Section M - Evaluation Factors for Award

Miscellaneous text in this section has been modified to:

Quotes will be evaluated in accordance with FAR 12.203. Evaluation Factors are as follows: Price, Technical, Experience and Past Performance. The Government reserves the right to evaluate quotes and make an award based on initial submissions without further exchanges. However, the Government also reserves the right to request additional or missing information if the Contracting Officer determines it to be in the Government's best interest.

Evaluation Factor	Definition	Requested Submission
1. Expe	Demonstrated experience performing a project of similar scope, magnitude, and	A brief description (maximum of one page) of a single completed project that clearly demonstrates the required experience.

rience	complexity to the boiler replacement required by this solicitation.	
2. Past Performance	An assessment of how well the offeror executed and completed the project submitted under the Experience factor.	A current, verified Point of Contact (POC)--including name, title, phone number, and email address--for the project submitted under the Experience factor. The Government will contact this POC to gather past performance information.
3. Technical	An evaluation of the proposed equipment to verify it meets the minimum technical specifications of the Statement of Work (SOW).	Technical data sheets or manufacturer specification sheets identifying the specific boiler make, model, and physical specifications the contractor will utilize. The agreed-upon unit shall become a binding contract requirement upon award.

Note: The Past Performance evaluation is directly tied to the project submitted for the Experience evaluation. While the Government may request missing information, offerors are strongly encouraged to provide a complete submission, including a verifiable POC, to avoid negatively impacting their evaluation.
