Ser Code [redacted]

FSS Sole Source Justification

1. Contracting Activity

The Naval Sea Systems Command (NAVSEA), Naval Surface Warfare Center, Corona Division (Corona Division), Contracts Department, Code 02.

2. Description of the Action Being Approved

This is a sole source action to award a Firm Fixed Price contract for UiPath software licenses and related services in support of NAVSEA, Navy Maritime Maintenance Enterprise Solutions (NMMES). The required software licenses and related services are available on the Department of War (DoW) Enterprise Software Initiative (ESI) and have mandatory sources.

3. Description of Supplies & Services

The NMMES has a requirement to implement advanced automation and Artificial Intelligence (AI) requirements to the business processes at the [redacted] Shipyards and the Regional Maintenance Centers as part of its Digital Transformation Plan. In order to satisfy automation requirements across the operation of the infrastructure as well as the software development lifecycle (SDLC), the following supplies and services are required:

Brand Name	Part Number	Description	Qty
UiPath	UIFDPAUSP00-CESI	Software license subscription: UiPath - Flex - Platform - Advanced - US Public Sector (Includes Enterprise Success) (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIFDPAUSP00	1
UiPath	UIFDANUUS00-CESI	Software license subscription: UiPath - Flex - Attended - Named User - US Public Sector (FedRamp) (Includes Enterprise Success) (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIFDANUUS00	12
UiPath	UIFDCDNUU00-CESI	Software license subscription: UiPath - Flex - Citizen Developer - Named User - US Public Sector (FedRamp) (Includes Enterprise Success) (12 Month Term) Date of Award Plus 1 yr	3

		UiPath, Inc. - UIFDCDNUU00	
UiPath	UIFDACNUU00-CESI	Software license subscription: UiPath - Flex - Action Center - Named User - US Public Sector (Minimum Quantity 5) (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIFDACNUU00	5
UiPath	UIFDADNUU00-CESI	Software license subscription: UiPath - Flex - Automation Developer - Named User - US Public Sector (FedRamp) (Includes Enterprise Success) (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIFDADNUU00	4
UiPath	UIFDPMBUN02-CESI	Software license subscription: UiPath - Flex - Process Mining Business User - Named User - US Public Sector (Minimum Quantity 5, Includes Enterprise Success) (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIFDPMBUN02	2
UiPath	UIFDURUSP00-CESI	Software license subscription: UiPath - Flex - Unattended Robot - US Public Sector (FedRamp) (Includes Enterprise Success) (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIFDURUSP00	5
UiPath	UIUPUB1KU00-CESI	Software license subscription: UiPath - Uni - Platform Unit Bundle - 1K - US Public Sector (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIUPUB1KU00	20
UiPath	UIUATPSUS00-CESI	Cloud and Cloud-Related IT Professional Services: UiPath - Uni - App Test Platform - Standard - US Public Sector (FedRamp) (Includes Platinum Support) (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIUATPSUS00	1
UiPath	UIUSAPCIA01-CESI	Software license subscription: UiPath - Uni - SAP Change Impact Analysis Transport Unit Bundle - 100 - US Public Sector (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIUSAPCIA01	10
UiPath	UIUATP5US00-CESI	Software license subscription: UiPath - Uni - App Tester Pack (5) - US Public	1

		Sector (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIUATP5US00	
UiPath	UIUATDNUU00-CESI	Software license subscription: UiPath - Uni - App Test Developer - Named User - US Public Sector (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIUATDNUU00	4
UiPath	UIUATRP5U00-CESI	Software license subscription: UiPath - Uni - App Test Robot Pack (5) - US Public Sector (12 Month Term) Date of Award Plus 1 yr UiPath, Inc. - UIUATRP5U00	2
UiPath	UIFDANUUS00-CESI	Software license subscription: UiPath - Flex - Attended - Named User - US Public Sector (FedRamp) (Includes Enterprise Success) (12 Month Term) 6 months from Date of Award Plus 6 months UiPath, Inc. - UIFDANUUS00	5
UiPath	UIFDCDNUU00-CESI	Software license subscription: UiPath - Flex - Citizen Developer - Named User - US Public Sector (FedRamp) (Includes Enterprise Success) (12 Month Term) 6 months from Date of Award Plus 6 months UiPath, Inc. - UIFDCDNUU00	3
UiPath	UIFDURUSP00-CESI	Software license subscription: UiPath - Flex - Unattended Robot - US Public Sector (FedRamp) (Includes Enterprise Success) (12 Month Term) 6 months from Date of Award Plus 6 months UiPath, Inc. - UIFDURUSP00	5
UiPath	UIPPS3000000-CESI	Software Maintenance Support Services: Project Manager (Hourly) Date of Award Plus 1 yr UiPath, Inc. - UIPPS3000000	430
UiPath	UIPPS000000-1-CESI	Software Maintenance Support Services: Business Analyst (Hourly) Date of Award Plus 1 yr UiPath, Inc. - UIPPS000000-1	950
UiPath	UIPPS000000-7-CESI	Software Maintenance Support Services: RPA Solutions Architect (Hourly) Date of Award Plus 1 yr UiPath, Inc. - UIPPS000000-7	780
UiPath	UIPPS000000-5-CESI	Software Maintenance Support Services: RPA Developer (Hourly)	1,520

		Date of Award Plus 1 yr UiPath, Inc. - UIPPS000000-5 -Developer #1	
UiPath	IPPS000000-5-CESI	Software Maintenance Support Services: RPA Developer (Hourly) Date of Award Plus 1 yr UiPath, Inc. - UIPPS000000-5 Developer #2	1,340
UiPath	UIPPS000000-5-CESI	Software Maintenance Support Services: RPA Developer (Hourly) Date of Award Plus 1 yr UiPath, Inc. - UIPPS000000-5 Developer #3	1,340
UiPath	UIPPS202308-09-CESI	Software Maintenance Training: UiPath - PS - Advanced Developer Training (12 Month Term) Remote Delivery of Advanced Developer Training for up to Ten (10) Participants Date of Award Plus 1 yr UiPath, Inc. - UIPPS202308-09 Phase 1	1
UiPath	UIPPS202308-09-CESI	Software Maintenance Training: UiPath - PS - Advanced Developer Training (12 Month Term) Remote Delivery of Advanced Developer Training for up to Ten (10) Participants Date of Award Plus 1 yr UiPath, Inc. - UIPPS202308-09 Phase 2	1
UiPath	UIPPS202308-09-CESI	Software Maintenance Training: UiPath - PS - Advanced Developer Training (12 Month Term) Remote Delivery of Advanced Developer Training for up to Ten (10) Participants Date of Award Plus 1 yr UiPath, Inc. - UIPPS202308-09 Phase 3	1
UiPath	UIPPS202308-09-CESI	Software Maintenance Training: UiPath - PS - Advanced Developer Training (12 Month Term) Remote Delivery of Advanced Developer Training for up to Ten (10) Participants Date of Award Plus 1 yr UiPath, Inc. - UIPPS202308-09 Phase 4	1

The total estimated value of this acquisition is $[redacted] and will be funded with Fiscal Year 2026 (FY26) [redacted] funds.

Appropriation	FY26 Funds	Total
OMN	[redacted]	[redacted]

The Government's minimum needs have been verified by the certifying technical and requirements personnel.

4. Statutory Authority Permitting Limited Sources Justification

This acquisition is conducted under the statutory authority of the Multiple Award Schedule Program per 41 U.S.C. § 152(3). The regulatory authority permitting limited sources is Federal Acquisition Regulation (FAR) 8.401(b) and General Service Administration Acquisition Regulation (GSAR) 538.7104-3(b)(1)(ii), item peculiar to one manufacturer.

5. Rationale Justifying Use of Cited Statutory Authority

The NMMES has a requirement to execute the DON Chief Technology Officer's (CTO) mandate as stated in "DON CTO Priority Technology Areas" memorandum dated 17 June 2025 for the acceleration of AI adoption. Specifically, the NMMES has a need to implement automation across the operation of the infrastructure and the software development lifecycle at the [redacted]. To mee these needs, NMMES requires a single, continuous, shared, DoW-wide automation platform to develop and deploy software programs that automate repetitive manual tasks, which are commonly referred to as bots. Operationally, this platform must maintain an [redacted] and ensure the continuous digital audit trails required by DoW information assurance mandates. Specifically, these mandates include NIST SP 800-53 Revision 5 (Audit and Accountability Controls) and the DoW [redacted] Strategy. Under these requirements, the DON is required to automatically generate system-level audit logs that capture user logins, administrative changes [redacted] and data exports in an immutable format to prevent [redacted]

UiPath software licenses and related services are essential to meeting the requirements and market research indicates that alternative products do not meet, or cannot be modified to meet, the needs of the Government. Alternative products require personnel to manually move data between multiple local, unique and non-interoperable software applications designed to perform a singular task, which causes data transfer latency. When personnel are forced to manually export and move data between disjointed software tools to complete an automation lifecycle, the [redacted] This breaks compliance with NIST SP 800-53 Control AU-3 (Content of Audit Records) and Control AU-12 (Audit Record Generation), as the system can no longer automatically log the identity of the user, the source of the event, and the data's modified state across the fragmented environment. UiPath is the only solution that meets the requirement by integrating workflow analysis, bot construction, and software testing into a

single, continuous environment. Only UiPath's proprietary architecture, which no other vendors have, functions as a centralized repository for DON commands where automation created by one government command can be instantly shared DoW-wide.

In addition to software licenses, NMMES also requires related services from the original equipment manufacturer (OEM), including technical support software maintenance services, subscription cloud and cloud-related IT professional services, and training software maintenance services. As the proprietary source code owner, the OEM has the [redacted] required to integrate the platform with sensitive DoN frameworks and configure advanced AI within [redacted] parameters. Specifically, NMMES requires technical support and native patching to deliver immediate, [redacted] troubleshooting, which are technically necessary to maintain its [redacted] and prevent system downtime within its [redacted] environment. Additionally, subscription cloud and cloud-related IT services are required to provide a secure, authorized automation environment that allows bots to safely process [redacted] and logistics data across Navy cloud architectures. Thus, it is essential that an authorized reseller of the OEM [redacted] provides the related services.

For the reasons stated above, the procurement of brand name UiPath software licenses and related services is essential to the Government's requirements as market research indicates that no other brand name can meet, or be modified to meet, the Government's needs.

6. Description of Efforts Made to Solicit Offers from as Many Offerors as Practicable

A Sources Sought Notice was posted to the Systems for Award Management's website (SAM.gov) on 16 December 2025 and closed on 8 January 2026. The notice sought industry interest on the Government's requirements and the availability of qualified companies technically capable of meeting the Government's requirements. Five (5) vendors provided capability statements.

- [redacted] is technically capable as they are an authorized reseller and are a qualified DoW ESI BPA holder.
- [redacted] cannot meet the requirement as they are not a qualified DoW ESI BPA holder.
- [redacted] Procurement cannot meet the requirement as they are not a qualified DoW ESI BPA holder.
- [redacted] cannot meet the requirement as they are not a qualified DoW ESI BPA holder.
- [redacted] cannot meet the requirement as they are not a qualified DoW ESI BPA holder.

7. Determination of Fair and Reasonable Costs

The Contracting Officer has determined that the anticipated costs to the Government for the items covered by this justification will be fair and reasonable consistent with GSAR 538.7102-2(d)(2) and 538.7104-2(a)(3).

8. Actions to Remove Barriers to Competition

Corona Division will continue to perform market research to identify capable sources for future requirements related to this effort and, if another potential source emerges, Corona Division will assess whether full and open competition is feasible.
