The request for Quotation (RFQ) number is N66604-26-Q-0308.

This is a combined synopsis and solicitation for commercial items prepared in accordance with the format in FAR Part 12 Acquisition of Commercial Products and Commercial Services, as supplemented with additional information included in this notice. This announcement constitutes the only solicitation; quotations are being requested and a written solicitation will not be issued.

The Naval Undersea Warfare Center Division, Newport (NUWCDIVNPT) requires the procurement of a Black Box Server on a brand name basis, no substitutions allowed. This requirement is being solicited as unrestricted, as concurred with by the NUWCDIVNPT Office of Small Business Programs (OSBP). The North American Industry Classification System (NAICS) Code for this acquisition is 334111. The Small Business Size Standard is 1250 Employees.

Thinkmate is the Original Equipment Manufacturer (OEM) for the existing server architecture utilized in the designated Government space. The detailed system design, work instructions, and manufacturing schematics required to build this specific server configuration are proprietary to the OEM. Consequently, only Thinkmate and its authorized resellers can provide the required hardware to support Government operations. Incorporating hardware from alternative manufacturers would result in unacceptable schedule delays, excessive duplicative costs, and substantial technical risk to the mission.

Contractors shall submit a quote for the following server, no substitutions allowed:
