(5) Model number (original equipment manufacturer number, manufacturer part number, or wholesaler number);

(6) Item description; and

(7) Reason why the applicable covered article or the product or service is being provided or used.

(f) *FAA review of disclosures*. The Contracting Officer will review disclosures provided in paragraph (e) Disclosures, to determine if any waiver may be sought. A Contracting Officer may choose not to pursue a waiver for covered articles or sources otherwise subject to a FASCSA order and may instead make an award to an offeror that does not require a waiver.

3.13-4 CONTRACTOR IDENTIFICATION NUMBER - UNIQUE ENTITY IDENTIFIER (UEI) (APR 2022)

(a) Definitions. As used in this provision:

"Contractor Identification Number," as used in this provision, means " Unique Entity Identifier" (UEI)(also known as the Unique Entity ID), which is a nine-digit number assigned by the System for Award Management (SAM) to identify unique business entities (taken from AMS Clause 3.3.1-33 "System for Award Management".)

"Electronic Funds Transfer indicator " means the 4-character suffix to the Unique Entity Identifier. This 4-character suffix may be assigned at the discretion of the business concern to establish additional SAM records for identifying alternative Electronic Funds Transfer (EFT) accounts for the same parent concern.

(b) Contractor identification is essential for receiving payment and complying with statutory contract reporting requirements. Therefore, the offeror must provide its UEI or EFT indicator below. The UEI will be used by the Contracting Officer to verify that the offeror is registered in the SAM database.

UEI or EFT indicator: _____

(c) If the offeror does not have a UEI, it should obtain one via www.sam.gov.

(d) The offeror should be prepared to provide the following information when requesting a UEI:
(1) Company legal business name.
(2) Tradestyle, doing business, or other name by which your entity is commonly recognized.
(3) Company Physical Street Address, City, State, and ZIP Code.
(4) Company Mailing Address, City, State and ZIP Code (if different from physical street address).
(5) Company Telephone Number.
(6) Date the company was started.
(7) Number of employees at your location.
(8) Chief executive officer/key manager.
(9) Line of business (industry).
(10) Company Headquarters name and address (reporting relationship within your entity).

(End of provision)

3.9.1-3 PROTEST (APR 2024)

AS A CONDITION OF SUBMITTING AN OFFER OR RESPONSE TO THIS SIR (OR OTHER SOLICITATION, IF APPROPRIATE), THE OFFEROR OR POTENTIAL OFFEROR AGREES TO BE BOUND BY THE FOLLOWING PROVISIONS RELATING TO PROTESTS:

(a) Protests concerning Federal Aviation Administration Screening Information Requests (SIRs) or awards of contracts shall be resolved through the Federal Aviation Administration (FAA) dispute resolution system at the Office of Dispute Resolution for Acquisition (ODRA) and shall be governed by the procedures set forth in 14 C.F.R. Parts 14 and 17, which are hereby incorporated by reference. Judicial review, where available, will be in accordance with 49 U.S.C. 46110 and shall apply only to final agency decisions. A protestor may seek review of a final FAA decision only after its administrative remedies have been exhausted.

(b) Offerors initially should attempt to resolve any issues concerning potential protests with the Contracting Officer. The Contracting Officer should make reasonable efforts to answer questions promptly and completely, and, where possible, to resolve concerns or controversies. The protest time limitations, however, will not be extended by attempts to resolve a potential protest with the Contracting Officer.

(c) The filing of a protest with the ODRA may be accomplished by mail, overnight delivery, hand delivery, or by facsimile or if permitted by order of the ODRA, by electronic filing. A protest is considered to be filed on the date it is received by the ODRA during normal business hours. The ODRA's normal business hours are from 8:30 am to 5:00 pm Eastern Time.

(d) Only an interested party may file a protest. An interested party is one whose direct economic interest has been or would be affected by the award or failure to award an FAA contract. Proposed subcontractors are not "interested parties" within this definition.

(e) A written protest must be filed with the ODRA within the times set forth below, or the protest shall be dismissed as untimely:

(1) Protests based upon alleged improprieties in a solicitation or a SIR that are apparent prior to bid opening or the time set for receipt of initial proposals shall be filed prior to bid opening or the time set for the receipt of initial proposals.

(2) In procurements where proposals are requested, alleged improprieties that do not exist in the initial solicitation, but which are subsequently incorporated into the solicitation, must be protested not later than the next closing time for receipt of proposals following the incorporation.

(3) For protests other than those related to alleged solicitation improprieties, the protest must be filed on the later of the following two dates:

(i) Not later than seven (7) business days after the date the protester knew or should have known of the grounds for the protest; or

(ii) If the protester has requested a post-award debriefing from the FAA Product Team, not later than five (5) business days after the date on which the Product Team holds that debriefing.

(f) Protests shall be filed at:

(1) For filing by hand delivery, courier or other form of in-person delivery:

Office of Dispute Resolution for Acquisition
Federal Aviation Administration
600 Independence Avenue SW., Room 2W100
Washington, DC 20591; or

For filing by U.S. Mail:

Office of Dispute Resolution for Acquisition
Federal Aviation Administration
800 Independence Avenue SW
Washington, DC 20591
[Attention: AGC-70, Wilbur Wright Bldg. Room 2W100]; or

Telephone: (202) 267-3290
Facsimile: (202) 267-3720
Alternate Facsimile: (202) 267-1293; or

(2) Other address as specified in 14 CFR Part 17.

(g) At the same time as filing the protest with the ODRA, the protester shall serve a copy of the protest on the Contracting Officer and any other official designated in the SIR for receipt of protests by means reasonably calculated to be received by the Contracting Officer on the same day as it is to be received by the ODRA. The protest shall include a signed statement from the protester, certifying to the ODRA the manner of service, date, and time when a copy of the protest was served on the Contracting Officer and other designated official(s).

(h) Additional information and guidance about the ODRA dispute resolution process for protests can be found on the ODRA Website at http://www.faa.gov.

L.1 INSTRUCTIONS, CONDITIONS, AND NOTICES TO RESPONDENTS FOR PROPOSAL PREPARATION

This section of the SIR provides guidance for preparing proposal as well as specific instructions on the format and content of the proposal. The offeror's proposal must include all data and information requested by this SIR and must be submitted in accordance with these instructions. If the Offeror submits an incomplete package, they may be considered ineligible for award.

L.2 REQUIRED DOCUMENTS
The Offeror MUST return the following completed documents as part of its offer to be considered eligible for award.

FACTOR 1: OFFER AND OTHER DOCUMENTS
1.Cover letter stating that no exceptions are taken to any specification requirements or contract terms and condition, or detailed summary of all exceptions taken.
2. Signed SOLICITATION, OFFER AND AWARD form and acknowledgement of any issued amendments.
3. Price proposal that includes all costs necessary to perform all work in accordance with each associated Statement of Work (SOW), and the Davis Bacon Wage Rates. All these attachments can be found in Section J.
4. Section K, Representations, Certifications, & Other Statements of Offerors.
5. Certificate of Liability from your insurance company that shows you can meet the requirements identified in this solicitation.
6. Performance bonding is required if your proposal exceeds $250,000.00.

FACTOR 2: TECHNICAL PROPOSAL
The Offeror must provide a detailed narrative and comprehensive schedule to achieve the requirements described in Attachments outlined in Section J. The submittal must include a preliminary construction schedule that includes starts/finishes/expected durations for major activities. Include lead times for the major equipment items. Indicate when an activity will take a facility out of service or return a facility to service. Provided schedule must differentiate between simultaneous and sequential activities.

FACTOR 3: PAST EXPERIENCE

Installer qualifications:
A. The installing contractor must have minimum 5 years' experience successfully completing similar scopes of work.
B. The contractor performing the surface preparation must be trained, licensed and have a minimum five years of experience in the safe abatement, handling, and disposal of hazardous materials, specifically PCBs, chromium, cadmium and lead-based paint, on projects of similar scope and complexity.

The Offeror must provide a detailed narrative of at least two (2) previous projects within the last five (5) years of similar scope and size as the prime contractor or subcontractor. Past performance must be related to the project or projects on which your firm is making an offer. The FAA reserves the right to contact POC listed and apply its findings in the final determination. The FAA reserves the right to obtain and evaluate information from sources other than those identified by the offeror.

FACTOR 4: PRICE PROPOSAL
Offerors must provide a price proposal that includes separate pricing for each line item, as well as, a total overall price. The proposal must breakout and include costs for all labor, materials, to include unit rates and quantity/hours, equipment, transportation, insurance, licenses, permits, fees, overhead, profit, and supervision necessary to perform all work in accordance with the Statement of Work and the Wage Determination provided in Section J. The offeror acknowledges that negotiated overhead and profit agreed to in the initial contract will be applied to all future change orders, ensuring a transparent and consistent pricing structure for all additional work performed on the project. Any omission of any required pricing information constitutes incomplete pricing and will therefore be deemed non-responsive and will not be considered for award.

L.3 OFFER DELIVERY AND POINT OF CONTACT
The Contracting Officer (CO) is the point of contact for this acquisition. Address any questions or concerns you may have to the CO. Email may be used to transmit such information. Communication and exchanges of information between the Government and the offerors will be controlled by the CO. Written requests for clarification may be sent to the CO at the following email addresses: Joni.L.Haynes@faa.gov. Hand delivered offers will not be accepted.

L.4 Discrepancies
If an offeror believes that the requirements in these instructions contain an error, omission, or are otherwise unsound, the offeror shall immediately notify the CO in writing with supporting rationale as well as the remedies the offeror is asking the CO to consider as related to the omission or error. The offeror is reminded that the Government reserves the right to award this effort based on the initial proposal as received, with or without discussion. This reservation includes matters of additional or substitute pages of the initial proposal.

L.5 Amendments to the Solicitation
If this SIR is amended, all terms and conditions that are not amended will remain unchanged in full force and effect. Offerors shall acknowledge receipt of any amendment and provide confirmation upon submission of the offeror's proposal.

L.6 Incorporation of Representations and Certifications
Certain representations and certifications must be made by the offeror and must be filled in as appropriate. The signature of the offeror on the face page of this SIR (solicitation) constitutes the making of certain representations and certifications. Award(s) of any contract to the offeror(s) shall be considered to have incorporated the applicable representations and certifications by reference.

L.7 Directions for Submitting Proposal(s)
The name and address of your firm on the proposal MUST EXACTLY MATCH the address used for your DUNS/SAM registration. Proposals must be received by date and time indicated on page 01, block 10.

L.8 Contractor Proposal Information
This SIR is not to be construed as a contract or a commitment of any kind. The Government and the FAA shall not be liable for payment of, nor reimburse offerors or contractors for any costs incurred in the preparation and/or submittal of a proposal in response to this SIR or resultant task order. All proposal preparation and/or submittal costs are at the risk of the offeror or contractor.

The remainder of this page has been intentionally left blank.

Section M - Evaluation Factors for Award

Clause List

M.1 AWARD
A Firm-Fixed Price (FFP) contract will be awarded to an Offeror based on the following: Business Proposal (Factor 1), Technical Proposal (Factor 2) and Past Performance Questionnaire (Factor 3) are rated Acceptable and the total price proposed is determined to be fair and reasonable. To be eligible for award, the Offeror must meet all the requirements of this RFP/SIR. The FAA reserves the right to reject the offer, waive any requirements, minor irregularities and discrepancies, if it is the best interest of the FAA.

M.2 EVALUATION FACTORS
Proposal will be evaluated based on the ratings listed below. The Offeror must receive Acceptable ratings in every rating category in order to be held in consideration for award. The criteria are as follows:

FACTOR 1: OFFER AND OTHER DOCUMENTS
Rating Description

Adjectival Rating	Description of Adjectival Rating
Acceptable	Proposal contains all documentations indicating completeness and accuracy
Unacceptable	Proposal does not meet the requirement set forth in Section L of SIR and is missing documents, has incomplete sections and/or contains errors

FACTOR 2: TECHNICAL PROPOSAL
Rating Description

Adjectival Rating	Description of Adjectival Rating
Acceptable	Proposal meets minimum requirements and indicates a thorough approach and understanding of the requirement. Risk of unsuccessful performance is low.
Unacceptable	Proposal does not meet minimum requirements and does not indicate contractor's understanding of the requirement. Risk of unsuccessful performance is moderate/high.

FACTOR 3: PAST PERFORMANCE
Rating Description

Adjectival Rating	Description of Adjectival Rating
