REMARKS

NAME: Guest, Robert C DATE: 07 APR 2026

Item appears on original Bell 212 aircraft, a commercial variant of UH-1N. Certification document may trace to Bell 212 criteria, and acceptable for use on UH-1N, as long as ultimate certification will trace to Bell Procurement Specification 209-075-326 specific to -001 version, or Air Force TO 8D15-12-2-3. Reconditioned units are subject to same criteria as overhauled units and shall be certified to the same controlling documents.

JUSTIFICATION FOR UNACCEPTABLE SURPLUS MATERIEL

Material that is either non-functioning or certification does not trace to either controlling (Bell or AF) document is not acceptable for use.
