Attachment A

Estimated Laboratory Quality Control (QC) Materials List
Sources Sought Notice
Important Notes:

- Quantities listed below are **estimated annual quantities** and are provided for planning and market research purposes only.
- This list does **not** represent a commitment by the Government to purchase any specific quantity.
- Respondents should indicate whether they can provide all listed items.
- If proposing equivalent products, respondents should identify the proposed manufacturer, catalog number, and explain how the proposed product meets the Government's requirements.

Item	Current Part Number	Product Description:	Unit of Issue	Estimated Annual Quantity
1	697	Multiqual Unassayed Level 1 Liquid, 12 × 10 mL	Each	10
2	699	Multiqual Unassayed Level 3 Liquid, 12 × 10 mL	Each	10
3	361	IA Plus Level 1 Liquid, 12 × 5 mL	Each	4
4	363	IA Plus Level 3 Liquid, 12 × 5 mL	Each	4
5	544	Ethanol/Ammonia Level 1 Liquid, 6 × 3 mL	Each	12
6	546	Ethanol/Ammonia Level 3 Liquid, 6 × 3 mL	Each	12
7	751	Spinal Fluid Level 1 Liquid, 6 × 3 mL	Each	3
8	752	Spinal Fluid Level 2 Liquid, 6 × 3 mL	Each	3
9	397	Urine Chemistry Level 1 Liquid, 12 × 10 mL	Each	3
10	398	Urine Chemistry Level 2 Liquid, 12 × 10 mL	Each	3
11	12015645	Specialty IA Plus Level 1 Liquid, 6 × 5 mL	Each	12
12	12015647	Specialty IA Plus Level 3 Liquid, 6 × 5 mL	Each	12
13	594	Immunology Level 1 Liquid, 6 vials	Each	12
14	596	Immunology Level 3 Liquid, 6 vials	Each	12
15	962	Quantify Plus Liquid Bilirubin, 4 × 120 mL	Each	12
16	12000070	HbA1c Linearity Control, Lyophilized, 6 × 0.5 mL	Each	3
17	813030100	Coombs Cell-E	Each	12
18	354	Pediatric Level 1 Liquid, 6 × 4 mL	Each	10
19	355	Pediatric Level 2 Liquid, 6 × 4 mL	Each	10

Vendor Response

Respondents are encouraged to indicate:

- Whether they can provide all listed items.
- Whether they are the manufacturer, authorized distributor, or authorized reseller.
- Whether equivalent products are being proposed.
- Any anticipated limitations regarding product availability or lead times.
- Whether technical support, manufacturer documentation, lot-specific assay sheets, and quality control data management resources are available with the proposed products.
