Questions and Responses- MARMC Technical and Professional Services- N5005426R0006 Amendment 1

1) Will the Government provide the incumbent name and contract number?

Government Response: The current contract is performed by Eagle Harbor LLC under contract number N50054-21-C-0003.

2) In reference to Section L, Paragraph 3.2 (Volume II Past Performance) and Section M, Paragraph 4.0, Factor 2, which define "recent" past performance as efforts performed within the last three (3) calendar years from the solicitation release date. Would the Government consider extending the past performance recency period from three (3) years to six (6) years?

Government Response: The past performance recency period will not be changed.

3) Section L of the SF-33 instructs offerors to submit questions through the SeaPort portal. However, since the SeaPort portal is no longer operational, could you please confirm the appropriate method for submitting questions? Should all solicitation questions be submitted directly to you as the Procuring Contracting Officer (PCO), or is there an alternate process we should follow?

Government Response: This will be updated via solicitation amendment 0001. Please see L-215-H006 for updated instructions regarding question submission.
