# Census Bureau Transformation Application and Modernization (CenTAM) Virtual Industry Day Announcement:

## 1 Background and Purpose

The USCB recently posted Special Notice ID # YA1323-26-CENTAMSN-0002 including draft solicitation materials to SAM.gov (April 20, 2026). Vendors were strongly encouraged to submit all questions and comments in response to this notice, with final responses/feedback due May 11, 2026. The USCB greatly appreciates the robust participation, feedback, and questions submitted in response to the notice.

In response to the feedback received, the USCB intends to host a Virtual Industry Day. The purpose of this event is to address notable themes from the feedback, clarify the acquisition strategy, refine the technical requirements, and outline the upcoming procurement process to assist vendors in preparing high-quality quotations.

## 4 Important Notes to Industry

- **Attendance**: Attendance at Industry Day is voluntary and is not required to submit a quotation. Participation, or non-participation, will not affect a vendor's eligibility to compete or the government's evaluation of any future quotation.

- **Q&A:** The USCB will **not** conduct a live question-and-answer session or provide vendor-specific guidance during this event. Additionally, the USCB will not be providing a formal response to each individual vendor's question.

- **Post-Event Materials:** The Government anticipates posting the Industry Day presentation materials on SAM.gov after the event. The presentation materials are provided for information purposes only and are not controlling procurement documents.

- **Disclaimer:** This Industry Day is for planning and informational purposes only. It does not constitute a Request for Proposal (RFP) or Request for Quotation (RFQ) and shall not be construed as a commitment by the Government to award a contract. Verbal responses provided during the event are not binding; the final solicitation will remain the official governing document.
