Statement of Work: Utility Terrain Vehicle (UTV) Procurement

Prepared By: Trent Martinez, Supervisory Facility Management Systems Specialist

NATIONAL PARK SERVICE

Tule Springs Fossil Beds National Monument

A04 STATEMENT OF WORK (SOW)
Utility Terrain Vehicle (UTV) Procurement
Tule Springs Fossil Beds National Monument

1.0 Background

Tule Springs Fossil Beds National Monument requires the procurement of one (1) Utility Terrain Vehicle (UTV) and one (1) transport trailer to support maintenance, search and rescue, scientific, and resource management operations.

The Monument encompasses over 26,000 acres, including areas inaccessible to standard ½-ton and ¾-ton four-wheel drive trucks. The UTV will provide access to narrow trails and rough terrain, while the trailer will allow transport of the UTV to remote work locations without excessive wear or safety risks.

2.0 Scope of Work

The Contractor shall provide all labor, materials, equipment, and transportation necessary to furnish and deliver one (1) fully operational Utility Terrain Vehicle (UTV) in accordance with the specifications outlined herein.

3.0 Requirements

3.1 Equipment

3.1.1 **Brand Name or Equal Requirement**

The Government intends to procure a **Polaris Pro XD Full Size Crew Cab Diesel UTV** as the basis of design. Offers for "equal" products will be considered for award, provided the submitted product meets or exceeds all salient characteristics specified below.

Offerors proposing an "equal" product shall clearly identify the make and model and provide sufficient technical documentation to demonstrate compliance with all listed salient characteristics.

3.1.2 **General Configuration**

3.1.2.1 Full-size utility terrain vehicle (UTV)
3.1.2.2 Crew cab configuration with minimum seating capacity of four (4) persons
3.1.2.3 Diesel-powered engine suitable for extended-duty and low-speed operation
3.1.2.4 Designed for commercial or industrial use in off-road and desert environments

3.1.3 **Salient Characteristics – Engine & Drivetrain**

3.1.3.1 Diesel-powered engine
3.1.3.2 Three (3) cylinders

3.1.3.3 Minimum engine displacement: approximately 898 cc
3.1.3.4 Minimum horsepower: 23 HP
3.1.3.5 Mechanical fuel injection system
3.1.3.6 Liquid-cooled engine system
3.1.3.7 On-demand four-wheel drive (4x4) system
3.1.3.8 Automatic transmission (continuously variable transmission or equivalent)
3.1.3.9 Shaft-driven final drive

3.1.4 **Salient Characteristics – Performance**

3.1.4.1 Minimum top speed: approximately 25 mph (adjustable)
3.1.4.2 Minimum towing capacity: 2,500 lbs
3.1.4.3 Minimum payload capacity: 1,900 lbs

3.1.5 **Salient Characteristics – Dimensions & Capacity**

3.1.5.1 Minimum seating capacity: four (4) persons
3.1.5.2 Ground clearance: approximately 11 inches
3.1.5.3 Fuel capacity: minimum 11 gallons

3.1.6 **Salient Characteristics – Functional Requirements**

3.1.6.1 Suitable for off-road and desert terrain operations
3.1.6.2 Heavy-duty suspension system (approximately 9-inch travel front and rear)
3.1.6.3 Electronic power steering
3.1.6.4 Designed for durability in high-temperature and dusty environments

3.2 Required Accessories / Options

3.2.1 Roof with beacon light
3.2.2 Poly windshield
3.2.3 Poly rear panel
3.2.4 Rearview mirror
3.2.5 Side mirrors (ROPS-mounted)
3.2.6 Air filter gauge
3.2.7 Fire extinguisher mount and holder
3.2.8 Front winch (minimum 6,000 lb capacity)
3.2.9 Upfitted lift cargo box
3.2.10 Tool/implement holders

3.3 Delivery Requirements

3.3.1 Deliver the UTV **FOB destination** to the following address:
101 Katzenbach Dr., Boulder City, NV 89002

3.3.2 Provide all freight, handling, and preparation
3.3.3 Deliver the unit fully assembled, tested, and ready for operation
3.3.4 Coordinate delivery with Government point of contact

4.0 Period of Performance

4.1 The period of performance is 90 days from the date of the award.

5.0 Inspection and Acceptance

5.1 The Government will inspect the equipment upon delivery.
5.2 Acceptance will be based on:
5.2.1 Verification that all required specifications and accessories are present
5.2.2 Confirmation of proper operation
5.2.3 Receipt of all required documentation
5.3 The Government reserves the right to reject nonconforming equipment.

6.0 Deliverables

6.1 One (1) fully operational UTV
6.2 All specified accessories installed
6.3 Manufacturer’s warranty documentation
6.4 Operator manuals
6.5 Invoice
