1. The Schedule of Items (Attachment 1) identifies **1,040 hours** for the **Registered Nurse** CLIN for the period **August 1, 2026, through July 31, 2027**. Should offerors use the **1,040 hours specified in the Schedule of Items** when preparing pricing? Additionally, should the remaining labor categories (e.g., Center Mental Health Consultant and Drug/Alcohol Abuse Specialist) also be priced using **1,040 hours**, or should offerors calculate and propose their own estimated hours for those labor categories?

   The schedule of Items states Registered Nurse – CLIN 0001, there are no other positions to send in pricing for. The PWS/Labor Categories are for reference only.
