52.211-17 Delivery of Excess Quantities

The Contractor is responsible for the delivery of each item quantity within allowable variations, if any. If the Contractor delivers and the Government receives quantities of any item in excess of the quantity called for (after considering any allowable variation in quantity), such excess quantities will be treated as being delivered for the convenience of the Contractor. The Government may retain such excess quantities up to $250 in value without compensating the Contractor therefore, and the Contractor waives all right, title, or interests therein. Quantities in excess of $250 will, at the option of the Government, either be returned at the Contractor's expense or retained and paid for by the Government at the contract unit price.

52.212-2 Evaluation - Commercial Products and Commercial Services

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

i. Technical capability of the item offered meets the Government requirement
ii. Price
iii. Delivery
iv. Supplier Performance Risk System (SPRS) and Federal Awardee Performance. The relative order of importance of the evaluation factors are in descending order of importance. Technical capability and price when combined are evaluated as being substantially more significant than all other factors combined.

(b) Options. The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [___] Are, [___] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [___] Have, [___] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) [___] Are, [___] are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) [___] Have, [___] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2)for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek

tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products (Executive Order 13126)*. [___] (1) Maintenance, calibration, or repair of certain equipment as described in FAR 22.1003-4(c)(1). The offeror (___) does (___) does not certify that—

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

The Government must exercise its post-acceptance rights-

(1) Pay Official DoDAAC. This DoDAAC will be pre-populated in WAWF from the Electronic Data Access (EDA) system if the contract number exists in the EDA system.

(2) Service Acceptor and LPO DoDAAC. These DoDAACs ensure the invoice is routed to the correct Command for payment.

(f) Final invoice. The contractor/vendor shall identify if the invoice is a final invoice. Do not mark "Y" for "Yes" if additional invoices will be submitted for the contract.

(g) Period of Performance (POP). The contractor/vendor shall enter the "Period of Performance From Date" and "Period of Performance To Date" information in WAWF for the date range the services were completed. These dates shall not fall outside of the POP specified in the terms of the contract.

(1) The contractor/vendor may specify a date range for multiple billed Line Items containing unique POPs in this field. Example: The POP for Line Item 0001 is 10/01/20-10/31/20, and the POP for Line Item 0002 is 11/01/20-11/30/20. The contractor/vendor would enter a POP of 10/01/20-11/30/20 in this field. The specific Line Item POP information would then be entered into the "Description" field.

(h) Line Item data. The contractor/vendor shall ensure the Line Item data is entered in accordance with the terms of the contract.

(1) Agency Accounting Identifier (AAI). The contractor/vendor shall ensure the "AAI" field in WAWF matches the Line of Accounting information in the "Accounting and Appropriation" section of the contract (i.e., 056521 or 068732). This information ensures the transactions are properly routed through the official financial system.

(2) Contract Line Item Number/Subline Item Number (CLIN/SLIN). The contractor/vendor shall ensure the "Item No." in WAWF matches the "Item No." in the contract for each billed CLIN/SLIN.

(3) Standard Document Number (SDN). The contractor/vendor shall ensure the "SDN" in WAWF matches the Military Standard Requisitioning and Issue Procedures (MILSTRIP) number in the contract for each billed CLIN/SLIN.

(4) Accounting Classification Reference No. (ACRN). The contractor/vendor shall ensure the "ACRN" in WAWF matches the "ACRN" in the contract for each billed CLIN/SLIN. The ACRN amounts in WAWF should balance the Line Item total in WAWF.

(5) Quantity Shipped. The contractor/vendor shall ensure the "Qty. Shipped" in WAWF matches the quantity for each CLIN/SLIN invoiced.

(6) Unit of Measure. The contractor/vendor shall ensure the "Unit of Measure" in WAWF matches the "Unit" terms in the contract for each billed CLIN/SLIN.
    a. Partial payment terminology must be included in the terms of the contract if billing outside of the "Unit of Measure". The inclusion of the payment clause in the contract allows the contractor to be paid for accepted partial deliveries of supplies or partial performance of services that comply with all applicable contract requirements. Example: The contract states the CLIN/SLIN is for "1 Job". Partial payment terminology is needed for the vendor to submit multiple invoices instead of submitting one invoice at the completion of the work.
(7) Unit Price. The contractor/vendor shall ensure the "Unit Price" in WAWF matches the "Unit Price" terms in the contract for each billed CLIN/SLIN.
(8) Unique Identifier (UID). The contractor /vendor shall ensure the UID information is entered in accordance with the terms of the contract if applicable.
(9) Description. The contractor/vendor shall provide a complete description for the material or services for each billed CLIN/SLIN (i.e., Rental for 09/01/21 through 09/30/21 for Dry Dock X).

(i) Freight. The contractor/vendor shall submit freight charges as CLIN 9999 in WAWF.

(1) Should freight charges exceed the documented amount within the contract, the contractor/vendor shall contact the Contract Administrator to request a modification prior to submitting the invoice in WAWF.
(2) Contractors/vendors will support the prepaid transportation freight charges with a copy of the carrier's receipted freight bill or evidence of receipt from the carrier if greater than $100.00.
(3) If a receipted freight bill is not available, then the contractor/vendor can provide other support for the claim for reimbursement of freight charges. The contractor/vendor must furnish a copy of the transportation company's pickup record or a copy of the contractor's/vendor's internal business document showing the contractor/vendor turned the material over to a particular shipper. The contractor/vendor then must support either of these documents with a copy of the transportation company's invoice and a statement that the charges have been paid.

(j) WAWF attachments. The contractor/vendor shall attach the proof of shipment documentation in WAWF if applicable. This documentation will assist with "receipting" the material by the NNSY Receiving Department if needed.
    (1) All material should be shipped to NNSY Building 276 unless otherwise stated in the contract.
    (2) Provide a legible contract number or lead JML number on the outside of all shipped boxes and packing slips to ensure the NNSY Receiving Department is able to receipt the material properly.

(k) Contractor/Vendor Point of Contact (POC). The contractor/vendor shall provide the title and telephone number of the person to notify in the event the invoice is deemed improper.

(l) Invoice acceptance and certification. The contractor/vendor may check WAWF within 3-5 business day of notification of invoice certification for the scheduled electronic payment date.

(m) Invoice rejection. The contractor/vendor shall review the comments section in WAWF for the rejection justification. Ensure the invoice is resubmitted with a different letter at the end of the invoice (i.e., A, B, C, etc.) once corrections have been made.

(n) WAWF and NNSY Accounts Payable Branch POCs.
(1) The contractor/vendor may contact the WAWF Help Desk at 866-618-5988 for assistance with submitting the invoice(s) into WAWF.
(2) The contractor/vendor may contact the NNSY Accounts Payable Branch at NNSY_Vendor_Pay@navy.mil or (757) 396-2636 for invoice questions or for invoice status if the invoice has not been certified for payment within 30 days of submission. The contractor/vendor shall provide the contract number and invoice number in the Subject line of the email correspondence.

5452.233-9001 - DISPUTES – AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION (DEC 2016)

(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.

(b) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and legal counsel. Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here [ ]. Alternate wording may be negotiated with the contracting officer.

DLA PROCUREMENT NOTES

C01 Superseded Part Numbered Items (FEB 2025)

When the award identifies supplies by manufacturer's name, Commercial and Government Entity (CAGE) code, and part number, the specified item(s) are the only item(s) acceptable under this contract. If an item part number is superseded during the term of this contract, the contractor shall advise the contracting officer immediately upon determination. The notice shall include complete information on the superseding item form, fit, function, configuration, application, or physical nature. The contracting officer will determine whether the item is acceptable to the Government, advise the contractor within seven days, and modify the contract accordingly.
*****

C02 Manufacturing Phase-Out or Discontinuation of Production, Diminishing Sources, and Obsolete Materials or Components (DEC 2016)

The contractor shall notify the contracting officer immediately upon determining the unavailability of obsolete materials or components. The contractor may recommend a solution to include the impact on the contract price and delivery. The contractor shall not initiate any item redesign or incur any additional costs without the express, written authorization of the contracting officer.
In the event that manufacturing phase-out or discontinuance of production of such items is contemplated, the contractor is required to notify the contracting officer and publish the discontinuance in the Government-Industry Data Exchange Program (GIDEP), where feasible; and to provide immediate advance notice of production phase-out to DLA DMSMS at dscc.dmsms@dla.mil.

C03 Contractor Retention of Supply Chain Traceability Documentation (JUN 2023)

(1)By submitting a quotation or offer, the contractor is confirming it currently has, or will obtain before delivery, and shall retain supply chain traceability documentation, as described in paragraph (2) of this procurement note, demonstrating the item conforms to the technical requirements, and, for part numbered items, is from an approved manufacturer.
(2)Supply Chain Traceability Documentation
(i)Supply chain traceability documentation shall include basic item description; part number; drawing or specification; national stock number; manufacturing source; manufacturing source's Commercial and Government Entity (CAGE) code; and clear identification of the name and location of all supply chain intermediaries between the manufacturer to the contractor to Government acceptance.

Such records shall include, without limitation, test reports, test data, material certification, and manufacturing process sheets, in addition to any other information identified in the technical specifications applicable to the item.
(3)The contractor shall make supply chain traceability documentation available to the contracting officer within three business days upon the contracting officer's request. The contracting officer determines the acceptability and sufficiency of documentation. The contractor shall retain supply

chain traceability documentation for ten years after final payment under this contract for audit and other valid government purposes. If the contractor fails to retain or provide the documentation, or the contracting officer finds the documentation to be unacceptable, the contracting officer may take corrective action, including, but not limited to, cancellation of undelivered orders or rejection of delivered supplies.

L06 Agency Protests (DEC 2016)
Interested parties may file an agency level protest with the contracting officer or may request an independent review by the chief of the contracting office (CCO). Independent review by the CCO is an alternative to consideration by the contracting officer and is not available as an appellate review of a contracting officer decision on a protest previously filed with the contracting officer. Absent a clear indication of the intent to file an agency level protest with the CCO for independent review, protests will be presumed to be protests to the contracting officer.

L08 Use of Supplier Performance Risk System (SPRS) in Past Performance Evaluations (JUN 2020)
(1) The Government will use the Supplier Performance Risk System (SPRS) (https://www.sprs.csd.disa.mil/) (formerly Past Performance Information Retrieval System – Statistical Reporting (PPIRS-SR)) and may use other performance history to evaluate suppliers past performance.
(2) SPRS collects quality and delivery data on previously awarded contracts and orders from existing Department of Defense reporting systems to classify each supplier's performance history by Federal supply class (FSC) and product or service code (PSC). The SPRS application provides

the contracting officer quantifiable past performance information regarding a supplier's quality and delivery performance for the FSC and PSC of the supplies the Government is purchasing.
(3) The contracting officer will use the quality and delivery classifications identified for a supplier in SPRS to evaluate a supplier's past performance in conjunction with the supplier's references (if requested). The Government will use this past performance information in accordance with the basis for award stated in the solicitation.
(4) SPRS generates classifications daily for each contractor. The SPRS Software User's Guide for Awardees/Contractors (https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf) and the SPRS Government User Guide (https://www.sprs.csd.disa.mil/pdf/SPRS_Government.pdf) provide instructions for accessing SPRS classifications. Contractors have access to SPRS for their own classifications only. Suppliers are encouraged to review their own classifications; the SPRS reporting procedures and classification methodology detailed in the SPRS Software User's Guide for Awardees/Contractors
(https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf); and the SPRS Evaluation Criteria (https://www.sprs.csd.disa.mil/pdf/SPRS_DataEvaluationCriteria.pdf). The SPRS Software User's Guide for Awardees/Contractors (https://www.sprs.csd.disa.mil/pdf/SPRS_Awardee.pdf) provides the method to challenge a rating generated by SPRS.

L31 Additive Manufacturing (JUN 2018)
(1) Additive manufacturing (AM) is a process of joining materials to make objects from three-dimensional (3D) model data, usually layer upon layer, as opposed to subtractive manufacturing methodologies, which remove material from areas where it is not desired, or other traditional manufacturing technologies, such as molding or stamping.
(2) Unless AM is specifically authorized in the solicitation/contract, quotes/offers may not include parts or supplies made using the additive manufacturing process. The Government will not evaluate offers that include an item or items produced using AM, and such offers are not eligible for award for the current procurement. A quoter/offeror proposing to supply an AM- produced item may submit a request to the contracting officer for approval of the item for evaluation by the Engineering Support Activity (ESA) for acceptability for future procurements of the same items.
(3) If an item produced using AM is presented to the Government for inspection and acceptance that was not authorized in the solicitation/contract, the Government may reject the item as nonconforming.

M05 Evaluation Factor for Unused Former Government Surplus Property (SEP 2016)
(1) All offers for unused former Government surplus property shall have a $200 evaluation factor.
(2) All offers for CSI require evaluation by the ESA(s). An evaluation factor of $600 shall be applied for coordination with each ESA.
(3) If the contracting officer cannot determine acceptability and coordinates with the ESA(s) on other than CSI, an evaluation factor of $600 shall be applied for each ESA.
*****

M06 Evaluation of Offers of Alternate Product for Part Numbered Items (SEP 2016) Offers of alternate product will not be evaluated for the contract action if:
(1) The solicitation is automated;
(2) It does not meet the dollar threshold for savings, after an evaluation factor of $600 is applied for coordination with each ESA; or
(3) When the time proposed for award does not permit evaluation and delay of award would adversely affect the Government.

1. Requests for Base Access

    1.1. Defense Biometric Identification System (DBIDS):

        1.1.1. Any new contractor, vendor or supplier requesting base access AFTER 31 May 2017 will be required to obtain a DBIDS credential. NCACS credentials will no longer be issued.

        1.1.2. Only DBIDS credentials will be issued to ALL contractors, vendors and suppliers seeking base access AFTER 14 August 2017.

        1.1.3. Defense Biometric Identification System (DBIDS) increases installation security and communications by receiving frequent database updates on changes to personnel/credential status, law enforcement warrants, lost/stolen cards, and force protection conditions. The system provides a continuous vetting anytime the DBIDS card is scanned at an installation entry point.

    1.2. NCACS Card Holders

        1.2.1. If you currently have a Navy Commercial Access Control System (NCACS) card, the following is required to get a DBIDS credential:

            1.2.1.1. Present your NCACS Card and a completed copy of the SECNAV FORM 5512/1 to the base Visitor Control Center representative.

1.2.1.2. The VCC will pull up your information in the computer, ensuring all information is current and correct.

1.2.1.3. Once your information is validated, a temporary DBIDS credential is provided.

1.2.1.4. Your temporary credential will have an expiration date, prior to which you will need to obtain your permanent DBIDS credential (~ 90 days).

1.2.1.5. For each additional U.S. Navy installation to which you need access, the first time you visit you only need to bring your DBIDS credential and statement of purpose for base access when arriving at the Visitor Control Center.

1.2.1.6. The representative will enter base access authorization and then you may proceed to work.

1.3. Non-NCACS Card Holders

1.3.1. If you do NOT have an NCACS Card, the following is required to obtain a DBIDS credential:

1.3.1.1. Present a letter or official document from my government sponsoring organization that provides the purpose for your access.

1.3.1.2. Present valid identification, such as a passport or Real ID Act-compliant state driver's license.

1.3.1.3. Present a completed copy of the SECNAV 5512/1 form to obtain your background check.

1.3.1.4. Upon completion of the background check, the Visitor Control Center representative will complete the DBIDS enrollment process, which includes your photo, finger prints, base restrictions, and several other assessments; after all this is done, you will be provided with your new DBIDS credential.

1.3.1.5. You may now proceed to work.

1.4. Non-Participants

1.4.1. One-Day Passes: Participation in the DBIDS is not mandatory, and if the Contractor chooses to not participate, the Contractor's personnel will have to obtain daily passes, be subject to daily mandatory vehicle inspection, and will have limited access to the installation. The Government will not be responsible for any cost or lost time associated with obtaining daily passes or added vehicle inspections incurred by non-participants in the DBIDS.

1.5. FOR ADDITIONAL QUESTIONS ABOUT OBTAINING A DBIDS CARD, CONTACT YOUR LOCAL BASE VISITOR CONTROL CENTER. INFORMATION IS ALSO PROVIDED AT: www.cnic.navy.mil/om/dbids.html

YM1 MN1501 PPIR

(a) The offeror's past performance shall be evaluated in accordance with FAR 13.106-2 or 15.305(a)(2), as applicable. This procurement is subject to Past Performance Information Retrieval System – Statistical Reporting (PPIRS-SR), authorized by the Department of Defense for use by participating activities during the acquisition of supplies and services.

(b) The purpose of the PPIRS-SR is to provide contracting personnel with quantifiable past performance information regarding delivery and quality, as collected from existing DoD reporting systems. PPIRS-SR uses the past performance data collected to classify each supplier's performance by Federal Supply Class(es) or Service Code(s).

(c) Quality: The method used in PPIRS-SR to classify the quality of a supplier's past performance is a comparison of quality records among all suppliers who have provided goods or services to the Federal Government which are categorized in the same Federal Supply Class or Service Class (FSC). Based on the comparison among suppliers in a specific FSC group, suppliers are classified by PPIRS-SR into a color rating that represents the supplier's overall quality performance for that specific Federal Supply Class or Service Class. The following is a summarization of the PPIRS-SR classification colors:

(1) Dark Blue: Top 5% of suppliers in FSC group*

(2) Purple: Next 10% of suppliers in FSC group*

(3) Green: Next 70% of suppliers in FSC group*

(4) Yellow: Next 10% of suppliers in FSC group*

(5) Red: Bottom 5% of suppliers in FSC group*

* If all supplier performance ratings for an entire FSC group are equal, all suppliers in that group will be classified Green.

(d) Delivery: Supplier delivery past performance is classified in PPIRS-SR by the supplier's percentage of on time deliveries. On time deliveries are calculated using the number of line items delivered and a weighting factor which reflects the length of time a delivery was overdue. (e) PPIRS-SR

classifications are established monthly for each supplier and can be reviewed at http://www.ppirs.gov/. Suppliers are granted access to PPIRS-SR for their own classifications. Offerors are encouraged to review their own classifications as well as the PPIRS-SR reporting procedures and methodology detailed in the PPIRS-SR Procedures Manual and the PPIRS-SR User Guide available at http://www.ppirs.gov. The method to challenge a rating is also found on the identified website.

(f) Suppliers with no history in PPIRS-SR will be considered to have a neutral PPIRS-SR rating.
