# SOURCES SOUGHT

***The Government is conducting market research and attaining information*** to identify contractors that are capable of providing the service listed below. This is not a solicitation; a formal quote is not being requested at this time. The purpose of this sources sought is to query the market for potential interested, capable, responsible, and qualified business that can provide/perform the stated requirement. The government is interested in collecting market data/information in accordance with Federal Acquisition Regulation (FAR) Part 10.

**SCOPE:**
The contractor shall provide all personnel, equipment, supplies, transportation, tools, materials, supervision, and non-personal services necessary to assemble, and install government furnished equipment items (Christie brand projectors). The goal of this service acquisition is to bring the AV equipment and Information Technology systems into 100 percent operational state.

The installation should utilize the current cable and mounts already in place, as no additional cable runs should be required. Subsequent programming will be necessary to ensure the new Christie projectors communicate and function correctly with the current system. This request would also include the ability for vendors to work nights/weekends to complete installation of media equipment. Specifically, the replacement of approximately 100 projectors within identified classrooms. Vendors will uninstall the old projectors and move them to the IT warehouse.

Vendors will un-box, install, mount, align and test the new projectors to ensure proper viewing, functionality, and integration into the system. Existing code is on hand, but new code may need to be written. A Crestron Programmer or equivalent with 5 plus years of experience is required to complete this upgrade (no exceptions).

***All information provided is STRICTLY VOLUNTARY.***

Interested business are requested to submit responses to the questions below, no later than 2:00 P.M. Central Time on 25 August 2026. All correspondence resulting from this sources sought and relevant questions shall be sent to Emily Deck Sanders at emily.deck_sanders@us.af.mil and Kailah Kraus at kailah.kraus@us.af.mil.

Company Name_____

Address_____
