Project
White Pine Toilet Vault Cleaning

General Information

1.0 Scope of Work
The intent of this project is to furnish all labor, materials, services and equipment to remove all household garbage, carpeting and other objects from the vault toilet at the White Pine Picnic Area on the Laurentian Ranger District.

2.0 Background
Household garbage, carpet scraps and other items were illegally dumped in the vault under the toilet building at the White Pine Picnic Area.

White Pine Picnic Area is located 28 miles north of Two Harbors or 18 miles south on Highway 2 from the junction of Highways 1 and 2 in Lake County, MN. 47°25'13.4" N 91°38'43.2"W (47.420401, -91.645321).

Contractor Requirements

3.0 Technical Requirements / Tasks
The contractor shall perform all services necessary to remove all garbage bags, household trash, carpet scraps and other objects from the vault toilet. The contractor is responsible for the legal disposal of all removed items.

In accordance with the terms and conditions of the Contract, the Contractor shall perform the work for the USDA-Forest Service (FS) as described in those documents.

4.0 Government Furnished
The Government will not furnish any equipment, materials or supplies for this project.

5.0 Deliverables / Schedule

- Contractor shall complete all work by August 15, 2026.
- Work shall be completed in a single phase of construction unless approved by CO. The Contractor shall submit project schedules to the government for consideration and approval prior to receiving a notice to proceed.
- The Contractor shall perform all work between the hours of 6:00 AM and 6:00 PM Monday thru Friday. No work shall be performed on Federal Holidays or Weekends without prior written approval from the CO.

6.0 Travel
Travel expenses to the project site and during construction shall be included in the mobilization/demobilization costs for the project.

7.0 Contractor's Key Personnel
The Contractor shall assign workers who are experienced in vault toilet cleaning and septic disposal to complete the described project.
.

8.0 Security Requirements
This project does not have any specific security requirements.

9.0 Data Rights
None.

10.0 Section 508 – Electronic and Information Technology Standards
Supply of Information technology is not part of this contract, so Section 508 requirements are not required for information technology. Section 508 requirements for all project communication and documents shall be followed.
