GOVERNMENT POINT OF ENTRY (GPE) ANNOUNCEMENT
FOR
DEVELOPMENT AND DELIVERY OF RAMAN SPECTROMETER FOR WATER CONTATMINANTS

The Naval Surface Warfare Center, Panama City Division, (NSWC PCD), Panama City, FL intends to award a firm-fixed price purchase order to University of South Florida.

The Naval Surface Warfare Center Panama City Division (NSWC PCD) has a requirement to procure the Development and Delivery of Raman Spectrometer for Water Contaminants. The University of South Florida (USF) has invented and maintains the patent rights to the spectrometer, which is used to detect contaminants in various gases. Only USF has the proprietary knowledge and expertise to further develop the Raman Spectrometer to detect contaminants in other fluids.

NAICS Code 541330 applies. Small Business Size Standard is $25.5 Million. FSC is R425.
