Smithsonian Institution (SI)

National Zoo and Conservation Biology Institute (NZCBI)
Construct Arabian Leopard Facility (ALF)

VOLUME 1:
QUALIFICATIONS STATEMENT PACKAGE (QSP) REQUIREMENTS

Solicitation No.:
33330226RT0010005
Washington DC
OPDC Project No. 2533105

Issue Date: Monday, June 22, 2026
Due Date: Friday, July 17, 2026, 3:00 pm Eastern

Issuing Office
OCon&PPM

Additional information must only be obtained by contacting:
Virginia Chan at ChanVC@si.edu

1. DESCRIPTION OF SERVICES

The selected Contractor shall provide Construction Services through a firm fixed price agreement. Total period of performance is estimated to be from notice to proceed (NTP) in February 2027 to substantial completion in September, 2028. The estimated construction cost is greater than $10,000,000. Critical elements of the work include, but are not limited to site work; utility work; excavation; foundations; dewatering; concrete and steel super-structure; landscape and hardscape; architectural finishes (both interior and exterior); MEP systems; roofing; animal containment fencing and mesh, and; faux rock and faux trees. Additional requirements for performance include: procedures and documentation to ensure compliance with the established LEED building criteria; practices, procedures and documentation related to integrated building commissioning, and; experience with the procedures for the use of Building Information Modeling (BIM).

2. EVALUATION PROCEDURES

A fully completed Qualification Statement Package (QSP) – Factors I, II and III comprises Step 1 of the two-step process for selection of the Prime Contractor. The QSP will be considered as the company's experience, performance and capabilities and will be evaluated to determine if the company is: 1) highly qualified to move on to Step 2, and; 2) subsequently invited to submit the Technical Package, Price Proposal and Subcontracting Plan. The Technical Evaluation Committee (TEC) appointed by the Contracting Officer will evaluate companies submitting qualification statements to ensure that the company's experience and resources are adequate to provide a high level of excellence in the execution of the project. Each TEC member will individually evaluate each Qualification Statement Package. Only those companies demonstrating they satisfy the stated minimum requirements and show a performance history of having the experience and capacity to successfully accomplish the proposed project will be considered highly qualified. If submitting for qualification as a joint-venture, experience as a "team" earns higher rating than experience by individual members only. Companies meeting only the minimum requirements will not receive the higher consideration.

Identify your submission by including the following information on the Qualification Statement Package cover.

Prime Contractor Firm Name:
Solicitation No.: 33330226RT0010005
Location: Washington, DC
Project: NZCBI Construct Arabian Leopard Facility (ALF)
Due Date: July 17, 2026, 3:00 pm Eastern

Statement of Qualifications must be submitted to the Dropbox link below:
https://www.dropbox.com/request/WjDoOyI1YLjWVLZVx4SD

General

Submission and review of QSP is a competitive process. The Smithsonian Institution is interested in selecting the most highly qualified entities utilizing the information provided in Factors I, II and III of the Qualification Statement. Meeting the minimum requirements established in the Qualification Statement will not guarantee selection. Only those entities that provide superior experience, performance and capabilities can achieve "Most Qualified" status and become highly qualified. In Step 1 your QSP and, if deemed highly qualified, later in Step 2 your Technical Package will be evaluated by the Technical Evaluation Committee (TEC).

Include with your submission:

- Minimum requirements as established in the evaluation criteria outlined herein. If you do not meet the minimum requirements, your entity will not be considered qualified.
- Comparable Experience projects identified in the QSP including: size, cost, building type, type of construction, zoo experience, etc. Projects listed must meet all portions of the established criteria to be considered as Comparable Experience. NOTE: Comparable Experience is more desirable than Non-Comparable Experience.
- Current references (name, telephone number and address) for your Comparable Experience projects as listed in your submission. The Smithsonian Institution will verify experience and past performance through the Past Performance Information Retrieval System (PPIRS) reports and references provided. Projects that list contacts who are unavailable or unresponsive at the address or telephone number provided may result in lower consideration by the Smithsonian.
- Information and example projects that best illustrate your company's capability, experience and performance to construct the referenced project. Photographs of comparable projects are desirable but not required.

The Step-by-Step Process for Review of OSP

1. The TEC will evaluate Parts I, II and III of the QSP to determine if Offerors are highly qualified.
2. Offerors that are determined to be highly qualified will be invited to participate in Step 2.
3. Invited Offerors' Technical Package will be evaluated next.

4. The Pricing Package will be evaluated following the Technical Package evaluation.
5. The Smithsonian Institution will use information obtained from the QSP, the Technical Package and the Pricing Package in determining best value.
6. The Smithsonian Institution intends to issue to the selected Prime Contractor a firm, fixed price contract for Construction Services for the 100% Final Habitat & Animal Care Building.
7. Final execution of the contract will be subject to approval of funding by the Smithsonian Institution.
8. Offerors not selected will be notified within (45) forty-five working days from the response date of this request.
9. Submit one (1) digital copy of the QSP in PDF format to the Dropbox link provided above.
10. QSPs will not be maintained or returned. Offerors will not be reimbursed for any expense(s) incurred in developing their QSP.

3. COMPLETING THE QUALIFICATIONS STATEMENT

The information you provide in the Qualification Statement Package (QSP) will be the basis for the evaluation of your company's qualifications. The qualification of Prime Contractors is a highly competitive process. To ensure your QSP is given full consideration, you must do the following:

- Read this package carefully to make sure you understand what is required.
- Complete the entire QSP.
- Provide your information on the attached forms, or in the same format.
- Do not leave any portion of the form blank. Indicate N/A if not applicable.

The Qualification Statement consists of three (3) parts:

- Factor 1 – Contractor's Background
- Factor 2 – Contractor's Experience and Performance
- Factor 3 – Contractor's Capabilities

<u>The QSP should be indexed into sections and tabbed as indicated for each requirement of this package as</u> <u>follows:</u>

Factor 1 – Contractor's Background

- Tab No. 01 – Entity's Background Information
- Tab No. 02 – Judgments, Claims, Lawsuits, Suspension or Debarment
- Tab No. 03 – Certification and Affirmation

Factor 2 – Contractor's Experience and Performance

- Tab No. 04 – Comparable Experience and Performance Project Information
- Tab No. 05 – Non-Comparable (Other) Experience and Performance Project Information

Factor 3 – Contractor's Capabilities

- Tab No. 06 – Organizational Statement
- Tab No. 07 – Safety, EMR (Experience Modification Ratio)
- Tab No. 08 – Backlog
- Tab No. 09 – Audited Financial Statements
- Tab No.10 – Bonding Information
- Tab No.11 – Banking Reference

All questions regarding the QSP should be directed to the individual(s) indicated on the cover page of this Qualification Statement Package. Please do <u>NOT</u> contact anyone else in the Smithsonian Institution regarding this effort since they are not likely to be familiar with the criteria, evaluation, and selection of Prime Contractors.

A debriefing is an opportunity for you to understand how the Smithsonian Institution assessed the strengths and weaknesses of your submission. Request for a debriefing must be in writing no later than three (3) calendar days after receiving notice of exclusion regarding this solicitation.

4. LIST OF DOCUMENTS, EXHIBITS AND OTHER ATTACHMENTS

The documents listed below are provided for **reference and informational purposes only** as part of this RFQ. These documents are preliminary and are not intended for pricing or bid preparation. Final construction documents will be issued during the Step 2 bidding phase to shortlisted firms only.

Attachment Number	Title	Date
1	Arabian Leopard Facility (ALF) - Preliminary Acoustic Narrative (FOR REF ONLY)	1/22/26
2	Arabian Leopard Facility (ALF) – Geotechnical Engineering Study (FOR REF ONLY)	3/13/26
3	Arabian Leopard Facility (ALF) Phase 1 – Early Site Dwgs w-Addendum 1 (FOR REF ONLY)	5/11/26
4	Arabian Leopard Facility (ALF) Phase 1 – Early Site Dwgs w-Addendum 1 Clarifications (FOR REF ONLY)	5/12/26
5	Arabian Leopard Facility (ALF) Phase 1 – Early Site Specs w-Addendum 1 (FOR REF ONLY)	5/11/26
6	Arabian Leopard Facility (ALF) Phase 1 – Early Site Bid RFI Responses (FOR REF ONLY)	6/11//26
7	Arabian Leopard Facility (ALF) Phase 2 – Habitats & Animal Care Building 65% Design Development Drawings (FOR REF ONLY)	6/15/26
8	Arabian Leopard Facility (ALF) Phase 2 – Habitats & Animal Care Building 65% Design Development Specifications (FOR REF ONLY)	6/15/26

FACTOR 1 – CONTRACTOR'S BACKGROUND

Tab No. 01 – Entity's Background Information:
MINIMUM COMPANY PERFORMANCE REQUIREMENTS

- Ten (10) years of experience as a Prime General Contractor firm.
- Complete understanding of the capabilities and use of Building Information Modeling (BIM).

OFFERORS STATEMENT OF QUALIFICATIONS AND AVAILABILITY TO UNDERTAKE THE PROJECT

- Provide a statement of interest for the Project including a narrative describing the Offeror's unique qualifications as they pertain to this particular Project.
- Provide a statement on the availability and commitment of the offeror, its principal(s) and assigned professionals to undertake the Project.
- Provide a brief description, history, and overall experience of the firm or joint venture team.

A. Company Name: _____

Street Address: _____

City/State/Zip: _____

Main telephone # _____ Fax # _____

B. Identify two (2) contact people within the Offeror's entity:

Name	Title	Phone Number	Email Address

C. Entity making this submittal:

Parent Company ____ Subsidiary ____ Division ____ Branch Office ____ Other (explain) _____

D. Type of Company:

Corporation ____ Partnership ____ Sole Proprietor _____ Joint Venture ____ Other (explain) _____

E. Year Company was established: _____

F. Name, address, and telephone number of parent company (enter N/A if not applicable).

_____

_____

G. All former company names (enter N/A if not applicable).

_____

_____

H. Is your company recognized as a Small Business Enterprise (SBE)?

No _____ Yes _____

I. Of your total subcontracting volume over the last five (5) year, what is the actual average percentage awarded to SBE: _____%?

FACTOR 1 – CONTRACTOR'S BACKGROUND (continued)

J. Joint Venture: If this Qualification Statement is being presented by a Joint Venture, please indicate the participation of each Joint Venture. If not a Joint Venture, indicate Not Applicable (N/A).

NAME OF JOINT VENTURE PARTNER	TYPE OF PARTICIPATION	PERCENTAGE OF FINANCIAL PARTICIPATION	PERCENTAGE OF OPERATIONAL PARTICIPATION

K. Key Personnel: List Officers, Partners and/or Owners

NAME	POSITION OR TITLE IN THE FIRM	YEARS WITH THE FIRM	YEARS OF EXPERIENCE

Tab No. 02 – Judgments, Claims, Lawsuits, Suspension or Debarment:

L. Judgments, Claims, and Lawsuits
Are there any judgments, claims, and/or lawsuits pending or outstanding against or involving your company?
No _____, Yes _____. **If "Yes," on a separate sheet under Tab 2 submit details of all judgments or claims against either parent office or division / branch that will be responsible for the accomplishment of this project.**

M. Is your company under suspension or debarment by any Federal, state or local agency or been terminated on any past projects (Postal or others)?

No ____, Yes _____. If "Yes," submit details on a separate sheet and submit under Tab 3.

FACTOR 1 – CONTRACTOR'S BACKGROUND (continued)

Tab No. 03 – Certification and Affirmation:

N. Statement

I _____, hereby certify that I am the authorized representative of the company submitting this Qualification Statement Package, and that the following statements are true to the best of my knowledge, information, and belief:

I affirm that neither the company, nor any officer, controlling shareholder, partner, or principal, nor any other person substantially involved in the contracting activities of the entity has in the past five (5) years:

a. Been convicted under state or Federal statutes of a criminal offense incident to obtaining or attempting to obtain or performing a public or private contract.

b. Been convicted under state or Federal statutes of fraud, embezzlement, theft, forgery, falsification or destruction of records, or receiving stolen property.

c. Been found civil liable under state or Federal antitrust or other statutes for acts or omissions in connection with submission of bids or proposals for or performance of a public or private contract.

d. Been criminally convicted of any violation of a state or Federal antitrust statute.

e. Been convicted under the provisions of Title 18 of the United States Code for violation of the Racketeer Influence and Corrupt Organization Act, 18 USC, Section 1961 et seq. or the Mail Fraud Act, 18 USC, Section 1341 et seq., for acts arising out of the submission of Bids or Proposals for a public or private contract.

f. Been criminally convicted of conspiracy to commit any act or omission that would constitute grounds for conviction or liability under any statute described in paragraphs (10), (2), (4), or (5) above; or

g. Admitted in writing or under oath, during the course of an official investigation, or other proceeding, acts or omissions that would constitute grounds for conviction of liability under any statute described above.

h. I certify that I have read and understand the instructions for completing the Qualification Statement Package and if I am unable to make the above Affirmation, I will provide an explanation as to why not on a separate sheet and submit under Tab 3.

_____ _____

Name (Printed) Date

_____

Signature Title

_____

Entity Name

FACTOR 2 – CONTRACTOR'S EXPERIENCE AND PERFORMANCE

Include with your submission:

- Minimum requirements as established in the evaluation criteria outlined herein. If you do not meet the minimum requirements, your entity will not be considered qualified.
- Comparable Experience projects shall include: size, cost, building type, type of construction, zoo experience, etc. Projects listed must meet all portions of the established criteria to be considered as Comparable Experience. NOTE: Comparable Experience is more desirable than Non-Comparable Experience.
- Current references (name, telephone number and address) for your Comparable Experience projects as listed in your submission. The Smithsonian Institution will verify experience and past performance through the Past Performance Information Retrieval System (PPIRS) reports and references provided. Projects that provide contacts for references who are unavailable or unresponsive at the listed address or telephone number may receive a neutral past performance rating, as evaluation are based on the information available.
- Information and example projects that best illustrate your company's capability, experience and performance to construct the referenced project. Photographs of comparable projects are desirable but not required.
- Provide your information on the attached forms, or in the same format.
- Do not leave any portion of the form blank. Indicate N/A if not applicable.

A. COMPARABLE EXPERIENCE AND PERFORMANCE

Provide Comparable project information for projects completed during the past ten (10) years that best demonstrate your experience with the criteria outlined below. Include a minimum of two (2) and a maximum of five (5) completed Comparable projects within the past ten (10) years; at least one of which must be new construction. For projects to be considered Comparable the minimum construction cost amount is $15,000,000 and the minimum square footage is 10,000 square feet. In addition, greater value will be placed on projects as described below in the order of importance:

1. Projects in tightly constrained sites where construction logistics were adapted to meet operational requirements for nearby animals ensuring construction activities did not adversely affect animal health or stress levels.
2. Projects that demonstrated specialized knowledge of animal facilities (e.g., zoo exhibits and animal shelters) particularly a familiarity with functional requirements such as proper ventilation and climate-controlled spaces to support animal welfare; sound attenuation; animal containment and transfer chutes, and; easy-to-clean, non-porous materials.
3. Projects where construction noise and vibration were actively managed due to the sensitivity of nearby collections. Provide examples demonstrating how the contractor paused work to meet with core stakeholders, reassessed conditions, and adjusted construction activities to proceed without compromising collection safety. Projects located at culturally sensitive and high-profile public facilities—often within active campus environments—where construction logistics and material handling required careful mitigation to protect ongoing operations and preserve the visitor experience. This includes proactive planning for seasonal fluctuations in visitor volume and the operational adjustments they necessitate.
4. Projects that included collaboration with the Architect / Engineer (A/E) team, Animal Care team and a 3rd Party Cost Estimator during review of Architect's Supplemental Instructions (ASIs) for constructability and cost.
5. Projects completed on time, within budget, and with high quality outcome verified by project references.
6. Projects that demonstrate ability to manage construction sequencing to reduce the initially planned construction schedule.

NOTE: Projects constructed for the direct use or occupancy of the company(s) submitting the Statement will not be considered as a Comparable project.

In Tab No. 04 provide requested project information using the "**COMPARABLE EXPERIENCE PROJECT INFORMATION**" form provided on the next page. No more than 5 projects will be considered, and references will be contacted.

Comparable Experience and Performance Project Information

Firm's office or branch that managed this project_____

Project Name: _____

City _____

State _____

Zip _____

Type of construction: New _____Renovation_____Expansion _____

Project Description (provide on attached sheet with color photographs)

B. NON-COMPARABLE EXPERIENCE AND PERFORMANCE

Provide Non-Comparable project information for projects completed or in progress during the past ten (10) years that best demonstrate your experience with the criteria outlined below. Include a minimum of two (2) and a maximum of Five (5) completed or ongoing Non-Comparable projects within the past ten (10) years; one of which must be new construction. For projects to be considered Non-Comparable the construction cost amount is under $15,000,000 and the square footage is under 10,000 square feet. In addition, greater value will be placed on projects as described below in the order of importance:

1. Projects in tightly constrained sites where construction logistics were adapted to meet operational requirements for nearby animals ensuring construction activities did not adversely affect animal health or stress levels.
2. Projects that demonstrated specialized knowledge of animal facilities (e.g., zoo exhibits and animal shelters) particularly a familiarity with functional requirements such as proper ventilation and climate-controlled spaces to support animal welfare; sound attenuation; animal containment and transfer chutes, and; easy-to-clean, non-porous materials.
3. Projects where construction noise and vibration were actively managed due to the sensitivity of nearby collections. Provide examples demonstrating how the contractor paused work to meet with core stakeholders, reassessed conditions, and adjusted construction activities to proceed without compromising collection safety. Projects located at culturally sensitive and high-profile public facilities—often within active campus environments—where construction logistics and material handling required careful mitigation to protect ongoing operations and preserve the visitor experience. This includes proactive planning for seasonal fluctuations in visitor volume and the operational adjustments they necessitate.
4. Projects that included collaboration with the Architect / Engineer (A/E) team, Animal Care team and a 3rd Party Cost Estimator during review of Architect's Supplemental Instructions (ASIs) for constructability and cost.
5. Projects completed, within budget, and with high quality outcome verified by project references.
6. Projects that demonstrate ability to manage construction sequencing to reduce the initially planned construction schedule.

In Tab No. 05 provide requested project information using the "**NON-COMPARABLE EXPERIENCE PROJECT INFORMATION"** form provided on the next page. No more than 5 projects will be considered, and references will be contacted.

Non-Comparable (Other) Experience and Performance Project Information

Firm's office or branch that managed this project_____

Project Description (provide on attached sheet with color photographs)

FACTOR 3 – CONTRACTOR'S CAPABILITIES

Tab No. 06 – Organizational Statement
Attach a statement describing:

- Your company, with an organization chart. The statement and organization chart must clearly identify specific organizational elements and/or member companies that will be participating in the project.
- Location of units.
- Reporting relationships and functions to be performed by each unit.
- Successful past working relationships.
- Key executive who will have overall responsibility.
- Key management personnel to be assigned to the project.
- Professional staffing levels.
- Describe expertise, capability, structure, and resources to adequately handle building construction.
- Describe your company resources that would be available for the project.
- Provide an employment profile for the construction company showing: total employees, total permanent employees, and total professionals in each major category.

Tab No. 07 – Safety, EMR (Experience Modification Ratio)
Information shall be furnished on your insurance carrier's letterhead. Provide your firm's Experience Modification Ratio (EMR) _____. *If your EMR is above 1.0, provide a written explanation and plan of action to mitigate future risks.*

If your firm is a joint venture and has no prior safety record, then the EMR of the majority partner shall be provided with a statement on the % of partnership. If a joint venture has equal partnership (50%-50%) submit EMRs for both partners.

Offerors with lower EMRs will be rated higher.

Tab No. 08 - Backlog (Pass/Fail):
Submit the information using the format shown below.

Provide a statement of total company backlog, currently and for the past two years. Include only those contracts for which the company has responsibilities and liabilities. Exclude construction management only contracts.

		A	B	Col A minus Col B
	No. of Active Contracts	Total Original Value of Active Contracts	Total Value Completed for Active Contracts	Balance to Complete ($) i.e., Backlog
Currently				
One Year Ago				
Two Years Ago				

Inclusion of audited and/or interim financial statement, total bonding capability and written bank reference constitutes your firms financial capability and will allow the TEC to determine if your company possesses sufficient resources to successfully complete this project.

Provide your Unique Entity ID (UEI #): _____

Tab 09 – Audited Financial Statements (Pass/Fail):
Provide your most recent financial statements including the Balance Sheet, Statement of Income, Statement of Cash Flows, and notes to the financial statements. These statements must be AUDITED by an independent, licensed CPA or CPA firm for the offeror's previous two (2) fiscal years. Financial statements must be for the company making the submittal, not the parent company, unless a guarantee of the subsidiary's obligations is provided.

Failure to submit audited financial statements may result in the disqualification of your submittal because a determination of financial responsibility CANNOT be made without this information. In addition, if the firm's last fiscal year-end precedes the date of this submittal by more than six (6) months, complete the following "Prime Contractor's Interim Financial Data" form for the company's most recent completed quarterly fiscal period. If the entity's most recent fiscal year-end fell within the last six months; completion of this form is not required.

Prime Contractor's Interim Financial Data
For the _____month period ending _____, _____

Tab 10 – Bonding Information (Pass/Fail):
Attach a letter from one or more bonding companies giving your bonding capacity with them and the amount of bonding outstanding and stating how long they have been providing bonds to our company. Minimum bonding capacity per project $100,000,000.00 required.

Tab 11 - Banking Reference (Pass/Fail):
Attach a letter from a bank stating the following:

- How long has the entity been with the bank
- Average balance (in general terms).
- Extent of credit available and terms of availability.
- The bank's rating of the Contractor as a customer.
- Name and telephone number and/or email address of person(s) at bank who can be contacted by SI evaluators.
