Primary Equipment
The vendor shall provide one (1) LIFEPAK 35/35e Monitor/Defibrillator system with the following minimum capabilities:
Required Features

- Biphasic defibrillation capability
- Manual defibrillation mode
- AED operating mode
- Synchronized cardioversion capability
- External pacing capability
- Wireless connectivity capability
- Integrated touchscreen display
- CPR guidance and feedback capability
- Advanced ECG monitoring capability
- 12-lead ECG acquisition and interpretation
- SpO2 monitoring capability
- End tidal CO2 (ETCO2) monitoring capability
- Non-invasive blood pressure (NIBP) monitoring capability
- Capnography monitoring capability
- Rechargeable lithium-ion battery operation
- AC power operation
- Integrated printer functionality
- Hospital-grade transport-ready configuration
- Data management and event review capability
- Adult and pediatric monitoring capability

The LIFEPAK 35 system shall be compatible with existing hospital monitoring and emergency response workflows and configured for clinical use upon delivery.

3. Required Accessories and Components
Power and System Components

Item Description	Quantity
LIFEPAK 35/35e Monitor/Defibrillator with advanced monitoring configuration	1
AC Power Cord/Adapter	1
Lithium-Ion Rechargeable Battery	2
Battery Charging Station	1
Carry Case or Roll Stand	1

ECG Monitoring Accessories

Item Description	Quantity
3-Lead/5-Lead ECG Cable	1
12-Lead ECG Cable	1
ECG Printer Paper	1
Pediatric Defibrillation Electrodes	1

Item Description	Quantity
Adult Defibrillation Electrodes	1
QUIK-COMBO Therapy Cable	1

SpO2 Monitoring Accessories

Item Description	Quantity
Reusable SpO2 Patient Cable	1
Adult Adhesive Sensors	1
Pediatric Adhesive Sensors	1

End Tidal CO2 Monitoring Accessories

Item Description	Quantity
ETCO2 FilterLine Sets	1
Adult CapnoLine with Oxygen	1
Pediatric CapnoLine with Oxygen	1

Blood Pressure Monitoring Accessories

Item Description	Quantity
Adult NIBP Cuff	1
Pediatric NIBP Cuff	1
NIBP Hose and Connector	1

Training Equipment and Test Tools

Item Description	Quantity
Patient Simulator/Test Device	1
Reusable Training Electrodes	1
Clinical Training Materials	1

Literature and Educational Materials

Item Description	Quantity
Operating Instructions	1
Service Manual	1
In-Service Training Materials	1
