Amendment 01

Questions & Answers

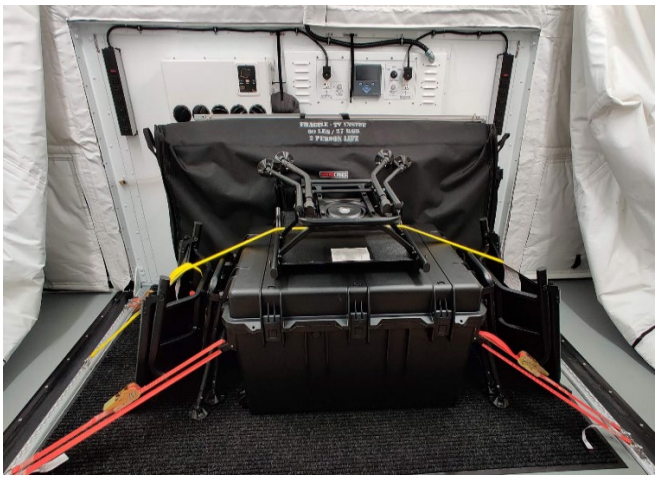
1. **<u>Question</u>**: On your second bullet under **Section 1.1 System Configuration and Mobility** reads**:**

   "The design shall be containerized to protect internal components during transport."

   A.) Are you calling for a separate custom container, unique from the Trailer/Command Center, which will house and protect the trailer/command center for transport? Or or...
   B.) Are you simply stating that the Command Center "shell" which is integrated onto the trailer chassis should be designed to protect the internal contents?

   Solution A calls for two pieces of equipment to be designed, whereas Solution B would call for a single-piece solution.

   <u>Answer</u>: B is the correct option. The sides should be hardened to protect the internal tent. The floors to the tent should fold up to create a protective shell during transportation.



2. **<u>Question</u>**: The first bullet under **Section 3.0 System Configuration and Mobility** reads:

   "*Delivery Date: All units must be delivered no later than 31 July 2026.*"

   Is this date correct?

   <u>Answer</u>: Updated to read:

   "*Delivery Date: All units must be delivered no later than 31 December 2026.*"
