Questions and Answers

1. In work items where GFE is provided, the Spec states that the KTR is required to "renew" parts provided as Government-furnished property.

   For Example, WI 27 Rudder Assemblies, paragraph 3.5.2 states that the Contractor shall "renew parts provided as Government-furnished property."

   Please confirm the intent of this requirement. Does "renew" only require the Contractor to remove the existing vessel components and install the new Government-furnished replacement parts, or is the Contractor also required to procure replacement items to replenish/replace the Government-furnished stock after installation.

   Answer: The Contractor is not required to procure replacement items to replenish/replace the government-furnished stock after installation.
