SITE VISIT
1333ND26QNB190226
B2A DEMOLITION, NIST, BOULDER, CO
JUNE 18, 2026, 1:00 PM (MT)

1. **Intro:** The intent of this contract is to provide wildfire mitigation in Skunk Creek, NIST, Gaithersburg, Md.

   Ensure to remind participants that nothing discussed during this site visit shall be considered a change in contract or work requirement. All RFIs must be sent to below address and coordinated properly to ensure official responses and if necessary, incorporation into official documents.

   Inquiries and Questions deadline: July 15, 2026, no later than 3:00 PM (MT). Inquiries sent to shawn.borisow@nist.gov

[KTR RFI 01] "Will the Government provide the as-built drawings for Building 2A, including utility lines and service feeds, i.e., water, gas, compressed air, electrical, etc., going back to Building 2?"

[GOV RESPONSE 01]

[KTR RFI 02] "Will the Government confirm that the (2) ancillary structures which are plan west and plan northwest of Building 2A are to remain?"

[GOV RESPONSE 02]

[KTR RFI 03] "Will the Government confirm that the request for sidewalk providing access to Building 2A will be routed between Building 2A and the ancillary structure plan west of Building 2A to connect to the path at the north?"

[GOV RESPONSE 03]

   Offer Due Date: July 22, 2026, no later than 3:00 PM (MT). Submission sent to shawn.borisow@nist.gov

2. **General Notes:**
