Questions and Answers (N0018926QL235)

Q1: Could you please let us know how many trucks you anticipate will be needed for this project?

A1: The government can not provide this information as this is the responsibility of the vendor. An option site visit was coordinated in accordance with amendment 0002.

Q2: Would it be possible to provide an aerial view or site layout showing the location of the macro artifacts on the outdoor storage pad in relation to the building where they will be relocated?

A2: The Government does not intend to provide photographs at this time.

Q3: If we determine that a site visit would be beneficial, how far in advance would you need us to coordinate that visit?

A3: Please see amendment 0002 for Site Visit Instructions.
