c. Other [X] Refer to each awarded Task Order

4. GOVERNMENT INVOICE ADDRESS: All Invoices from the contractor shall be submitted electronically in accordance with VAAR Clause 852.232-72 Electronic Submission of Payment Requests.

ACKNOWLEDGMENT OF AMENDMENTS: The offeror acknowledges receipt of amendments to the Solicitation numbered and dated as follows:

AMENDMENT NO	DATE

B.2 REQUEST FOR PROPOSAL BACKGROUND AND INSTRUCTIONS

VA entered into a five-year Indefinite Delivery/Indefinite Quantity (IDIQ) contract, 36C10B18D5000, with one five-year optional period, awarded on a sole-source basis to Cerner Government Services, Inc. (now Oracle Health Government Services).
On May 16, 2023, Modification P00002 revised the optional ordering period structure from one five-year period to five individual one-year periods, as follows:

Base Period – May 17, 2018 through May 16, 2023
Optional Ordering Period 1 – May 17, 2023 through May 16, 2024 (exercised)
Optional Ordering Period 2 – May 17, 2024 through May 16, 2025 (exercised)
Optional Ordering Period 3 – May 17, 2025 through May 16, 2026 (exercised)
Optional Ordering Period 4 – May 17, 2026 through May 16, 2027 (exercised)
Optional Ordering Period 5 – May 17, 2027 through May 16, 2028

If awarded, the intent of Modification P00008 is to expand the scope of the EHRM IDIQ by extending the available period of performance through the addition of three (3) optional ordering periods and increasing the contract's total ceiling value to align with the approved VA Electronic Health Record deployment schedule. Due to unanticipated complexities in deploying the EHR system, VA has reached the current contract ceiling sooner than originally planned. Accordingly, the expanded scope is necessary to ensure continued EHRM deployment activities and associated support services until all VA Medical Centers (VAMCs) and associated facilities have fully transitioned to the EHR system. This modification will make no changes to the nature of the work contained in the contract's performance work statement. Under the expanded scope, three (3) additional ordering periods will be added as follows:

Optional Ordering Period 6 – May 17, 2028 through May 16, 2029
Optional Ordering Period 7 – May 17, 2029 through May 16, 2030
Optional Ordering Period 8 – May 17, 2030 through May 16, 2031

The contractor shall provide a price volume that is in accordance with section B.4 Price Schedule, below, and provides sufficient detail to support the proposed pricing for the complete execution of the EHRM deployment schedule through 2031, which includes the addition of three (3) additional optional ordering periods. In addition, the contractor shall provide a revised small business subcontracting plan that accounts for the addition of the ceiling increase and three (3) proposed new optional ordering periods.

B.3 SUBCONTRACTING PLAN – MONITORING AND COMPLIANCE (JUN 2011)

This solicitation includes FAR 52.219-9, Small Business Subcontracting Plan, and VAAR 852.219-9, VA Small Business Subcontracting Plan Minimum Requirement. Accordingly, any contract resulting from this solicitation will include these clauses. The contractor is advised in performing contract administration functions, the CO may use the services of a support contractor(s) to assist in assessing the contractor's compliance with the plan, including reviewing the contractor's accomplishments in achieving the

subcontracting goals in the plan. To that end, the support contractor(s) may require access to the contractor's business records or other proprietary data to review such business records regarding the contractor's compliance with this requirement. All support contractors conducting this review on behalf of VA will be required to sign an "Information Protection and Non-Disclosure and Disclosure of Conflicts of Interest Agreement" to ensure the contractor's business records or other proprietary data reviewed or obtained in the course of assisting the CO in assessing the contractor for compliance are protected to ensure information or data is not improperly disclosed or other impropriety occurs. Furthermore, if VA determines any services the support contractor(s) will perform in assessing compliance are advisory and assistance services as defined in FAR 2.101, Definitions, the support contractor(s) must also enter into an agreement with the contractor to protect proprietary information as required by FAR 9.505-4, obtaining access to proprietary information, paragraph (b). The contractor is required to cooperate fully and make available any records as may be required to enable the CO to assess the contractor's compliance with the subcontracting plan.

B.4 PRICE SCHEDULE

NOTE: These Contract Line-Item Number (CLIN) amounts in the table below are estimated for programming purposes, only. In execution of the contract, the estimated amounts for an associated CLIN may change, but in no event shall the maximum IDIQ contract ceiling amount, as set forth herein, be exceeded without appropriate contract modification and authority. Similarly, the estimated amounts for the optional ordering periods are for programming purposes, only.

Instructions: Please complete the yellow-highlighted cells within the table below, with the proposed pricing.

NAME OF REQUIREMENT: Electronic Health Record Modernization (EHRM) Indefinite-Delivery/Indefinite-Quantity (IDIQ) Contract 36C10B18D5000 Modification P00008- Extension of Optional Ordering Period and Ceiling Increase

Contract Type: Firm-Fixed-Price

Period of Performance: IDIQ Contract 36C10B18D5000 consists of a five-year base period and five one-year optional ordering periods (Optional Ordering Periods 1–5). Modification P00008 extends the contract by adding three additional one-year optional ordering periods (Optional Ordering Periods 6–8).

Options: The Optional Ordering periods may be exercised at any time in accordance with Federal Acquisition Regulation (FAR) 52.217-9, Option to Extend the Term of the Contract.

The Total EHRM Program Ordering Period is 13 years commencing on date of award, consisting of a 5-year Base Ordering Period, and eight (8) one (1)-year Optional Ordering Periods. The Optional Ordering period may be exercised at any time in accordance with FAR 52.217-9.
