Hill AFB, UT 84056

**SUBJECT:** Request for Proposal: Reentry Vehicle Integration Support

References:
(a) Solicitation – FA821926RB001
(b) Estimated budget projections
(c) RVIS GFP list provided in Excel

1.The purpose of this memorandum is to formally notify your company of a formal Request for Proposal from AFNWC/NIKS to Lockheed Martin Space Systems Company (LMSSC), CAGE code 79272, for Reentry Vehicle Integration Support engineering services.

2. Attached is a solicitation dated 20 July 2026. In order to meet our schedule, the Government requires a formal proposal to be delivered by 05 October 2026.

3. To facilitate timely award, the Government requests that LMSSC provide estimated hours for each related job code for each CLIN and Option CLIN as soon as available so that the Government may begin our evaluations. The Government requests these hours come before 05 October 2026.

4. The Government requests LMSSC support meetings with the Government to answer fact finding questions related to the hours and job codes, or any other proposal related questions from the time this letter is sent to LMSSC and the time a contract is awarded.

5. To assist LMSSC in building their proposal, the Government has provided our budget estimates for the period of performance. Please remember, these are only estimates and do not

bind the Government to those amounts in any way, nor do they represent binding future promises.

6. The GFP list is provided in Excel for your convenience. It is not 100% complete and may still change as it is being refined by both the Sentinel Program Office and LMSSC Program Office.

7. In your pricing, please include the pricing for the machining of [redacted] flight test vehicle (FTV) due in 2030.

8. Please do not hesitate to reach out by text or phone call, even if it's after hours. [redacted]
